Re: Disclosure Letter, Docket No. 08I-420EG

Public Service Company of Colorado ("Public Service") submits this disclosure letter in Docket No. 08I-420EG, pursuant to Commission Decision No. C08-0903, paragraph 21. This disclosure is being filed within two business days following a permitted *ex parte* communication with a Commissioner. As required, this disclosure letter states the time, date and place of the meeting, lists the persons attending, and contains a summary description of the topics discussed. This disclosure also provides a copy of all written materials, if any, provided to the Commissioner.

This letter shall serve as disclosure of the communications between Public Service and Commissioner Matt Baker, which occurred from 1pm to 2pm on November 4, 2008, at the offices of the Colorado Public Utilities Commission ("Commission"). Roy Palmer represented Public Service. Public Service discussed the current status of the Boulder Smart Grid project and the possibility of a pilot program to test demand response using Smart Grid. In addition, there was brief discussion about legislation that might surface in the next legislature. No written materials were provided at the meeting.

Very truly yours,
