

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF
COLORADO**

DOCKET NO. 11A-815T

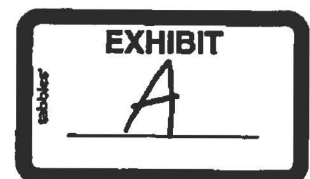

IN THE MATTER OF THE APPLICATION OF TAG MOBILE, LLC., FOR
DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER IN THE
STATE OF COLORADO FOR THE LIMITED PURPOSE OF OFFERING WIRELESS
LIFELINE AND LINK-UP SERVICE TO QUALIFIED HOUSEHOLDS (LOW
INCOME ONLY)

SECOND AMENDED STIPULATION AND SETTLEMENT AGREEMENT

TAG Mobile, LLC ("TAG Mobile"), Trial Staff of the Public Utilities Commission of the State of Colorado ("Staff"), the Adams County E-911 Emergency Telephone Service Authority, the Arapahoe County E-911 Emergency Communications Service Authority and the Jefferson County E-911 Emergency Communications Service Authority (collectively, the "Authorities") and the Office of Consumer Counsel ("OCC") (collectively the "Stipulating Parties" or the "Parties"), through their undersigned counsel, enter into this Stipulation and Settlement Agreement ("Stipulation") regarding the Application filed by TAG Mobile in the instant docket. The Parties submit this Stipulation for approval by the Colorado Public Utilities Commission (the "Commission" or the "PUC") pursuant to the Commission's Rules of Practice and Procedure, 4 CCR 723-1-1407 and 1408.

PRELIMINARY STATEMENT

1. On May 8, 1997, the Federal Communications Commission ("FCC") issued its Universal Service Report and Order, 12 FCC Rcd 8776 (1997) ("Universal Service Order") implementing the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the "Federal Act"). The FCC provided further guidance on Eligible Telecommunications

Carrier ("ETC") designation in its ETC Report and Order issued March 17, 2005, Federal-State Joint Board on Universal Service, Report and Order, 20 FCC Rcd 6371, 6384 (2005).

2. The Universal Service Order provides that where states certify ETCs, such as is the case in Colorado, only ETCs designated by a state public utilities commission ("State Commission") shall receive federal universal service support. Under 47 U.S.C. § 214(e), a State Commission shall, upon its own motion or upon request, designate a common carrier that meets the requirements set forth by the FCC as an ETC for a service area designated by the State Commission. The FCC defines a service area as a geographic area established by a State Commission for the purpose of determining universal service obligations and support mechanisms.

3. To be designated as a federal ETC under the Federal Act, a carrier must: (1) be a common carrier; (2) demonstrate an intent and ability to provision the supported services set forth in 47 C.F.R. § 54.101(a) throughout its designated service areas; and (3) demonstrate an intent and ability to advertise its universal service offerings and the charges therefore, using media of general distribution. 47 U.S.C. § 214(e); Universal Service Order, 12 FCC Rcd at 8791.

4. The FCC's supported services as set forth in 47 C.F.R. § 54.101(a), and which was revised on December 23, 2011, are:

- a. voice grade access to the public switched telephone network or its functional equivalent;
- b. minutes of use for local service without additional charge to the end user;
- c. access to emergency services; and
- d. toll limitation for qualifying low-income consumers.

5. On February 6, 2012, the FCC issued a Report and Order and Further Notice of Proposed Rulemaking, ("*FCC 12-11 Lifeline Order*")¹, in which it issued a blanket forbearance from the facilities-based requirement to all carriers that were seeking limited ETC designation for the purpose of offering Lifeline service only.² Lifeline-only ETCs are now subject to the following conditions:

- a. provide Lifeline subscribers with 911/E911 access, regardless of activation status and availability of minutes;
- b. provide E911-compliant handsets and replace noncompliant handsets at no additional charge; and
- c. file a compliance plan with the FCC for approval that includes the procedures to enroll a subscriber in Lifeline service and for reimbursement for that subscriber, sample marketing materials, materials on initial and ongoing certification, how the carrier will offer service, the geographic areas in which it will offer service, and a detailed description of its Lifeline service plans including the rates, number of minutes and types of plans available to Lifeline customers.

6. In addition, the *FCC 12-11 Lifeline Order* eliminated Link-Up support for all ETCs serving non-Tribal lands.³

Feb. 6, 2012) (FCC 12-11 Lifeline Order)*.

² *Id.* at ¶ 496.

³ *Id.* at ¶ 245.

7. The *FCC 12-11 Lifeline Order* further requires that a carrier seeking ETC designation for the purpose of offering Lifeline-only, must demonstrate its technical and financial capacity to provide the supported services.⁴

8. This Commission has adopted its own rules for implementing 47 U.S.C. Section 214(e)(1)-(2) of the Federal Act which appear at 4 CCR 723-2-2180 through 2191, which rules are consistent with Section 214(e) and the FCC's Rules.

9. On October 6, 2011, TAG Mobile filed an Application seeking designation as an ETC for the limited purpose of receiving universal service support for low-income customers in Colorado, Docket Number 11A-815T. TAG Mobile sought ETC designation for the limited purpose of offering Lifeline and Link-Up service in its entire service area in Colorado encompassing all areas directly served by the underlying Sprint-Nextel ("Sprint") and Verizon Wireless ("Verizon") networks. A list of incumbent local exchange carrier ("ILEC") exchanges is shown on Attachment 1 to the Stipulation. These exchanges include non-rural exchanges of Qwest Corporation in Colorado.

10. Concurrent with this Application, TAG Mobile filed a request for waiver of 4 CCR 723-2-2187(d)(III), which requires a description of the service area by metes and bounds and a map.

11. The Parties engaged in settlement discussions regarding issues raised by TAG Mobile's Application.

12. The Parties have now reached agreement on the issues raised in this docket, as is set forth herein. This Stipulation and Settlement Agreement is entered into for the purpose of avoiding the costs and risks of litigation. The Parties agree this Stipulation shall only bind the

⁴ *Id.* at ¶ 388.

parties hereto and shall not legally bind the Parties with respect to other applications and proceedings before the Commission other than a subsequent proceeding to enforce the terms of this Amended Stipulation.

AGREEMENT

WHEREFORE, based on their review of all testimony and exhibits submitted and upon their settlement discussions, the Parties hereby stipulate and agree as follows:

Variance of Commission Rule 4 CCR 723-2-2187(d)(III) and Waiver of Commission Rules 4 CCR 723-2-2187 (f)(II)(F), (H), (K) through (N)

1. Pursuant to Rule 4 *Code of Colorado Regulations* ("CCR") 723-1-1003, all waiver and variance requests shall include (I) citation to the specific paragraph of the rule or order from which the waiver or variance is sought; (II) a statement of the waiver or variance requested; (III) a statement of facts and circumstances relied upon to demonstrate why the Commission should grant the request; (IV) a statement regarding the duration of the requested waiver or variance, explaining the specific date or event which will terminate it; (V) a statement whether the waiver or variance, if granted, would be full or partial; and (VI) any other information required by rule.

