The Honorable John W. Hickenlooper  
Governor of Colorado  
State Capitol, Room 103  
Denver, Colorado 80203

Dear Governor Hickenlooper:

I am honored to submit the 2010 Annual Report (Report) on behalf of the Colorado Division of Banking (Division) for all Colorado state-chartered commercial banks and trust companies, as required by the provisions of Section 11-102-304, C.R.S. The report also includes information on other entities regulated by the Division.

The Colorado economy continued to experience the slowdown that began in 2008 with the national and global economy. Colorado's unemployment rate was approximately 9 percent as of December 31, 2010. Layoffs in virtually every sector of the economy, including the financial and business services sectors, adversely impacted bank loan portfolios. In addition, declining residential and commercial real estate sales had a negative impact.

Due to the aforementioned factors, many banks increased their capital levels and loan loss reserves in order to address future asset quality issues. This, in turn, affected their overall profitability. However, by taking strong measures, state-chartered commercial banks continued to prepare for adverse economic conditions.

Trust activities at state-chartered trust companies were also affected by the volatility in the financial markets, but the industry continued to remain profitable.

I trust the information presented in the Report is helpful to you and your staff.

Sincerely,

Fred J. Joseph  
Acting State Bank Commissioner

# DIVISION OVERVIEW

## Division Mission and Structure

As a unit of the Colorado Department of Regulatory Agencies, the Division of Banking is responsible for the regulation of state-chartered commercial banks, trust companies, and money transmitters. The Division holds charter and license application hearings, issues rules and regulations, and investigates consumer complaints involving regulated institutions. Division staff conduct examinations of state-chartered institutions and licensees. The Division works closely with the Federal Reserve Bank and the Federal Deposit Insurance Corporation in the regulation of commercial banks and industrial banks and certain federally insured trust companies. The Division is also responsible for the enforcement of the Public Deposit Protection Act to protect public entity deposits held by state and national banks.

The nine-member Colorado State Banking Board (Banking Board) is the policy and rule-making authority for the Division. The Banking Board consists of five members who are executive officers of commercial banks, an executive officer of a money transmitter company, an executive officer of a trust company, and two public members. The Governor appoints Banking Board members to staggered four-year terms. At least two of the commercial bank members must be from institutions with less than \$150 million in total assets. The Banking Board conducts monthly meetings that are open to the public, and the public is encouraged to attend.

The State Bank Commissioner is the administrative head of the Division, responsible for the day-to-day operation of the Division, including personnel matters, records, reports, systems, and procedures. The Commissioner is also responsible for all examination and enforcement functions of the Division, subject to the policy-making and rule-making authority of the Banking Board. The specific duties and powers of the Commissioner are set forth in Section 11-102-102, C.R.S.

As of December 31, 2010, the Division had 44.0 authorized positions, 37 of which were in the Financial Credit Examiner (FCE) category. The 37 FCE classifications consists of a Director of Examinations, 28 field examiners, four Caseload Managers, an applications manager, and two examiners who primarily address examination scheduling and consumer complaints, respectively. The Division also has two information technology (IT) positions, and currently employs one IT auditor to conduct IT examinations of financial institutions and data centers that provide IT services to Division-regulated institutions. The remaining positions include the State Bank Commissioner, an Operations Manager, and administrative support staff.

The Division is organized into two units, *Examinations* and *Operations*. Within the *Examinations Unit*, supervisory and examination responsibilities for the regulated entities are assigned to the Caseload Managers who report to the Director of Examinations. The Caseload Managers supervise examination teams and are the primary Division contact for supervised institutions. The *Operations Unit* is responsible for applications, consumer complaints, rules and regulations, automation, policies and procedures, administration of the Public Deposit Protection Act, program development, training, internal audit and review, and accreditation by the Conference of State Bank Supervisors.

# DIVISION OVERVIEW

---

## **Accreditation, Audit and Sunset Process**

The Division's operations are independently reviewed through an accreditation process administered by the Conference of State Bank Supervisors (CSBS). The accreditation program involves annual self evaluations in accordance with a CSBS-developed questionnaire and rating system, complemented by an on-site review conducted by a CSBS review team every five years. An on-site review of the Division was conducted during 2006, at which time the Division's processes, products, and personnel were evaluated and rated.

The review team recommended the continuation of the Division's accredited status. The accreditation process not only provides an independent review of Division operations, but also identifies areas for improvement and provides comparisons to other state banking departments. In addition, CSBS accreditation is one factor used by federal regulatory agencies in determining the acceptability of state examinations pursuant to interagency agreements and alternating state/federal examinations.

