PART 1 GENERAL PROVISIONS

12-38.1-101. Legislative declaration.

It is declared to be the policy of the state of Colorado that, in order to safeguard life, health, property, and the public welfare of the people of the state of Colorado, and in order to protect the people of the state of Colorado against unauthorized, unqualified, and improper application of services by nurse aides in a medical facility, it is necessary that a proper regulatory authority be established. The general assembly further declares it to be the policy of this state to regulate the practice of nurse aides in medical facilities through a state agency with the power to enforce the provisions of this article. Any person who practices as a nurse aide in a medical facility without qualifying for proper certification and without submitting to the regulations provided in this article endangers the public health thereby. The general assembly hereby finds and declares that this article will meet the requirements of the federal "Omnibus Budget Reconciliation Act of 1987".

12-38.1-103. Certification - state board of nursing.

(1) Prior to a certified nurse aide obtaining authority as a medication aide to administer medications, the certified nurse aide shall meet all applicable requirements as established by rules of the board. The board shall promulgate rules regarding the scope of practice, education, experience, and certification requirements for a nurse aide to obtain authority to administer medications. The board shall consider, but not be limited to, reducing the number of required hours of education, expanding the allowable routes of administration, reducing or eliminating the required hours of work experience, and developing different scopes of practice depending on practice setting, if appropriate.

(j) Has misused any drug or controlled substance, as defined in section 18-18-102 (5), C.R.S.;

(k) Has a physical or mental disability which renders him unable to practice as a certified nurse aide with reasonable skill and safety to the patients and which may endanger the health or safety of persons under his care;

(l) Has violated the confidentiality of information or knowledge as prescribed by law concerning any patient;

(m) Has misappropriated patient or facility property;

(n) Has engaged in any conduct that would constitute a crime as defined in title 18, C.R.S., if such conduct relates to the person's ability to practice as a nurse aide. In considering discipline based upon the grounds specified in this paragraph (n), the board shall be governed by the provisions of section 24-5-101, C.R.S.

(o) Has neglected a person under the care of the certified nurse aide;

(p) Has willfully or negligently acted in a manner inconsistent with the health or safety of persons under his or her care;

(x) Has failed to report a criminal conviction to the board within forty-five days after the conviction.

(2) Except as otherwise provided in subsection (1) of this section, the board need not find that the actions which form the basis for the disciplinary action were willful. However, the board, in its discretion, may consider whether such action was willful in determining the sanctions it imposes on the nurse aide.

(3) (Deleted by amendment, L. 2003, p. 2633, § 10, effective June 5, 2003.)

(4) An employer of a medication aide shall report conduct that constitutes grounds for discipline pursuant to this section to the board and any disciplinary action taken by the employer against a medication aide or the resignation of a medication aide in lieu of a disciplinary action resulting from such conduct.

12-38.1-112. Withholding or denial of certification.

(1) If the board determines that an applicant for an initial certificate to practice as a nurse aide does not possess the qualifications specified in section 12-38.1-105 or 12-38.1-106, that section 12-38.1-111 (1) (n) is applicable, or that there is reasonable cause to believe that the applicant has committed any of the acts set forth in section 12-38.1-111 as grounds for discipline, it may deny the applicant a certificate. When the board denies a certificate, it shall comply with the following procedures:

(a) The provisions of section 24-4-104, C.R.S., shall apply, and the board shall provide the applicant with a written statement that sets forth the basis for the board's determination.

(b) If the applicant requests a hearing pursuant to section 24-4-104 (9), C.R.S., the following shall apply:

(I) An applicant whose certification has been denied on the basis of a lack of qualifications has the burden of proof to show that he possesses the qualifications required under this article.

(II) For an applicant whose certification has been denied on the basis of reasonable cause to believe that grounds for discipline exist, the board has the burden of proof to show the commission of acts constituting grounds for discipline under this article.

(c) If a hearing is conducted, the board shall affirm, modify, or reverse its prior determination and action in accordance with the findings resulting from such hearing.

(d) If an applicant who has requested a hearing pursuant to section 24-4-104 (9), C.R.S., fails to appear at such hearing, absent a determination by the board that there was good cause for such failure to appear, the board may affirm its prior action of withholding certification without conducting a hearing on the matter.

(e) If the board withholds certification without a hearing in accordance with the provisions of this section, it shall be immune from suit concerning such withholding unless it has acted unreasonably or has failed to act in good faith.

12-38.1-113. Mental and physical competency of nurse aides.

(1) If any certified nurse aide is determined to be mentally ill by a court of competent jurisdiction, the board shall automatically suspend his certification, and such suspension shall continue until the certified nurse aide is determined by such court to be restored to competency; duly discharged as restored to competency; or otherwise determined to be competent in any other manner provided by law.

