**COMMISSION DECISION DEEMING APPLICATION  
COMPLETE AND GRANTING APPLICATION**

---

Mailed Date: May 18, 2020

Adopted Date: May 13, 2020

**I. BY THE COMMISSION**

**A. Statement**

1. This matter comes before the Commission for consideration of an application (Application) filed by the BNSF Railway Company (BNSF) on March 19, 2020, requesting authority to abolish the at-grade crossing of BNSF with Oak Street by removal of the tracks, surface, signs and railroad related pavement markings, National Inventory No. 057437T, in the City of Sterling, County of Logan, State of Colorado.

2. Notice of the Application was provided by the Commission to all interested parties, including adjacent property owners pursuant to § 40-6-108(2), C.R.S., on April 6, 2020.

3. Notice of proposed closure of the crossing with the BNSF was posted at the crossing by BNSF on April 6, 2020 as stated in the Statement of Posting of Notice of Proposed Closure (Notice) filed with the Commission on May 6, 2020. The Notice included photos of the notice posted at the subject crossing.

4. No interventions were filed in this matter.

5. The Commission reviewed the record in this matter and deems the Application complete within the meaning of § 40-6-109.5, C.R.S.

6. Now being fully advised in the matter, we grant the Application.

**B. Findings of Fact**

7. The Commission gave notice to all interested parties, including the adjacent property owners. No intervention was received opposing the Application.

8. BNSF requests the authority to abolish the existing crossing of Oak Street in Sterling, Colorado. Closure will involve removal of track, crossing panels, surfaces, and railroad crossing related signage. The subject crossing is no longer in use by BNSF, so BNSF is seeking to remove the track at this crossing. Once the track is removed, BNSF states that the Colorado Department of Transportation (CDOT) will repave the road surface.

9. BNSF will bear the costs associated with the removal of the crossing and CDOT will bear the cost for repaving the road surface, of which the costs will be minimal.

10. BNSF proposes to remove the track through the crossing immediately upon Commission approval with completion by December 1, 2020. BNSF will be required to inform the Commission in writing that all work is complete within ten days of completion. The Commission will expect this letter no later than December 1, 2020. However, the Commission understands this letter may be provided earlier or later than this date depending on changes or delays to the construction schedule.

11. The National Inventory Form will need to be updated to show the crossing as closed. The updated form for the crossing in this proceeding will need to be filed in this proceeding by BNSF by December 1, 2020.

12. With the removal of the tracks and signage through the subject crossing, any potential highway-rail grade crossing safety issues at the crossing will be eliminated thereby preventing accidents and promoting public safety. Because the roadway will remain, no motor vehicle drivers will be inconvenienced by closure of the roadway.

**C. Conclusions**

13. The Commission has jurisdiction in this matter under §§ 40-4-106(2)(a) and (3)(a), C.R.S.

14. No intervenor that filed a petition to intervene or other pleading contests or opposes the abolishment of the subject crossing.

15. Because the Application is unopposed, the Commission will determine this matter upon the record, without a formal hearing under § 40-6-109(5), C.R.S., and Rule 1403, Commission Rules of Practice and Procedure, 4 *Code of Colorado Regulations* 723-1.

16. Based on the Findings of Fact, the Application is granted consistent with the discussion above.
