¹ Programs are required to employ an RN to administer and supervise the nurse aide training program. A different nurse may teach the program.

² Active-Interim Status is assigned to programs that are new or programs that are reactivating from 'Inactive' status. Only programs with Active or Active-Interim status are approved by the Board to conduct nurse aide training. All persons that are considering training to become nurse aides are encouraged to compare the training programs their area. For information about how to choose a vocational training program please visit the Federal Trade Commission's website at: <http://www.ftc.gov/bcp/edu/pubs/consumer/products/pro13.shtm>

³ Facility Based programs located in nursing homes may not charge employees or persons offered employment for any portion of the training program. High School Programs will only admit eligible high school students. Adults or non-high school students generally cannot access high school programs.

⁴ Pass Rates for State Competency Evaluation First Time Test Takers from 1/01/2011 through 12/31/2012.

* Pass rates for programs with fewer than 10 State Competency Evaluation First Time Test Takers are not published in order to protect the privacy rights of certification candidates. The viewer should be cautious about using the posted data as a predictor of future pass rates for a given program.

If the program you are planning to attend is not on this list, please contact the State Board of Nursing to verify the program is a State approved Nurse Aide Training Program. Persons that train at a non-approved program are not eligible to sit for the certification exam and are not eligible for certification.