Variance of Commission Rule 4 CCR 723-2-2187(d)(III)

2. TAG Mobile seeks a full variance of Rule 2187(d)(III) that requires an ETC to describe the service area in which the Applicant seeks designation as an ETC by metes and bounds. As to duration, the Parties request that this variance be for the filing of this application only since the metes and bounds description is information to be included in the application when filed.

3. TAG Mobile is a beneficial user of the Sprint and Verizon networks.

4. Much of Sprint's and Verizon's Colorado networks are located along the I-25, I-70 and I-76 highways in Colorado.

5. As such, the underlying carrier's physical network does not precisely correlate within a metes and bounds description as required by Rule 2187(d)(III). However, a list of the exchanges of Qwest Corporation in Colorado where TAG Mobile will serve is contained on Attachment 1 and adequately describes its service area.

**Waiver of Commission Rules
4 CCR 723-2-2187 (f)(II)(F), (H), (K) through (N)**

6. TAG Mobile requests to be granted a full waiver from Rules 2187 (f)(II)(F), (H), (K) through (N), which would require the submission of a detailed exhibit showing network expansion plans paid for by high cost funds in areas where TAG Mobile has been designated an ETC. As to duration, the Parties request that this waiver be in effect until either (1) TAG Mobile provides services on its own network, or (2) this Commission modifies Rules 4 CCR 723-2-2187(f)(II)(F), (H), (K) through (N) or the FCC modifies its blanket forbearance of the "own facilities" requirement.

7. TAG Mobile promotes its Lifeline service offering throughout its service area through television, radio, and print advertising notifying customers of the availability of TAG Mobile Lifeline service.

8. TAG Mobile seeks ETC designation for the limited purpose of providing universal service to low-income Lifeline consumers. TAG Mobile is not seeking Federal universal service high-cost support nor Colorado high cost support in its service area.

9. Because TAG Mobile does not seek high cost USF support, the Parties agree that it would be in the public interest and consistent with the *FCC 12-11 Lifeline Order*⁵ for TAG Mobile to be granted a full waiver from Rules 2187 (f)(II)(F), (H), (K) through (N).

10. TAG Mobile's Lifeline program furthers the statutory goal that basic service be available and affordable to all citizens of the state of Colorado.

11. TAG Mobile's Lifeline product offerings provide an additional choice of another provider offering Lifeline service for low-income consumers, which is a significant benefit for those consumers and is in the public interest.

12. The Parties stipulate and agree that TAG Mobile has shown good cause, that its Lifeline offerings as described in Attachment 3 meets all applicable state and federal requirements, and its ETC designation for Colorado low-income universal service purposes will serve the public interest, convenience and necessity, that it does not receive high cost USF support in Colorado, that its television, radio and print advertising adequately informs potential customers of the availability of TAG Mobile Lifeline service throughout its proposed ETC service area, and recommend that the Commission grant a full variance from 4 CCR 723-2-2187(d)(III) and a full waiver from 4 CCR 723-2-2187 (f)(II)(F), (H), (K) through (N).

Federal ETC Designation For the Limited Purpose of Offering Lifeline

1. TAG Mobile is a commercial mobile radio service ("CMRS") provider, and a common carrier as defined by 47 U.S.C. § 153(10) and 47 C.F.R. § 20.9(a)(7).

2. TAG Mobile has been granted ETC status to offer Lifeline wireless services in West Virginia, Arkansas, Maryland, Texas, Oklahoma, Kentucky, and Louisiana. TAG Mobile

⁵ The *FCC 12-11 Lifeline Order* streamlined the reporting requirements for ETCs designated by the FCC and an ETC applicant is no longer required to submit a five-year network improvement plan.

offers both Lifeline and non-Lifeline service, has been in business for two years, and has ample financial resources to expand its services to Colorado. TAG Mobile receives revenue from the following non-Lifeline supported sources: 1) Replenishment packages; 2) pre-paid service and product sales; and 3) wholesale wireless service sales. As of the date of this Stipulation, TAG Mobile has not been the subject of any Enforcement Action in any state.

3. TAG Mobile provides each of the supported services set forth in 47 C.F.R. § 54.101(a), as amended, by the *Lifeline Reform Order*,⁶ and has shown an intent and ability to offer those services once designated an ETC throughout the areas set forth on Attachment 1 of the Stipulation contingent on FCC approval of TAG Mobile's compliance plan.

4. TAG Mobile shall initially offer a choice of two (2) Lifeline plans to eligible Lifeline customers as described in Attachment 3. Both of TAG Mobile's Lifeline Plans described in Attachment 3 are in compliance with 4 CCR 723-2, 2187(d)(XII) in that, with respect to Lifeline Plan #1, the availability and cost of replenishment minute packages meet the requirements set forth in the rule. TAG Mobile Lifeline service plans are available for enrollment and/or purchase via TAG Mobile's website or any authorized TAG Mobile Agent or retail dealer location.

5. TAG Mobile agrees to work with the Colorado Department of Human Services regarding certification and verification of the eligibility of Lifeline customers. It is understood that TAG Mobile, as a prepaid provider, will not be required to obtain or retain complete social security numbers of customers. However, in compliance with *FCC 12-11 Lifeline Order*, TAG Mobile will obtain and retain the last four digits of the social security number of its customers.

⁶ Effective April 2, 2012, published on March 2, 2012, in the Federal Register at 77 Federal Register 12952.

TAG Mobile has included as Attachment 5 the proposed revised Lifeline form for use in Colorado in compliance with *FCC 12-11 Lifeline Order*.

6. TAG Mobile's Lifeline plans are not offered on a distance sensitive basis and there is no additional charge for toll minutes of use. As such, toll limitation is not a concern because of the prepaid nature of these Lifeline plans. Prepaid offerings, by their very construct, act as a toll limitation mechanism.

7. The parties agree that TAG Mobile's application seeking ETC designation for the purpose of offering Link-Up is moot. In the *FCC 12-11 Lifeline Order*, the FCC eliminated support for Link-Up for all ETCs on non-Tribal lands.

8. The *FCC 12-11 Lifeline Order* further requires each applicant seeking ETC designation to submit to the FCC for approval a compliance plan that contains the information as outlined in Section 5.c of the Preliminary Statement above. TAG Mobile has filed with the FCC the compliance plan described therein, and has attached it to this Stipulation as Attachment 4.

