MEMORANDUM

To: City/ County Electrical Inspection Authorities
From: Program Director, State Electrical Board
Subject: Registration of Electrical Inspector

According to §12-23-115(1)(b), C.R.S ... Electrical inspectors performing electrical inspections who are employed by any city, town, county, or any city and county shall possess the same qualifications required of state electrical inspectors under this section, shall be registered with the board prior to the assumption of their duties, shall not inspect any electrical work in which such inspector has any financial or other personal interest, and shall not be engaged, within the jurisdiction employing such inspector, in the electrical business by contracting, supplying material, or performing electrical work as in this article.

This office is in the process of updating our records on electrical inspectors throughout the State. Please have your Electrical Inspector complete the form below and return it to this office as soon as possible.
