Policy Number: 20-1
Title: Liability Insurance for Direct Entry Midwives

Purpose: To clarify the insurance requirements pursuant to §12-37-109 (3).

Policy: The Division of Registrations has researched for the period following the Sunset of Direct Entry Midwives Practice Act in 2006 through this date and determined that liability insurance for direct entry midwives is unaffordable at this time. Future research regarding affordability of liability insurance will occur on a two year schedule and will be indicated on this policy under “Reviewed”.