9. TAG Mobile agrees to file as a compliance filing with this Commission the FCC's approval of its FCC Compliance Plan. The Parties further agree that approval of TAG Mobile's application and its designation as a Colorado ETC is contingent upon the FCC's approval of TAG Mobile's FCC Compliance Plan. If the FCC requires modification of or denies TAG Mobile's Compliance Plan, TAG Mobile will notify the Parties and the Commission by filing a pleading in this docket within 7 calendar days from the date the FCC requires modification or denied TAG Mobile's Compliance Plan. If the FCC requires modifications to TAG Mobile's Compliance Plan, the Parties will determine whether conforming modifications to the Amended Stipulation or its attachment are required.

10. The Parties stipulate and agree that with the incorporation of the agreed upon terms and conditions in Attachments 2 and 3, designating TAG Mobile as an ETC in the study areas and wire centers set forth in Attachment 1, serves the public interest, convenience and necessity, as required by 47 U.S.C. § 214(e)(2) and §§ 40-15-101, 40-15-501, and 40-15-502, C.R.S. The Parties further stipulate and agree that the areas shown in Attachment 1 are approved on a contingent basis, contingent on TAG Mobile receiving FCC approval of its FCC Compliance Plan. TAG Mobile shall not offer Lifeline Service in areas shown in Attachment 1 until such approval has been granted by the FCC.

11. Without waiving any of its positions stated in this proceeding, TAG Mobile has entered into this Stipulation with Staff, the Authorities, and the OCC to settle this matter. Thus, the Parties stipulate and agree that TAG Mobile shall provide its ETC Lifeline universal service offerings in Colorado pursuant to this Stipulation (including attachments 1 through 3). TAG Mobile has two Lifeline Basic Universal Service Plans, Lifeline Plan #1 and Lifeline Plan #2 ("LBUS Plans"). Both of the LBUS Plans (as described in Attachment 3 to the Stipulation) are included in the referenced Lifeline Basic Universal Service. The Parties agree that TAG Mobile's provision of its universal service offering as an ETC shall be governed by the following requirements:

- A. The Commission, its Staff, or an interested person becomes aware of a change to the LBUS Plans because TAG Mobile is required in Attachment 2 at § K.4 to notify the Commission of any changes to its existing Lifeline plans or offering of new Lifeline plans at least 30 days in advance of implementing the change(s) or new plan(s). TAG Mobile must file an application with the Commission in order to modify its existing LBUS Plans before implementing any changes to its LBUS Plans. Interested persons would become aware of the change through the notice requirement in Rule 4 CCR 723-1-1206. In the event TAG Mobile desires to implement lifeline plans in addition to the LBUS Plans to meet the needs of its customers, notification of these changes will be provided in

accordance with TAG Mobile's Service Agreement, attached hereto as Exhibit B.

- B. Upon appropriate pleading, or upon its own motion, the Commission may investigate any change to TAG Mobile's Lifeline Basic Universal Service Description, Terms and Conditions and Operating Procedures, and TAG Mobile agrees to respond to requests for information from the Commission Staff. After notice to TAG Mobile and a subsequent investigation, the Commission may find that a change is not consistent with TAG Mobile's ETC status or results in a universal service Lifeline offering that is not eligible for universal service Lifeline funding. TAG Mobile shall thereafter make such changes as are necessary to bring its Lifeline offering into compliance with such requirements. The Parties agree that the Commission has authority to enforce compliance with this Stipulation and pursuant to 4 CCR 723-2-2187 and, consistent with this Paragraph, may exercise its audit powers derived from Section 40-15-107, C.R.S., with respect to the basic universal service Lifeline offerings or the Company's ETC status.
- C. For changes to any additional lifeline plans or implementation of new lifeline plans, other than the LBUS Plans, Staff may investigate and obtain any necessary data through its audit powers once the Commission is notified of changes. This process should work in the same manner that occurs when Staff reviews tariff filings. Staff will work cooperatively with TAG Mobile to get the information in order to assess whether the changes are in the public interest or may otherwise impact TAG Mobile's eligibility to receive Lifeline funding. If there is disagreement between Staff and TAG Mobile, either party, any interested person, or the OCC may file a formal complaint with, or seek a declaratory ruling from, the Commission. Staff may also notify the FCC and USAC if it believes the Lifeline offerings are not eligible for funding. TAG Mobile will have an opportunity to contest a Staff position that a change is not consistent with TAG Mobile's ETC status or results in a universal service Lifeline offering that is not eligible for universal service Lifeline funding by filing (1) an application to change its LBUS Plans, (2) a formal complaint, or (3) a request for declaratory ruling in which case an evidentiary hearing may be held.
- D. The investigation will be completed in the 30-day period between the notification of proposed change and TAG Mobile's implementation of the change if the Parties reach an agreement. However, if TAG Mobile desires to modify the LBUS Plans, TAG Mobile must file an application the LBUS Plans as stated above. TAG Mobile may not implement the proposed change if the investigation has not been completed.

- E. The Parties acknowledge that because TAG Mobile is using the network of its underlying carriers Sprint and Verizon throughout its service area, that no notice to Public Safety Answering Points (PSAPs) is required.
- F. The Parties agree that TAG Mobile shall remit and pay the prepaid wireless E911 charge of one and four-tenths percent, as specified in C.R.S § 29-11-102.5, of \$0.19 on its 250 free prepaid minutes (Lifeline Plan #1) provided to eligible Lifeline customers based on a value of \$13.60 per month in Colorado. The Parties further agree that TAG Mobile shall remit and pay the prepaid wireless E911 charge of one and four-tenths percent, as specified in C.R.S § 29-11-102.5, of \$0.42 on its 1000 prepaid minutes (Lifeline Plan #2) provided to eligible Lifeline customers based on a value of \$30.00 per month in Colorado. In the event C.R.S § 29-11-102.5 is amended to change the E911 charge, TAG Mobile shall pay the E911 charge at the amended rate and in the same manner as its wireless Lifeline competitors. TAG Mobile shall notify the Commission of the amount paid to the appropriate state agency for imputing the E911 charge on its free minutes at the time the payment is made. TAG Mobile will also pay the prepaid wireless E911 charge on all pre-paid and/or replenishment voice minutes sold independently of the LBUS Plans. For prepaid minutes bundled with text messages or other services sold directly through TAG Mobile, TAG Mobile will pay the prepaid wireless E911 charge on the full amount of the retail transaction. In the event that TAG Mobile develops a system to separate out the voice minute charges from non-voice charges at the point of sale, TAG Mobile shall notify the PUC at least 30 days in advance of its intent to pay the prepaid wireless E911 charge only on voice minutes when bundled with text messages or other services. The 911 Authorities reserve the right to file a complaint with the State Commission contesting TAG Mobile's intent not to pay the E-911 charge on bundled services.
- G. The Parties agree that TAG Mobile shall remit and pay the Colorado High Cost charge, at the rate then in effect, on all intrastate retail voice minute revenues (calculated based on the safe harbor percentage established by the FCC then in effect, currently 62.9 percent intrastate) from voice minutes above the 250 free voice minutes (Lifeline Plan #1). The Parties further agree that TAG Mobile shall remit and pay the Colorado High Cost charge, at the rate then in effect, on all intrastate retail voice minute revenues (calculated based on the safe harbor percentage established by the FCC then in effect) from the 750 voice minutes above the 250 free voice minutes (Lifeline Plan #2), calculated based on the per minute value of \$0.267 (\$20/750).
- H. The Parties agree that TAG Mobile provides all its customers with the ability to make and receive interexchange or toll calls through

interconnection arrangements made by TAG Mobile or its underlying providers.

