**COMMISSION ORDER GRANTING  
TEMPORARY AUTHORITY**

-----  
Mailed date: March 12, 1992  
Adopted date: March 4, 1992  
-----

STATEMENT, FINDINGS, AND CONCLUSIONS

BY THE COMMISSION:

1. On February 12, 1992, Command Control Systems, Inc. filed Docket No. 92A-068BP-TA for temporary authority to conduct operations as a contract carrier by motor vehicle for hire for the transportation of passengers between Cañon City, Colorado and Pueblo, Colorado. This application is restricted to providing service for only the Colorado Department of Corrections.

2. The Commission gave notice of the application on February 18, 1992. No interventions were filed opposing the granting of this application.

3. By § 40-6-120, C.R.S., the application for temporary authority is under consideration for a Commission order.

4. Section 40-6-120(1), C.R.S., authorizes the Commission to grant temporary authority when there appears to be ". . . an immediate and urgent need to any point or within a territory having no carrier service capable of meeting such need."

5. The support filed on behalf of this application is a letter

from the Colorado Department of Corrections stating that they are in need of transportation services for the transportation of inmates to and from the dialysis unit in Pueblo. Many security requirements are necessary to ensure the safety and security of the public while meeting the medical needs of the inmates and the Department of Corrections feels that Applicant meets these requirements.

6. The Commission finds due to the facts stated in paragraph (5) above, that an immediate and urgent need exists, and the Commission will grant the application.

7. This application for temporary authority is in the public interest and should be granted.

8. Applicant is advised that a grant of temporary authority makes no presumption that a permanent authority will be granted.

THEREFORE THE COMMISSION ORDERS THAT:

1. Command Control Systems, Inc. is granted temporary authority to conduct operations as a contract carrier for a period of 180 days commencing from the mailed date, with authority as set forth in the attached appendix, which is conditioned on Applicant meeting the requirements contained in this Order, and is not effective until those requirements have been met.

2. Command Control Systems, Inc. shall not commence operations until all requirements have been met, including the proper filing of insurance, tariffs and payment of required fees. Operations may not begin until these requirements have been met, and the Applicant has been notified by the Commission that operations may begin.

3. The 20-day time period provided by § 40-6-114(1), C.R.S., to file an application for rehearing, reargument, or reconsideration shall begin on the first day after the Commission mails or serves this decision.

4. This Order is effective on its date of mailing.

ADOPTED IN OPEN MEETING on March 4, 1992.
