**DECISION DEEMING APPLICATION COMPLETE
AND GRANTING THE APPLICATION**

Mailed Date: September 4, 2019

Adopted Date: September 4, 2019

I. BY THE COMMISSION

A. Statement

1. This matter comes before the Commission for consideration of an application filed by Public Service Company of Colorado (Public Service Company or Company) on July 31, 2019, for a Certificate of Public Convenience and Necessity (CPCN) to exercise franchise rights in the Town of San Luis, in Costilla County, Colorado (San Luis or the Town).

2. The Commission provided notice of this application on July 31, 2019, to all interested persons, firms, and corporations. No petition to intervene or notice of intervention has been filed, and thus the application is uncontested. As such, the application will be determined without a formal hearing in accordance with § 40-6-109(5), C.R.S., and Rule 1403 of the Rules of Practice and Procedure, 4 *Code of Colorado Regulations* (CCR) 723-1.

B. Findings and Conclusions

3. Public Service Company is engaged in, *inter alia*, the generation, transmission, purchase, distribution, and sale of electric service in its certificated areas in the State of Colorado. San Luis is located within one such certificated area.

4. Public Service Company requests the Commission issue a decision granting it a CPCN to exercise franchise rights in the Town. On March 12, 2019, the Town passed Ordinance No. 2019-01, granting Public Service Company a franchise to provide electric service within San Luis for 20 years, taking effect April 4, 2019 and terminating April 3, 2039.

5. On August 4, 1969, the Town granted Public Service Company, a 25-year franchise to provide electric service to the Town in Ordinance No. 2. On December 19, 1969, the Commission, in Decision No. 74023, Application No. 24024, granted Public Service Company a CPCN to exercise franchise rights as described in Ordinance No. 2.

6. On January 12, 1994, the Town granted Public Service Company, a 25-year franchise to provide electric service to the Town in Ordinance No. 94-1. On July 15, 1994, the Commission, in Decision No. C94-936, Proceeding No. 94A-324F, granted Public Service Company a CPCN to exercise franchise rights as described in Ordinance No. 94-1.

7. A utility wishing to exercise any franchise agreement or privileges entered with a municipality must obtain a CPCN from the Commission pursuant to § 40-5-102, C.R.S. When the municipality and utility enter into a franchise agreement, that agreement must be submitted to the Commission for approval. *See* § 40-5-102, C.R.S. Such applications allow the Commission to review franchise agreements to ensure that the terms are reasonable and in the public interest.

8. The Commission understands the utility and the municipality may want to revise the terms established in a franchise agreement at some point in the future and that existing franchise agreements have scheduled expiration dates. Upon negotiation of a new or amended franchise agreement, the utility shall return to the Commission in a timely manner to obtain authorization to implement the provisions of the new franchise agreement. In the event that this franchise is not renewed at the expiration of its term or is terminated for any reason, the Company is directed to notify the Commission in a timely manner.

9. According to the franchise agreement presented in this application, as consideration for the franchise rights granted and in recognition of Public Service Company's right to use Town streets, the Town requires Public Service Company to collect and remit to the Town, a franchise fee equal to 3 percent of all revenues received from the sale of electric service within the Town, excluding revenues received from the Town for the sale of electric service to the Town.

10. No other utility is authorized to provide electric service within the area for which Public Service Company seeks a certificate in this application.

11. We find the franchise is required by public convenience and necessity and the terms of the franchise agreement are just, reasonable, and in the public interest. However, in the event that issues of revenue requirement, cost allocation, and rate design are implicated by any provision of the franchise agreement, those issues will be analyzed in an appropriate Commission proceeding. Approval of the franchise agreement does not constitute approval of or precedent regarding any principle or issue in revenue requirement, cost allocation, or rate design in any electric and natural gas service adjustment, refund, or rate case proceedings.

12. Public Service Company or its predecessor has provided electric service in the Town since 1969 subject to relevant franchise agreements. Because the area encompassed by the San Luis franchise was previously served by Public Service Company, the Company is not required to provide a feasibility study as set forth in Rule 3100(b)(VI) of the Rules Regulating Electric Utilities, 4 CCR 723-3.

13. We find Public Service Company has the financial ability and is qualified and competent to conduct the utility operations sought under its application.

14. Public Service Company's electric service tariffs, currently on file with the Commission, will be used for service under this application.

15. Providing uninterrupted service to the residents of San Luis is in the public interest. Therefore, the Commission finds that the application is in the public interest and should be granted.

II. ORDER

A. The Commission Orders That:

1. The application filed by Public Service Company of Colorado (Public Service Company) on July 31, 2019, for a Certificate of Public Convenience and Necessity (CPCN) to exercise franchise rights pursuant to Ordinance No. 2019-01, in the Town of San Luis, Colorado is deemed complete and granted.

2. The grant of the CPCN to operate under the terms of this franchise agreement is in the public interest and in accordance with the terms of § 40-5-102, C.R.S.

3. The franchise agreement between Public Service Company and the Town of San Luis and the rights and obligations associated therewith are scheduled to expire on April 3, 2039.

4. The 20-day time period provided by § 40-6-114(1), C.R.S., to file an application for rehearing, reargument, or reconsideration shall begin on the first day after the Commission mails this Decision.

5. This Decision is effective upon its Mailed Date.
