### Bulletin No. B-1.2

#### 2007 Bulletin Reference Guide

#### I. Purpose

The purpose of this bulletin is to provide notification to regulated entities of the Division of Insurance's new bulletin numbering system.

Bulletins are the Division's interpretations of existing insurance law or general statements of Division policy. Bulletins themselves establish neither binding norms nor finally determine issues or rights.

#### II. Applicability and Scope

This bulletin is intended for all regulated entities.

#### III. Division Position

As part of its practice of reviewing regulatory communications that are sent from the Colorado Division of Insurance to the entities regulated by the Division, the Division has undertaken a review of all of the bulletins issued by this office over the past years. The goals of this undertaking are to ensure that the information being provided in bulletins is current and to establish a new bulletin numbering system.

Regulated entities should update their files and note the new bulletin numbers.