- I. TAG Mobile commits to provide service throughout its proposed designated service area as listed in Attachment 1 of this Settlement to all customers making a reasonable request for service. TAG Mobile certifies that it will provide service on a timely basis and that it will follow the FCC's six-step process as defined in 47 C.F.R. § 54.202(a)(1)(i).
- J. Before offering Lifeline service TAG Mobile will place on its website for the state of Colorado, the Commission's contact information as listed in Attachment 2, Section D.3, to the Stipulation for any unresolved customer questions or complaints.

I. GENERAL PROVISIONS

12. Without waiving any of its positions stated in this case, TAG Mobile desires to end further uncertainty in this Docket by entering this Stipulation. Accordingly, the Parties hereby agree to be bound to the terms of this Stipulation. The Parties recognize and acknowledge that should the Commission or the FCC determine a change in the particular regulatory treatment applicable to wireless ETC designees, in further rulemakings or otherwise, any such lawful and applicable determinations would apply to TAG Mobile.

13. This Stipulation is a settlement of disputed and compromised claims and accordingly, this Stipulation is made for settlement purposes only. No Party concedes the validity or correctness of any regulatory principle or methodology directly or indirectly incorporated in this Stipulation.

14. All witnesses of the Parties will support all aspects of the Stipulation and Settlement Agreement embodied in this document in any hearing conducted to determine whether the Commission should approve this Stipulation. Each Party also agrees that, except as expressly provided in this Stipulation, it will take no action in any administrative or judicial proceeding, which would have the effect, directly or indirectly, of contravening the provisions of

this Stipulation. Without prejudice to the foregoing, the Parties expressly reserve the right to advocate positions different from those stated in this Agreement in any proceeding other than one necessary to obtain approval of, or enforce this Stipulation or a Commission order approving this Stipulation. Nothing in this Stipulation shall constitute a waiver by any Party with respect to any matter not specifically addressed in this Stipulation.

15. This Stipulation shall not become effective until the Commission issues a final order approving the Stipulation, which order does not contain any modification of the terms and conditions of this Stipulation that is unacceptable to any of the Parties to the Stipulation. In the event the Commission modifies this Stipulation in a manner unacceptable to any Party hereto, that Party may withdraw from the Stipulation and shall so notify the Commission and the other Parties to the Stipulation in writing within ten (10) days of the date of the Commission order. In the event a Party exercises its right to withdraw from the Stipulation, this Stipulation shall be null and void and of no effect in this or any other proceedings.

16. In the event this Agreement becomes null and void or in the event the Commission does not approve this Stipulation, this Stipulation, as well as the negotiation undertaken in conjunction with the Stipulation, shall not be admissible into evidence in these or any other proceedings.

17. The Parties state that they have reached this Stipulation by means of a negotiated process that is in the public interest, and that the results reflected in this Stipulation are just, reasonable and in the public interest. Approval by the Commission of this Stipulation shall constitute a determination that the Stipulation represents a just, equitable, and reasonable resolution of all issues, which were or could have been contested by the Parties with respect to the TAG Mobile Application.

18. This Stipulation is an integrated agreement that may not be altered by the unilateral determination of any Party.

19. This Stipulation may be executed in separate counterparts, including facsimile. The counterparts taken together shall constitute the Stipulation and Settlement Agreement. The Parties represent that the signatories, except Counsel for Staff of the Commission, to the Stipulation have full authority to bind their respective parties to the terms of the Stipulation.

WHEREFORE, the Parties respectfully submit this Stipulation and Settlement Agreement for approval by the Commission and request that the Commission grant such approval.

Petition for Forbearance, WC Docket No. 09-197, Order, DA 12-158 (Feb. 7, 2012).

ACCESS TO 911 AND E911 SERVICES⁵

Pursuant to the *Lifeline Reform Order*, forbearance is conditioned upon TAG: (1) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; and (2) providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services.⁶ TAG will comply with these conditions starting on the effective date of the *Lifeline Reform Order*.

TAG will provide its Lifeline customers with access to 911 and E911 services immediately upon activation of service. The Commission and consumers are hereby assured that all TAG customers will have available access to emergency calling services at the time that Lifeline service is initiated, and that such 911 and E911 access will be available from TAG handsets, even if the account associated with the handset has no minutes remaining.

TAG's existing practices currently provide access to 911 and E911 services for all customers. TAG uses Sprint and Verizon Wireless as its underlying network providers/carriers. Sprint and Verizon Wireless route 911 calls from TAG's customers in the same manner as 911 calls from Sprint and Verizon Wireless' own retail customers. To the extent that Sprint and Verizon Wireless are certified in a given PSAP territory, this 911 capability will function the same for TAG. TAG also currently enables 911 emergency calling services for all properly activated handsets regardless of whether the

account associated with the handset is active or suspended. Finally, TAG transmits all 911 calls initiated from any of its handsets even if the account associated with the handset has no remaining minutes.

E911-Compliant Handsets. TAG will ensure that all handsets used in connection with its Lifeline service offering will be E911-compliant. In point of fact, TAG's phones have always been and will continue to be 911 and E911-compliant. TAG uses phones purchased from various entities, and all phones undergo a thorough quality inspection by TAG prior to being distributed to customers. All TAG handsets are required to meet TAG's minimum handset specifications, which ensure that the handset models used meet all 911 and E911 requirements. As a result, any existing TAG customer that qualifies for and subsequently elects Lifeline service will already have a 911/E911-compliant handset provided by TAG. Additionally, any new customer that qualifies for and enrolls in TAG's Lifeline program is assured of receiving a 911/E911-compliant handset as well, free of charge.