Division operations and programs are also subject to periodic reviews by the Office of the State Auditor. The overall operations of the Division were audited, in conjunction with the Division of Financial Services, during 2003. The auditors reviewed the Division's regulatory programs, oversight of the Public Deposit Protection Act, and resource utilization. Recommendations intended to improve operations and strengthen regulatory programs, as described in the report, have been implemented.

As required by statute, the Department of Regulatory agencies performs Sunset reviews of the functions of the Division and Banking Board, with respect to regulatory programs. The results of the review and recommendations are provided to the Colorado General Assembly. If the General Assembly does not pass legislation extending such regulation, the program is repealed by operation of law. The Money Transmitters Act and the Division were set to sunset July 2004, pursuant to Sections 12-52-117 and 11-102-101, C.R.S. Reviews of the Division and the Money Transmitters Act were conducted in 2003, with the final reports issued in October 2003. Legislation continuing the Division, the Banking Board and the Money Transmitters Act through July 1, 2013, as well as statutory changes recommended in the audit, was passed during the 2004 legislative session.

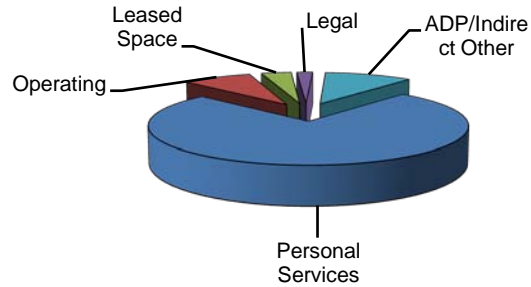

# DIVISION OVERVIEW

## Division Budget and Funding

The Division operates on a July 1 to June 30 fiscal-year and is cash funded in advance through semi-annual institution assessments, specialty examination charges, and receipt of application and licensing fees. The Division's approved budget for the 2010-2011 fiscal year is \$4,767,118.

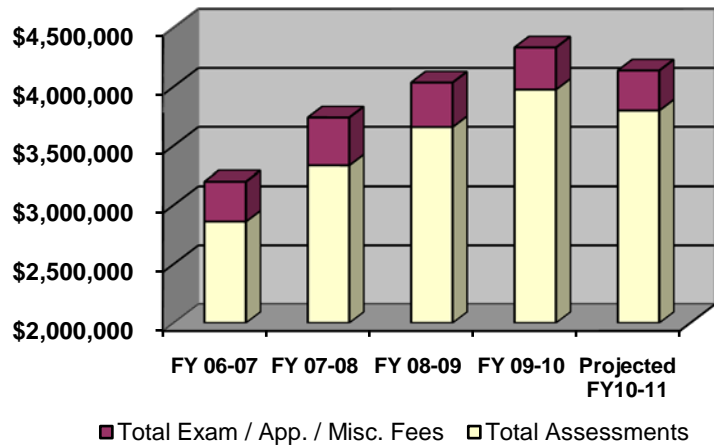

The assessment rates and fee structure are reviewed and approved by the Banking Board annually. Institution assessments are the primary funding source. The assessment consists of a base amount, plus a sliding scale percentage of assets over an established level. The calculation formula is based on projected funding needs, less application and examination fees. A breakdown of the Division's budget, as well as trend information for revenues, assessment base, and the cash fund balance, is depicted in the charts on this page.

# DIVISION OVERVIEW

## Reserve Fund Balance

State fiscal laws allow the Division to maintain a cash fund of uncommitted reserves of up to 16.5 percent of approved expenditures. The Division utilizes its reserve fund to dampen assessment fluctuations and strives to maintain a balance of approximately ten percent. The Division's projected reserve fund balance for the fiscal year ending June 30, 2011, and actual fiscal year-end balances for the preceding five fiscal years, are reflected in the following chart:

Fiscal Year	Balance
FY06-07	469,727
FY07-08	467,448
FY08-09	609,524
FY09-10	546,546
Projected FY10-11	349,453

# INDUSTRY CONDITION

---

The Colorado economy continued to experience the slowdown that began in 2008 with the national and global economy. Colorado's unemployment rate was approximately 9 percent as of December 31, 2010. Layoffs in virtually every sector of the economy, including the financial and business services sectors, adversely impacted bank loan portfolios. In addition, declining residential and commercial real estate sales had a negative impact.

