COMMISSION STAFF SUPPLEMENT TO FINAL STAFF REPORT ON VOLUME
IIIA IMPASSE ISSUES

On September 10, 2001 Yipes Transmission, Inc. ("Yipes") filed a Motion to Supplement the Volume IIIA Impasse Issues Final Report. Yipes requested that its proposed language regarding SGAT § 9.7.2.2.3 be addressed as part of Impasse Issue SB-25. Finding that the omission of a recommendation regarding Yipes proposed SGAT § 9.7.2.2.3 language was a mere oversight, Staff agrees to supplement the Volume IIIA Impasse Issues Final Report Impasse Issue SB-25 Findings and Recommendation section as follows:

Staff recommends that Qwest adopt Yipes proposed SGAT language for Section 9.7.2.2.3. This language allows CLECs to request that Fiber Distribution Panels ("FDPs") be constructed by Qwest, at CLEC expense, in order to facilitate CLEC access to unbundled dark fiber.
