I. BY THE COMMISSION

A. Statements

1. On September 15, 2022, Atmos Energy Corporation (Atmos or Applicant) filed a verified application to update its Gas Cost Adjustment (GCA) rates. Atmos seeks a Commission order authorizing it, without a formal hearing and on less-than-statutory notice, to place into effect on October 1, 2022 a tariff resulting in an overall increase to its existing natural gas rates on file with the Commission.

2. The proposed tariff is attached to the application and affects the Applicant's customers in its three Colorado GCA zones.

3. Atmos acknowledges that it has read and agrees to abide by the provisions of Rules 4002(b)(IV) through (VI) and Rules 4002(b)(XI)(A) through (C) of the Rules Regulating Gas Utilities and Pipeline Operators, 4 *Code of Colorado Regulations* (CCR) 723-4.

6. Rule 4602(a) provides that Atmos and Public Service Company of Colorado “shall file with the Commission annual GCA applications with an effective date of October 1.”

7. The purpose of the revisions of the Applicant's gas rates is to effectuate increases for all rate areas in Colorado, North, Southeast, and Southwest GCA zone, in the level of natural gas costs charged to the Applicant based on prices to be in effect as of October 1, 2022.

8. The effect of the above revisions is an overall increase of \$16,959,637 to the Applicant's customers in its three Colorado GCA zones.
