Public Utilities Commission of the State Of Colorado  
1560 Broadway, Suite 250  
Denver, Colorado 80202

**Re: Disclosure Letter, Docket No. 08I-113EG**

The Colorado Solar Energy Industry's Association ("CoSEIA") submits this disclosure letter in Docket No 08I-113EG.

This disclosure is being filed within two business days following a permitted *ex parte* communication with a Commissioner. As required, this disclosure letter states the time, date and place of the meeting(s), lists the persons attending, and contains an agenda provided to each of the commissioners.

This disclosure also provides a copy of all additional materials provided to the Commissioners. This letter shall serve as disclosure of the communications on November 13<sup>th</sup>, 2008 between CoSEIA and:

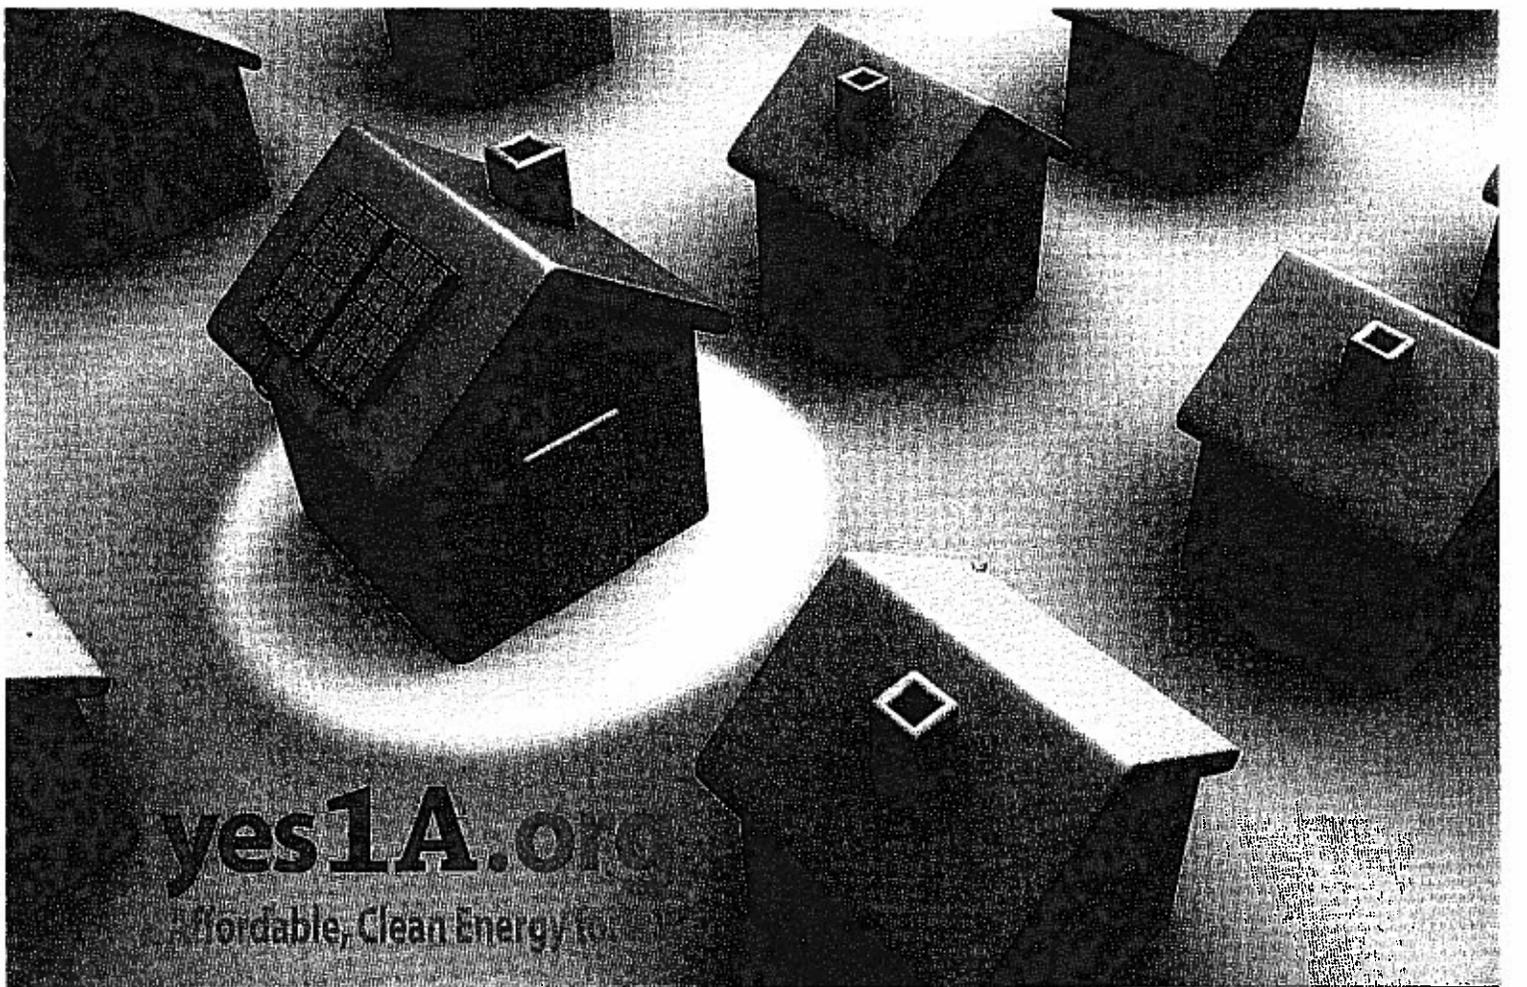

Commissioner James Tarpey (9:30-10:00)  
Commissioner Matt Baker (10:00-11:00)  
Commissioner Ron Binz (11:00-12:00)

In attendance on behalf of CoSEIA were Ken Regelson, Policy Consultant; Blake Jones, Board Member; and Eriks Brolis, Board Member. Geraldine Santos-Rach and Michael Hydock attended on behalf of Commission Staff. The meetings occurred at the offices of the Public Utilities Commission.

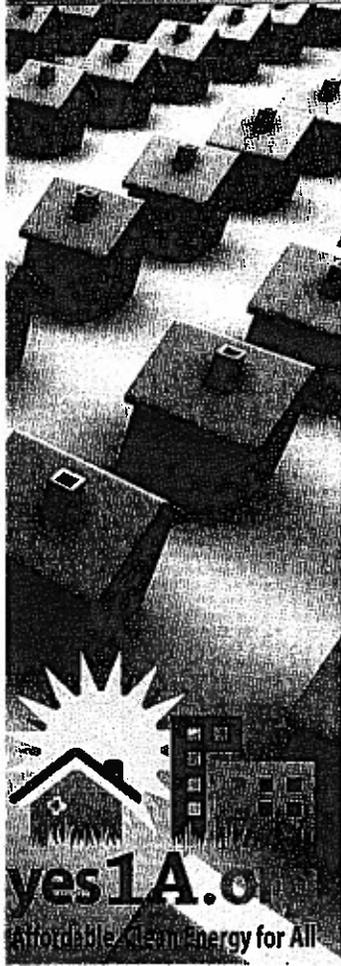

## CoSEIA Agenda 08I-113EG: Utility Incentives

11.13.2008

1. Utility ownership of generation resources
  - a. Level playing field for acquisition
2. What should a "Utility" be in the future?

Affordable, Clean Energy for All

**On November 4, vote YES on 1A.**

**Protect yourself against rising energy costs**

Boulder County ballot issue 1A provides low interest loans to help homeowners and businesses afford renewable energy and energy efficient upgrades for their properties.

**Go solar - without the upfront cost**

This innovative program helps you fight back against the skyrocketing costs of fossil fuel by financing your clean energy and energy efficiency improvements through a bond from Boulder County. Add a solar electric or solar hot water system, install energy efficient windows, increase your insulation, or make other clean energy upgrades without big upfront costs.

**Voluntary program without raising taxes**

Since the low interest loans are paid through a bond, the only people who pay for the loans are the property owners who choose to participate in this program. This is not a tax increase. Loans are repaid through a special assessment on participants' property taxes — but if you choose not to participate in this program your taxes will not be affected.

**Declare your energy independence**

Reduce your monthly utility bills - and your carbon footprint — with clean, renewable energy and energy efficiency. Ballot issue 1A makes your energy upgrades more affordable.

**Donate to the campaign (Checks payable to Yes on 1A)**
