Supplement No. 2 to Passenger Tariff, Colorado PUC No. 2
Pikes Peak Cab, LLC, dba Pikes Peak Transport

Pikes Peak Cab, LLC, dba Pikes Peak Transport
2739 North Nevada Avenue
Colorado Springs, CO 80907

Supplement No. 2 is filed to add a fuel surcharge to the call-and-demand shuttle fares authorized by Certificate No. 55884.

A) The fuel surcharge for shuttle service between the Colorado Springs Airport and the locations named in Item (I) on Pages No. (4) and (5) is $ 0.50 per loaded mile per one-way trip.

The total fuel surcharge will be calculated as Total loaded miles x $0.50 = Fuel surcharge

The fuel surcharge per passenger will calculated as Total fuel surcharge ÷ Number of passengers transported.

B) The fuel surcharge for shuttle service between Denver International Airport and the locations named in Item (II) on Pages No. (5) and (6) is $ 0.50 per loaded mile per one-way trip.

The total fuel surcharge will be calculated as Total loaded miles x $0.50 = Fuel surcharge

The fuel surcharge per passenger will calculated as Total fuel surcharge ÷ Number of passengers transported.

C) The fuel surcharge for shuttle service as named in Item (IV)(A) on Page No. (7) is $ 0.50 per loaded mile per one-way trip.

The total fuel surcharge will be calculated as Total loaded miles x $0.50 = Fuel surcharge

The fuel surcharge per passenger will calculated as Total fuel surcharge ÷ Number of passengers transported.

D) The fuel surcharge for shuttle service as named in Item (IV)(B) on Page No. (8) is $ 0.50 per loaded mile per one-way trip.

The total fuel surcharge will be calculated as Total loaded miles x $0.50 = Fuel surcharge

The fuel surcharge per passenger will calculated as Total fuel surcharge ÷ Number of passengers transported.

Supplement No. 2 is filed to comply with Decision No. C22-0000 in Proceeding 22L-0495CP
Supplement No. 2 becomes effective on November   , 2022 and expires on January   , 2023.