COMPLIANCE PLAN

I. PROCEDURES TO ENROLL A SUBSCRIBER IN LIFELINE⁷

A. Policy

TAG will comply with the uniform eligibility criteria established in new section 54.409 of the Commission's rules (when it becomes effective on June 1, 2012), as well as any additional certification and verification requirements for Lifeline eligibility in states where TAG is designated as an ETC.

⁷ See Compliance Plan Public Notice at 3.

Therefore, all subscribers will be required to demonstrate eligibility based at least on: (1) household income at or below 135% of the Federal Poverty Guidelines for a household of that size; or (2) the household's participation in one of the federal assistance programs listed in new sections 54.409(a)(2) or 54.409(a)(3) of the Commission's rules. In addition, through the certification requirements described below, TAG will confirm that the subscriber is not already receiving a Lifeline service and no one else in the subscriber's household is subscribed to a Lifeline service.

B. Eligibility Determination

If TAG cannot determine a prospective subscriber's eligibility for Lifeline by accessing income databases or program eligibility databases, TAG's employees or agents ("Company personnel") will review documentation establishing eligibility pursuant to the Lifeline rules.⁸ All Company personnel who interact with current or prospective customers will be trained to assist Lifeline applicants in determining whether they are eligible to participate based on the federal and state-specific income-based and/or program-based criteria. These Company personnel will be trained to answer questions about Lifeline eligibility, and will review required documentation to determine whether it satisfies the *Lifeline Reform Order* and state-specific eligibility requirements using state-specific checklists.⁹

Proof of Eligibility. Company personnel will be trained on acceptable documentation required to establish income-based and program-based eligibility.¹⁰

⁸ See *Lifeline Reform Order*, ¶ 100; section 54.410(b)(1)(i)(B), 54.410(c)(1)(i)(B); Cricket Compliance Plan at 4.

⁹ See Cricket Compliance Plan at 6.

¹⁰ See *Lifeline Reform Order*, ¶ 101.

Acceptable documentation of program eligibility includes: (1) the current or prior year's statement of benefits from a qualifying state, federal or Tribal program; (2) a notice letter of participation in a qualifying state, federal or Tribal program; (3) program participation documents (e.g., the consumer's Supplemental Nutrition Assistance Program (SNAP) electronic benefit transfer card or Medicaid participation card (or copy thereof)); or (4) another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.¹¹

Acceptable documentation of income eligibility includes the prior year's state, federal, or Tribal tax return; current income statement from an employer or paycheck stub; a Social Security statement of benefits; a Veterans Administration statement of benefits; a retirement/pension statement of benefits; an Unemployment/Workmen's Compensation statement of benefits; federal or Tribal notice letter of participation in General Assistance; or a divorce decree, child support award, or other official document containing income information for at least three months time.¹²

Company personnel will examine this documentation for each Lifeline applicant, and will record the type of documentation used to satisfy the income- or program-based criteria.¹³ TAG will not retain a copy of this documentation.¹⁴ Where Company personnel conclude that proffered documentation is insufficient to establish such eligibility, TAG will deny the associated application and inform the applicant of the

reason for such rejection.¹⁵ In the event that Company personnel cannot ascertain whether documentation of a specific type is sufficient to establish an applicant's eligibility, the matter will be escalated to the appropriately qualified supervisory personnel at TAG's corporate headquarters in Carrollton, Texas.¹⁶

De-Enrollment for Ineligibility. If TAG has a reasonable basis to believe that one of its Lifeline subscribers no longer meets the eligibility criteria, TAG will notify the subscriber of impending termination in writing and in compliance with any state dispute resolution procedures applicable to Lifeline termination, and give the subscriber 30 days to demonstrate continued eligibility.¹⁷ A demonstration of eligibility must comply with the annual verification procedures below and found in new rule section 54.410(f), including the submission of a completed and signed certification form.

C. Subscriber Certifications for Enrollment

TAG will implement certification policies and procedures that enable consumers to demonstrate their eligibility for Lifeline assistance to Company personnel as detailed in the *Lifeline Reform Order*, together with any additional state certification requirements.¹⁸ TAG shares the Commission's concern about abuse of the Lifeline program and is thus committed to the safeguards stated herein, with the belief that these procedures will prevent TAG's customers from engaging in such abuse of the program, inadvertently or intentionally.¹⁹ Every applicant will be required to complete an

application/certification form containing disclosures, and collecting certain information and certifications as discussed below.²⁰ Applicants that do not complete the form in person will be required to submit a completed and signed application/certification to TAG by mail, facsimile, electronic mail or other electronic transmission, inclusive of the required proof of eligibility. Any evidentiary documentation submitted with the application/certification is used strictly to verify a consumer's eligibility to participate in the Lifeline program. Upon approval of the customer's application/certification, such proof of eligibility is either returned to the customer or destroyed, and is not retained by TAG, as previously stated in section I.B above. In addition, Company personnel will verbally explain the certifications to consumers when they are enrolling in person or over the phone.²¹

Disclosures. TAG's application/certification forms will include the following disclosures: (1) Lifeline is a federal benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program; (2) only one Lifeline service is available per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; (4) a household is not permitted to receive Lifeline benefits from multiple providers; (5) violation of the one-per-household limitation constitutes a violation of the Commission's rules and will result in the applicant's de-enrollment from the program; and (6) Lifeline is a non-

transferable benefit and the applicant may not transfer his or her benefit to any other person.²²

Application/certification forms will also state that: (1) the service for which the consumer is applying is a Lifeline service, (2) Lifeline is a government assistance program, and (3) only eligible consumers may enroll in the program.²³

In addition, TAG will notify the applicant that the Lifeline service must be personally activated by the applicant/subscriber and the service will be deactivated and the subscriber de-enrolled if the subscriber does not use the service for 60 days.²⁴

Information Collection. TAG will also collect the following information from the applicant in the application/certification form: (1) the applicant's full name;²⁵ (2) the applicant's full residential address (P.O. Box is not sufficient²⁶); (3) whether the applicant's residential address is permanent or temporary; (4) the applicant's billing address, if different from the applicant's residential address; (5) the applicant's date of birth; (6) the last four digits of the applicant's Social Security number (or the applicant's Tribal identification number, if the subscriber is a member of a Tribal nation and does not have a Social Security number); (7) if the applicant is seeking to qualify for Lifeline under the program-based criteria, the name of the qualifying assistance program from which the applicant, his or her dependents, or his or her household receives benefits;²⁷

and (8) if the applicant is seeking to qualify for Lifeline under the income-based criterion, the number of individuals in his or her household.²⁸