Due to the aforementioned factors, many banks increased their capital levels and loan loss reserves in order to address future asset quality issues. This, in turn, affected their overall profitability. However, by taking strong measures, state-chartered commercial banks continued to prepare for adverse economic conditions.

Trust activities at state-chartered trust companies were also affected by the volatility in the financial markets, but the industry continued to remain profitable.

# INDUSTRY CONDITION

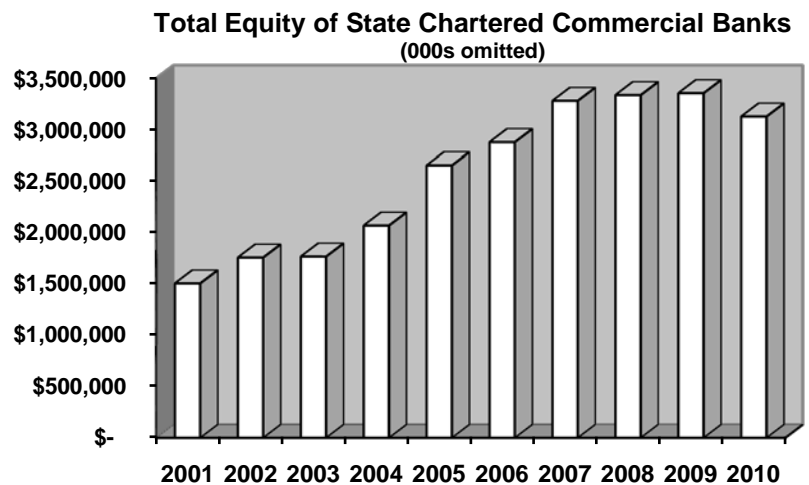

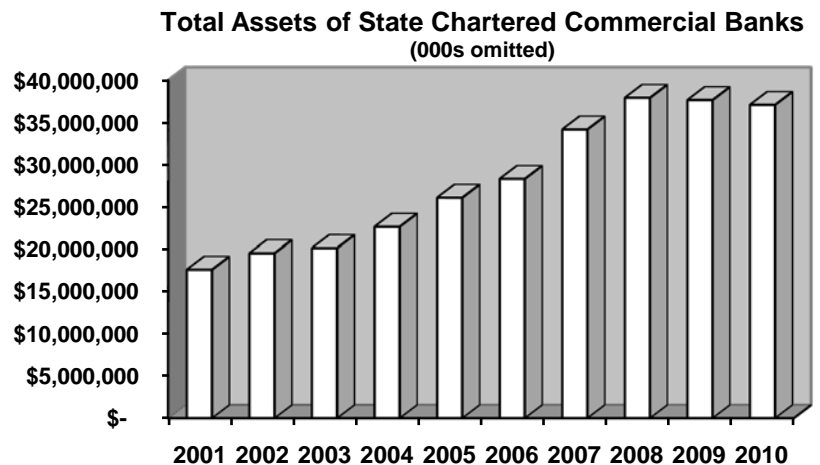

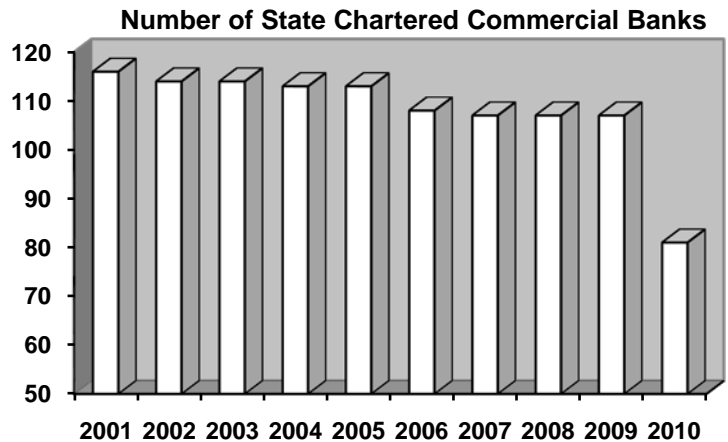

## Commercial Banks

In 2010, assets held by state chartered banks decreased 1.51 percent, with deposit growth of 0.61 percent and net loan declines of 7.84 percent, respectively. Impacting the financial results were losses on the disposition of foreclosed properties and increased loan loss provisions.