(2) (a) If the board has reasonable cause to believe that the physical or mental condition of a certified nurse aide has resulted in the nurse aide being unable to practice with reasonable skill or that the practice of the nurse aide is a threat to the safety of the nurse aide's patients, the board may require the nurse aide to submit to a mental or physical examination by a physician or other licensed health care provider designated by the board.

(b) If a nurse aide fails to submit to a mental or physical examination, the board may suspend the nurse aide's certification until the required examination or examinations are conducted.

(3) Every person who applies to the board for certification as a nurse aide shall be deemed by virtue of such application to have given his consent to undergo a physical or mental examination at any time if the board so requests. Any request by the board to a nurse aide to submit to such an examination shall be in writing and shall contain the basis upon which the board determined that reasonable cause to believe the condition specified in paragraph (a) of subsection (2) of this section exists.

(4) A certified nurse aide who has been requested to submit to a physical or mental examination may provide the board with information concerning such nurse aide's physical or mental condition from a physician of the nurse aide's own choice. The board may consider such information in conjunction with, but not in lieu of, testimony and information provided by the physician designated by the board to examine the nurse aide.

(5) The results of any mental or physical examination requested by the board pursuant to this section shall not be used as evidence in any proceeding except a proceeding conducted pursuant to this article. The results of such examination shall not be deemed to be public records and shall not be made available to the public.

12-38.1-114. Disciplinary proceedings - hearing officers.

(1) The board, through the department of regulatory agencies, may employ hearing officers to conduct hearings as provided by this article or to conduct hearings on any matter within the board's jurisdiction, upon such conditions and terms as the board determines to be appropriate.

(2) A proceeding for discipline of a certified nurse aide may be commenced when the board has reasonable grounds to believe that a nurse aide certified by the board has committed acts which may violate the provisions of this article.

(3) The license of a person certified by the board as a nurse aide may be revoked or such person may otherwise be disciplined upon written findings by the board that the licensee has committed acts that violate the provisions of this article.

(4) Any certified nurse aide disciplined under subsection (3) of this section shall be notified by the board, by a certified letter to the most recent address provided to the board by the certified nurse aide, no later than thirty days following the date of the board's action, of the action taken, the specific charges giving rise to the action, and the certified nurse aide's right to request a hearing on the action taken.

(5) (a) Within thirty days after notification is sent by the board, the certified nurse aide may file a written request with the board for a hearing on the action taken. Upon receipt of the request the board shall grant a hearing to the certified nurse aide. If the certified nurse aide fails to file a written request for a hearing within thirty days, the action of the board shall be final on that date.

(b) (Deleted by amendment, L. 93, p. 1747, § 7, effective July 1, 1993.)

(6) The attendance of witnesses and the production of books, patient records, papers, and other pertinent documents at the hearing may be summoned by subpoenas issued by the board, which shall be served in the manner provided by the Colorado rules of civil procedure for service of subpoenas.

(7) Disciplinary proceedings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to said article by the board or a hearing officer at the board's discretion.

(8) Failure of the certified aide to appear at the hearing without good cause shall be deemed a withdrawal of his or her request for a hearing, and the board's action shall be final on that date. Failure, without good cause, of the board to appear at the hearing shall be deemed cause to dismiss the proceeding.

(9) (a) No previously issued certificate to engage in practice as a nurse aide shall be revoked or suspended except under the procedure set forth in this section, except in emergency situations as provided by section 24-4-104, C.R.S.

(b) The denial of an application to renew an existing certificate shall be treated in all respects as a revocation.

(10) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing documents shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but the patient shall be identified by a numbered code to be retained by the custodian of the records from which the copies were made. Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian or the custodian's authorized employee for furnishing or using such copies in accordance with this subsection (10).

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(10.5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the certificate holder that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the certificate holder.

(11) Any member of the board, any member of the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was

warranted by the facts. Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any criminal or civil liability that otherwise might result by reason of such participation.

(12) An employer of a nurse aide shall report to the board any disciplinary action taken against the nurse aide or any resignation in lieu of a disciplinary action for conduct which constitutes a violation of this article.

(13) Except when a decision to proceed with a disciplinary action has been agreed upon by a majority of the board or its designee and notice of formal complaint is drafted and served on the licensee by first-class mail, any investigations, examinations, hearings, meetings, or any other proceedings of the board related to discipline that are conducted pursuant to the provisions of this section shall be exempt from the open records provisions of article 72 of title 24, C.R.S., requiring that the proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this section be open to public inspection.

(14) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a certificate holder is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required certificate, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or uncertified practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (14), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(15) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or uncertified practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (15) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (15). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (15) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required certificate, or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued, directing such person to cease and desist from further unlawful acts or uncertified practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (15), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(16) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any uncertified act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(17) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.