Applicant Certification. Consistent with new rule section 54.410(d)(3), TAG will require the applicant to certify, under penalty of perjury, in writing or by electronic signature or interactive voice response recording,²⁹ the following: (1) the applicant meets the income-based or program-based eligibility criteria for receiving Lifeline; (2) the applicant will notify TAG within 30 days if for any reason he or she no longer satisfies the criteria for receiving Lifeline including, as relevant, if the applicant no longer meets the income-based or program-based criteria for receiving Lifeline support, the applicant is receiving more than one Lifeline benefit, or another member of the applicant's household is receiving a Lifeline benefit; (3) if the applicant is seeking to qualify for Lifeline as an eligible resident of Tribal lands, that he or she lives on Tribal lands; (4) if the applicant moves to a new address, that he or she will provide that new address to TAG within 30 days; (5) if the applicant provided a temporary residential address to TAG, the applicant will be required to verify his or her temporary residential address every 90 days; (6) the applicant's household will receive only one Lifeline service and, to the best of the applicant's knowledge, the applicant's household is not already receiving a Lifeline service;³⁰ (7) the information contained in the applicant's application/certification form is true and correct to the best of the applicant's knowledge;³¹ (8) the applicant acknowledges that providing false or fraudulent

information to receive Lifeline benefits is punishable by law; and (9) the applicant acknowledges that the applicant may be required to re-certify his or her continued eligibility for Lifeline at any time, and the applicant's failure to re-certify as to the applicant's continued eligibility will result in de-enrollment and the termination of the applicant's Lifeline benefits pursuant to the de-enrollment policy included below and in the Commission's rules.

In addition, the applicant will be required to authorize TAG to access any records required to verify the applicant's statements on the application/certification form and to confirm the applicant's eligibility for the Lifeline credit.³² The applicant must also authorize TAG to release any records required for the administration of the Lifeline credit program, including to USAC to be used in a Lifeline program database.³³

D. Annual Verification Procedures

TAG will annually re-certify all subscribers by querying the appropriate eligibility databases or obtaining a signed certification from each subscriber consistent with the certification requirements above and new section 54.410(d) of the Commission's rules. This certification will include a confirmation that the applicant's household will receive only one Lifeline service and, to the best of the subscriber's knowledge, the subscriber's household is receiving no more than one Lifeline service.³⁴ TAG will notify each

³² *See id.*

³³ *See* Section 54.404(b)(9). The application/certification form will also describe the information that will be transmitted, that the information is being transmitted to USAC to ensure the proper administration of the Lifeline program and that failure to provide consent will result in the applicant being denied the Lifeline service. *See id.* *See also* Cricket Compliance Plan at 5.

participating Lifeline customer annually that he or she must confirm his or her continued eligibility in accordance with the applicable requirements.³⁵ Further, the verification materials will inform the subscriber that he or she is being contacted to re-certify his or her continuing eligibility for Lifeline service and if the subscriber fails to respond, he or she will be de-enrolled from the program.³⁶

2012 Verification. TAG will re-certify the eligibility of each of its existing subscribers as of June 1, 2012 on a rolling basis by the end of 2012 and report the results to USAC by January 31, 2013.³⁷ TAG will contact its subscribers via text message to their Lifeline supported telephone, or by mail, phone, email or other Internet communication. The notice will explain the actions the customer must take to retain their Lifeline benefits, when such Lifeline benefits may be terminated, and how to contact TAG in response to the re-certification requirement.

Verification De-Enrollment. TAG will de-enroll subscribers that do not respond to the annual verification or fail to provide the required certification.³⁸ TAG will give subscribers 30 days to respond to the initial annual verification inquiry. If the subscriber does not respond, TAG will send a separate written notice explaining that failure to respond within 30 days will result in the subscriber's de-enrollment from the Lifeline program. If the subscriber does not respond within 30 days from the date of the written notice, TAG will de-enroll the subscriber within five business days.

³⁷ See *id.*, ¶ 130.

³⁸ See *id.*, ¶ 142; section 54.54.405(e)(4).

E. Activation and Non-Usage

TAG will not consider a Lifeline subscriber activated, and will not seek reimbursement for Lifeline service for that subscriber, until the subscriber activates TAG's Lifeline service by affirmatively acknowledging that they are the applicant and that they have applied for and wish to receive Lifeline service from TAG.³⁹ In addition, after service activation, TAG will provide a de-enrollment notice to subscribers that have not used their service for 60 days. After 60 days of non-use, TAG will provide notice to the subscriber that failure to use the Lifeline service or provide other confirmation directly to TAG that the subscriber wishes to retain their Lifeline service within 30-days from the date of the de-enrollment notice will result in de-enrollment from the Lifeline program.⁴⁰ Subscribers can "use" the service by: (1) completing an outbound call; (2) purchasing minutes from TAG to add to the subscriber's plan; (3) answering an incoming call from a party other than TAG; or (4) responding to a direct contact from TAG confirming that the subscriber wants to continue receiving the service.⁴¹

If the subscriber does not respond to the notice as provided above, the subscriber will be de-enrolled from the Lifeline program and TAG will not request further Lifeline

³⁹ TAG's activation process requires customers to contact the TAG Customer Welcome Center to activate their service upon receipt of their handset. New activations are routed to a dedicated activation hotline where TAG's specially trained Customer Support Agents validate the information contained in the subscriber's application, receive affirmative acknowledgment that the individual activating the phone is the applicant and that they have applied for and wish to receive Lifeline service from TAG, and then activate the Lifeline Service.

⁴⁰ See *Lifeline Reform Order*, ¶ 257; section 54.405(e)(3). See Cricket Compliance Plan at 2 (stating that it did not need to implement a non-usage policy because it offered only plans with unlimited local and long distance calling).

reimbursement for the subscriber. TAG will report annually to the Commission the number of subscribers de-enrolled for non-usage by month.⁴²

F. Additional Measures to Prevent Waste, Fraud and Abuse

To supplement its verification and certification procedures, and to better ensure that customers understand the Lifeline service restrictions with respect to duplicates, TAG will implement measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household. These measures entail additional emphasis in written disclosures as well as live due diligence.⁴³

In addition to checking the National Lifeline Accountability Database contemplated in the *Lifeline Reform Order* (the "Database") when it becomes available, Company personnel will emphasize the "one Lifeline phone per household" restriction in their direct sales contacts with potential customers.⁴⁴ Training materials will include a discussion of the limitation to one Lifeline phone per household, and the need to ensure that the customer is informed of this restriction.⁴⁵ All Company personnel interacting with existing and potential Lifeline customers will undergo training regarding the eligibility and certification requirements in the *Lifeline Reform Order* and this Compliance Plan.