The merger of twenty-four FirstBanks into one FirstBank institution in October 2010 reduced the number of state-chartered commercial banks from 107 in 2009 to 81 for 2010.

Overall, net loss resulted in a 49 basis point decline in equity capital to total assets ratio of 8.4 percent as of December 31, 2010.

The three charts on this page depict the changes in number of state-chartered commercial banks, total assets, and total equity over a ten-year period ending December 31, 2010.

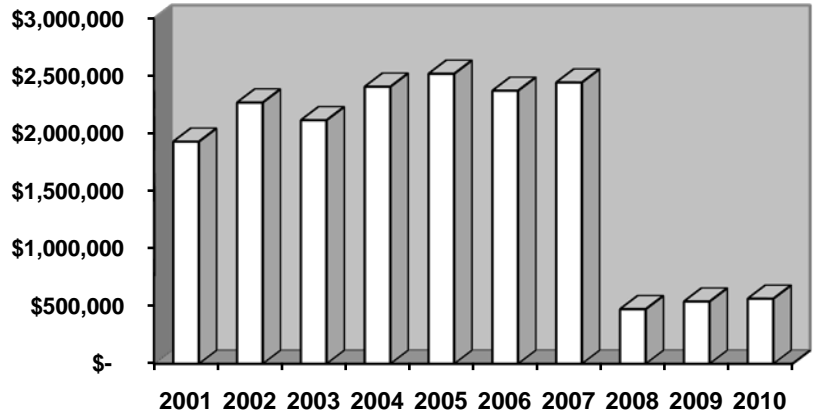

# INDUSTRY CONDITION

## Trust Companies

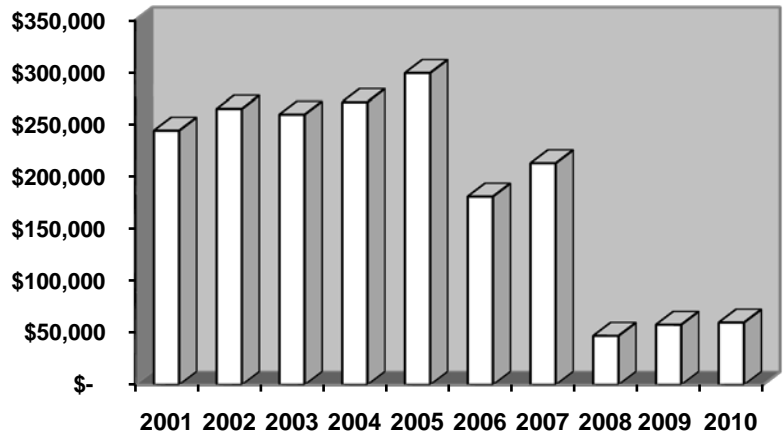

State-chartered trust companies provide a variety of fiduciary services, including traditional managed trust business, administering self-directed IRA or pension funds, and administration of collective investment funds. Trust companies are authorized to invest in loans, but are prohibited from originating loans. Trust companies are permitted to apply to the FDIC for federal deposit insurance and if approved, are authorized to accept and maintain savings deposits, time deposits, and certificates of deposit. As of December 31, 2010, there was one depository trust company and seven non-depository trust companies in Colorado.

Corporate trust company assets increased 4.61 percent and equity increased by 3.60 percent during the year, while total fiduciary, or trust assets, held by Colorado trust companies increased over \$11.0 billion during 2010 to \$77.4 billion.

# INDUSTRY CONDITION

## Money Transmitter Companies

As of December 31, 2010, there were forty-seven organizations licensed under Colorado's Money Transmitters Act. With the exception of governmental organizations and insured financial institutions, licensing is required of any organization selling money orders, or travelers checks, or transmitting money electronically or by other means, in Colorado. The Division continues to aggressively monitor money transmission advertisements and other information sources to identify entities that may be conducting an unlicensed money services business in Colorado.

After several years of declines due to economic conditions, transmission volume appears to have stabilized. The total dollar amount of money transmitted and exchange sold or issued in Colorado during 2010 by Colorado licensed money transmitters was slightly over \$11.6 billion, as reflected in the chart below. Total net income for Colorado licensed money transmitters increased to \$6.5 billion in 2010. However, four of the forty-seven licensed money transmitters earned 97.69 percent of that net income. Of the other forty-three money transmitters, twenty did not attain profitability. Several of the licensed money transmitters derive revenues from diversified products other than the traditional money transmission products, which contributes to their overall profitability.
