NOTICE OF COLORADO SOLAR ENERGY INDUSTRIES ASSOCIATION SPECIFYING ISSUES TO BE ADDRESSED

Pursuant to Decision No. R09-0050-I, dated January 16, 2009, the Colorado Solar Energy Industries Association ("CoSEIA") hereby files this notice specifying the following issues that CoSEIA believes should be addressed in this matter.

1. Utility ownership of solar electric generating systems.
2. The interplay between the role of Public Service Company ("PSCo") in administering the Renewable Energy Standard Program and its compliance plan.
3. Whether and how PSCo will modify its program of SO-REC payments, for both taxable and tax-exempt entities.
4. Whether PSCo will continue to require external disconnect switches under the existing RES regulations.
5. PSCo's plans for acquiring renewable energy from and incentivizing solar electric generation systems, and specifically from medium-sized solar systems.
6. Whether and how PSCo will participate in the Western Region Electricity Generation Information System ("WREGIS").

DATED this 27th day of January, 2009.

Respectfully submitted,
