Section 2. Scope and Purpose

The purpose of this regulation is to provide standards for the disclosure of certain minimum information about annuity contracts to protect consumers and foster consumer education. The regulation specifies the minimum information which must be disclosed and the method for disclosing it in connection with the sale of annuity contracts. The goal of this regulation is to ensure that purchasers of annuity contracts understand certain basic features of annuity contracts.

Section 3. Applicability

This regulation applies to all group and individual annuity contracts and certificates except:

- A. Registered or non-registered variable annuities or other registered products;
- B. Immediate and deferred annuities that contain no non-guaranteed elements;
- C.
 - 1. Annuities used to fund:
 - a. An employee pension plan which is covered by the Employee Retirement Income Security Act (ERISA);
 - b. A plan described by Sections 401(a), 401(k) or 403(b) of the Internal Revenue Code, where the plan, for the purposes of ERISA, is established or maintained by the employer;

- c. A governmental or church plan defined in Section 414 or a deferred compensation plan of a state or local government or a tax exempt organization under Section 457 of the Internal Revenue Code; or
 - d. A non-qualified deferred compensation arrangement established or maintained by an employer or plan sponsor.
2. Notwithstanding Paragraph (1), the regulation shall apply to annuities used to fund a plan or arrangement that is funded solely by contributions an employee elects to make whether on a pre-tax or after-tax basis, and where the insurance company has been notified that plan participants may choose from among two (2) or more fixed annuity providers and there is a direct solicitation of an individual employee by a producer for the purchase of an annuity contract. As used in this subsection, direct solicitation shall not include any meeting held by a producer solely for the purpose of education or enrolling employees in the plan or arrangement;
- D. Structured settlement annuities;
 - E. Charitable gift annuities; and
 - F. Funding agreements.

Section 4. Definitions

- A. "Charitable gift annuity" shall have the same meaning as the definition found in § 10-1-102(4)(a) through (c)(II), C.R.S.
- B. "Contract owner" means the owner named in the annuity contract or certificate holder in the case of a group annuity contract.
- C. "Determinable elements" means elements that are derived from processor methods that are guaranteed at issue and not subject to company discretion, but where the values or amounts cannot be determined until some point after issue. These elements include the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, and charges or elements of formulas used to determine any of these. These elements may be described as guaranteed but not determined at issue. An element is considered determinable if it was calculated from underlying determinable elements only, or from both determinable and guaranteed elements.
- D. "Funding agreement" means an agreement for an insurer to accept and accumulate funds and to make one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies.
- E. "Generic name" means a short title descriptive of the annuity contract being applied for or illustrated such as "single premium deferred annuity."
- F. "Guaranteed elements" means the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, and charges or elements of formulas used to determine any of these, that are guaranteed and determined at issue. An element is considered guaranteed if all of the underlying elements that go into its calculation are guaranteed.
- G. "Non-guaranteed elements" means the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, and charges or elements of formulas used to determine any of these, that are subject to company discretion and are not guaranteed at issue.

An element is considered non-guaranteed if any of the underlying non-guaranteed elements are used in its calculation.

- H. "Structured settlement annuity" means a "qualified funding asset" as defined in section 130(d) of the Internal Revenue Code or an annuity that would be a qualified funding asset under section 130(d) but for the fact that it is not owned by an assignee under a qualified assignment.

Section 5. Standards for the Disclosure Document and Buyer's Guide

- A. When an insurer or an insurance producer receives an application for an annuity contract, the insurer or insurance producer shall provide the applicant the disclosure document described in Subsection B and the Buyer's Guide to Fixed Deferred Annuities, hereafter "the Buyer's Guide," in the current form prescribed by the National Association of Insurance Commissioners (NAIC) or in language approved by the commissioner of insurance.