National Lifeline Accountability Database. When the Database becomes available, TAG will comply with the requirements of new rule section 54.404. TAG will query the Database to determine whether an applicant is currently receiving Lifeline

service from another ETC and whether anyone else living at the applicant's residential address is currently receiving Lifeline service.⁴⁶

One-Per-Household. TAG will implement the requirements of the *Lifeline Reform Order* to ensure that it provides only one Lifeline benefit per household⁴⁷ through the use of its application/certification forms discussed above, internal database checks and its marketing materials discussed below. Upon receiving an application for Lifeline service, TAG will search its own internal records to ensure that it does not already provide Lifeline-supported service to someone at the same residential address.⁴⁸ If so, and the applicant lives at an address with multiple households, TAG will require the applicant to complete and submit a written USAC document containing the following: (1) an explanation of the Commission's one-per-household rule; (2) a check box that an applicant can mark to indicate that he or she lives at an address occupied by multiple households; (3) a space for the applicant to certify that he or she shares an address with other adults who do not contribute income to the applicant's household and share in the

⁴⁶ See *Lifeline Reform Order*, ¶ 203. Company will also transmit to the National Database the information required for each new and existing Lifeline subscriber. See *id.*, ¶¶ 189-195; section 54.404(b)(6). Further, Company will update each subscriber's information in the National Database within ten business days of any change, except for de-enrollment, which will be transmitted within one business day. See section 54.404(b)(8),(10).

⁴⁷ A "household" is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians. See *Lifeline Reform Order*, ¶ 74; section 54.400(h).

⁴⁸ See *id.*, ¶ 78 and Cricket Compliance Plan at 7.

household's expenses or benefit from the applicant's income, pursuant to the Commission's definition; and (4) the penalty for a consumer's failure to make the required one-per-household certification (*i.e.*, de-enrollment).⁴⁹ Further, if an applicant provides a temporary address on his or her application/certification form collected as described above, TAG will verify with the applicant/subscriber every 90 days that the address provided in the application/certification remains valid.⁵⁰

Finally, Company personnel will inform each Lifeline applicant that he or she may be receiving Lifeline support under another name, facilitate the applicant's understanding of what constitutes "Lifeline-supported services," and assist in determining whether he or she is already benefiting from Lifeline support, by informing the consumer that not all Lifeline services are currently marketed under the name Lifeline.

Marketing Materials. Within the deadline provided in the *Lifeline Reform Order*, TAG will include the following information regarding its Lifeline service on all marketing materials describing the service: (1) it is a Lifeline service,⁵¹ (2) Lifeline is a government assistance program, (3) Lifeline service is non-transferable, (4) only eligible consumers may enroll in the Lifeline program, (5) the Lifeline program is limited to one discount per household; (6) what documentation is necessary for enrollment; (7) TAG's name (the ETC); and (8) a statement informing consumers that willfully making a false statement in order to obtain the Lifeline benefit can be punished by fine, imprisonment or being barred from the program.⁵² These statements will be included in all print, audio

video and web materials (including social networking media) used to describe or enroll customers in TAG's Lifeline service offering, as well as TAG's application/certification forms and annual re-certification forms.⁵³ This specifically includes the Company's website (www.tagmobile.com) and any outdoor signage.⁵⁴ Samples of TAG's marketing materials are included as Exhibit C.

G. Company Reimbursements From the Fund

To ensure that TAG does not seek reimbursement from the Fund without a subscriber's consent, TAG will certify, as part of each reimbursement request, that it is in compliance with all of the Commission's Lifeline rules and, to the extent required, has obtained valid application/certification and verification forms from each of the subscribers for whom it is seeking reimbursement.⁵⁵ Further, the Company will transition the submission of its FCC Forms 497 to the eighth day of each month in order to be reimbursed the same month, and inform USAC, to the extent necessary, to transition its reimbursement process to actual claims rather than projected claims over the course of more than one month.⁵⁶ In addition, TAG will keep accurate records as directed by USAC⁵⁷ and as required by new section 54.417 of the Commission's rules.

H. Annual Company Certifications

TAG will submit an annual certification to USAC, signed by a Company officer under penalty of perjury, that TAG: (1) has policies and procedures in place to review

consumers' proof of eligibility documentation and ensure that its Lifeline subscribers are eligible to receive Lifeline services;⁵⁸ (2) is in compliance with all federal Lifeline certification procedures;⁵⁹ and (3) has obtained a valid application/certification form for each subscriber for whom TAG seeks Lifeline reimbursement.⁶⁰

In addition, TAG will provide the results of its annual re-certifications/verifications to the Commission, USAC, the applicable state commission and the relevant Tribal governments (for subscribers residing on Tribal lands) on an annual basis.⁶¹ Further, as discussed above, TAG will report annually to the Commission the number of subscribers de-enrolled for non-usage by month.⁶²

TAG will also annually report to the Commission, USAC, and relevant state commissions and the relevant authority in a U.S. territory or Tribal government as appropriate,⁶³ the Company name, names of TAG's holding company, operating companies and affiliates, and any branding (such as a "dba" or brand designation) as well as relevant universal service identifiers for each entity by Study Area Code.⁶⁴ TAG will report annually information regarding the terms and conditions of its Lifeline plans for voice telephony service offered specifically for low income consumers during the previous year, including the number of minutes provided and whether there are additional

charges to the consumer for service, including minutes of use and/or toll calls.⁶⁵ Finally, TAG will annually provide detailed information regarding service outages in the previous year, the number of complaints received and certification of compliance with applicable service quality standards and consumer protection rules, as well as a certification that TAG is able to function in emergency situations.⁶⁶

L Cooperation with State and Federal Regulators

TAG has cooperated and will continue to cooperate with federal and state regulators to prevent waste, fraud and abuse. More specifically, TAG will:

- Make available state-specific subscriber data, including the names and addresses of its Lifeline subscribers, to USAC and to each state public utilities commission where TAG operates for the purpose of determining whether an existing Lifeline subscriber receives Lifeline service from another carrier;⁶⁷
- Assist the Commission, USAC, state commissions, and other ETCs in resolving instances of duplicative enrollment by Lifeline subscribers, including by providing to USAC and/or any state commission, upon request, the necessary information to detect and resolve duplicative Lifeline claims;
- Promptly investigate any notification that it receives from the Commission, USAC, or a state commission to the effect that one of its customers already receives Lifeline service from another carrier; and
- Immediately de-enroll any subscriber whom TAG has a reasonable basis to believe⁶⁸ is receiving Lifeline-supported service from another ETC or is no longer eligible to participate in the Lifeline program – whether or not

such information is provided by the Commission, USAC, or a state commission.⁶⁹

II. Description of Lifeline Service Offerings⁷⁰

TAG will offer its Lifeline service in the states where it is designated as an ETC⁷¹ and throughout the coverage area of its underlying providers, Sprint and Verizon Wireless. TAG's Lifeline offering will provide customers with at least 100 anytime voice minutes per month, and text messaging at a rate of 3 texts per voice minute, at no charge.⁷² Lifeline customers can purchase additional bundles of minutes, referred to in TAG's general terms and conditions as Replenishment plans. TAG's Replenishment plans are available in either 7 day or 30 day increments, and include text messaging and data service. Standard Replenishment plan pricing and terms are as follows:

7 Day Plan – 100 minutes, up to 200 text messages & 5MB data⁷³ for \$7.00
30 Day Plan 1 – 500 minutes, up to 1000 text messages & 20MB data for \$20.00
30 Day Plan 2 – 1000 minutes, up to 1200 text messages & 30MB data for \$30.00

These Replenishment plans, or “top-up” minutes, are available for purchase at TAG's retail locations and on its website. Where text messaging is not included in a plan as a separate component, it is available with all TAG voice plans at the rate of three (3) texts, either sent or received, to one (1) minute of airtime usage. Additional information

⁷¹ TAG is currently designated as an ETC in Arkansas, Kentucky, Louisiana, Maryland, Oklahoma, and West Virginia.

⁷² TAG's Lifeline offering in Kentucky provides customers with 200 anytime voice minutes per month, and text messaging at a rate of 3 texts per voice minute. TAG's Lifeline offering in Oklahoma is not yet set and is subject to further discussions with staff.

regarding TAG's plans, rates and services can be found on its website at www.tagmobile.com.

In addition to free voice services, TAG's Lifeline plan will include a free handset and custom calling features at no charge, including Caller ID, Call Waiting, Call Forwarding, 3-Way Calling, and Voicemail. All plans include domestic long-distance at no extra per minute charge. Calls to 911 emergency services are always free, regardless of service activation or availability of minutes.

III. Demonstration of Financial and Technical Capabilities and Certifications Required for ETC Designation⁷⁴

Financial and Technical Capabilities. Revised Commission rule 54.202(a)(4), 47 C.F.R. 54.202(a)(4), requires carriers petitioning for ETC designation to demonstrate financial and technical capability to comply with the Commission's Lifeline service requirements.⁷⁵ The Compliance Plan Public Notice requires that carriers' compliance plan include this demonstration. Among the factors the Commission will consider are: a carrier's prior offering of service to non-Lifeline subscribers, the length of time the carrier has been in business, whether the carrier relies exclusively on Lifeline reimbursement to operate; whether the carrier receives revenues from other sources and whether the carrier has been the subject of an enforcement action or ETC revocation proceeding in any state.

TAG has been providing telecommunications service since March of 2010 and it has been providing Lifeline service since October of 2010. As discussed in Section II *supra*, TAG receives revenue from a number of sources which are completely

⁷⁴ See Compliance Plan Public Notice at 3.

⁷⁵ See *Lifeline Reform Order*, ¶¶ 387-388 (revising Commission rule 54.202(a)(4)).

independent from the revenue it receives in the form of Lifeline reimbursements. TAG's revenue stream includes, in addition to its Lifeline service offerings, income from the sale of replenishment airtime minutes, the sale of prepaid wireless service to non-Lifeline consumers, the sale of wholesale airtime to smaller and/or regional wireless service providers, and the sale of various other ancillary services, including but not limited to Wireless Land Line Replacement service, data services, and text only service packages. Consequently, TAG has not and will not be relying exclusively on Lifeline reimbursement for its operating revenues. TAG receives revenues from these wholesale and non-Lifeline retail offerings, and also has access to other financial resources including from its parent company. The Company has not been subject to enforcement sanctions or ETC revocation proceedings in any state.

Service Requirements Applicable to TAG's Support. The Compliance Plan Public Notice requires carriers to include "certifications required under newly amended section 54.202 of the Commission's rules."⁷⁶ TAG certifies that it will comply with the service requirements applicable to the support it receives.⁷⁷ TAG provides all of the telecommunications services supported by the Lifeline program and will make the services available to all qualified consumers throughout the states in which it is designated as an ETC. TAG's services include voice telephony services that provide voice grade access to the public switched network or its functional equivalent. TAG's service offerings provide its customers with a set number of minutes of use for local service at no charge to the customer. TAG's current Lifeline offerings include the

⁷⁷ 47 C.F.R. § 54.202(a)(1).

packages described in Section II *supra* that can be used for both local and domestic toll service.

TAG also will provide access to emergency services provided by local government or public safety officials, including 911 and E911 where available, and will comply with any Commission requirements regarding E911-compatible handsets. As discussed above, TAG will comply with the Commission's forbearance grant conditions relating to the provision of 911 and E911 services and handsets.

Finally, TAG will not provide toll limitation service ("TLS"), which allows low income consumers to avoid unexpected toll charges. However, since TAG is a prepaid service provider, customers cannot be disconnected for failure to pay toll charges, nor are there additional charges for exceeding their pre set minutes. Further, TAG, like most wireless carriers, does not differentiate domestic long distance toll usage from local usage and all usage is paid for in advance. Pursuant to the *Lifeline Reform Order*, subscribers to such services are not considered to have voluntarily elected to receive TLS.⁷⁸

IV. Conclusion

TAG submits that its Compliance Plan fully satisfies the conditions set forth in the Commission's *Lifeline Reform Order*, the Compliance Plan Public Notice and the Lifeline rules. Accordingly, TAG respectfully requests that the Commission expeditiously approve its Compliance Plan.

⁷⁸ See *Lifeline Reform Order*, ¶ 230.

Terms and Conditions:

Provision of a free phone and a preset amount of free monthly minutes of use are provided by TAG as part of the Universal Service Low Income support mechanism commonly referred to as the Lifeline program. Lifeline benefits are federal benefits limited to a single line of service per household. You may not receive multiple Lifeline discounts. You may apply your Lifeline discount to either one landline or one wireless number, but you cannot have the discount on both. Note that not all Lifeline services are currently marketed under the name Lifeline. If you do not qualify for Lifeline subsidized service, you may still purchase a phone and pay some text activation fees plus the cost of one of TAG's pre-paid service packages per month. In most cases, TAG service will only work on cellular handsets provided by participants from T-Mobile. Text messaging used with Lifeline service is discounted for mobile originating and mobile terminating messages at the rate of 5 cents either sent or received, to 1 of your free monthly minutes. It does not affect your minutes to check your coverage from any other phone. Unused Lifeline minutes expire at midnight 11:59 on the 30th day of the billing cycle associated with your Lifeline account, which is determined by your service initiation date. By activating and using this service you agree to indemnify and hold harmless TAG Mobile, LLC and its affiliates for any damages that arise from the use of the service. The wireless service discounted herein is provided on either the Sprint or Verizon Wireless Networks and is resold under the TAG Mobile brand. TAG Mobile is a registered trademark.
