

Decision No. C24-0865

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

PROCEEDING NO. 24AL-0275E

IN THE MATTER OF ADVICE LETTER NO. 871 FILED BY BLACK HILLS COLORADO ELECTRIC, LLC TO INCREASE BASE RATE REVENUES, TO IMPLEMENT REVISED BASE RATES FOR ALL RATE SCHEDULES, AND OTHER TARIFF REVISIONS EFFECTIVE JULY 15, 2024.

**COMMISSION DECISION
ADDRESSING MOTION FOR ELECTRIFY AMERICA,
LLC TO BE EXCUSED FROM HEARING AND REQUEST
FOR EXPEDITED RESPONSE TIME**

Issued Date: November 21, 2024

Adopted Date: November 20, 2024

I. BY THE COMMISSION

A. Statement

1. On June 14, 2024, Black Hills Colorado Electric, LLC, doing business as Black Hills Energy (“BHCOE” or the “Company”), filed Advice Letter No. 871 with tariff sheets to revise base rate revenue for all electric service in the Company’s Colorado P.U.C. No. 11 Tariff, along with certain other changes to its tariff. Black Hills filed the direct testimony of 13 witnesses in support of its request.

2. Through this Decision, the Commission shortens response time to the Motion for Electrify America, LLC to be Excused from Hearing and Request for Expedited Response Time filed by Electrify America, LLC (“Motion”), on November 13, 2024, until close of business on Friday, November 22, 2024.

B. Discussion, Findings and Conclusions

3. By Decision No. C24-0581-I,¹ issued on August 13, 2024, the Commission suspended the effective date of the tariff sheets filed with Advice Letter No. 871 an additional 130-days, to March 22, 2025, pursuant to § 40-6-111(1), C.R.S. By the same decision the Commission established the parties to this Proceeding.²

4. Electrify America filed testimony on October 11, 2024, in which it recommends that Black Hills “retain the LGS-SEV rate to ensure that [direct current fast charging] customers continue to have rate optionality and some measure of rate stability.”³ Through rebuttal, Black Hills indicates that it now proposes to continue offering the LGS-SEV and LGS-SNEV rate schedules for electric vehicle charging with the same price ratios and seasonality.⁴ As such, Electrify America considers its proposal to be unopposed. In its Motion, Electrify America requests to be excused from the hearing. Electrify America states that fair and efficient administration of the matter before the Commission justifies excusing Electrify America from the hearing currently scheduled for December 2-6 and December 9-11, 2024. Given the approaching evidentiary hearing, and intervening holidays, Electrify America requests an expedited response time of five business days in its Motion.

¹ Decision No. C24-0581-I was initially issued in error as Decision No. C24-0580-I. An Errata correcting that error issued on August 20, 2024.

² Parties to this Proceeding are: BHCOE; Staff of the Commission (“Staff”); the Colorado Office of Utility Consumer Advocate (“UCA”); the City of Pueblo, County of Pueblo, and Pueblo Economic Development Corporation (collectively “Pueblo”); Energy Outreach Colorado (“EOC”); Laborers International Union of North America, Local 720; Colorado Solar and Storage Association and the Solar Energy Industries Association (jointly “COSSA/SEIA”); Board of Water Works of Pueblo, The Fountain Valley Authority, and Colorado Springs Utilities/Southern Delivery System (collectively “Public Utility Intervenors”); City of Canon City and City of Florence (jointly “Canon City/Florence”); Electrify America, LLC; Western Resource Advocates/Sierra Club (jointly “WRA/Sierra Club”); Holcim (U.S.), Inc.

³ Hearing Exhibit 700, p. 14.

⁴ Hearing Exhibit 123, p. 23.

5. We find good cause to shorten response time to the Joint Motion to close of business on November 22, 2024. The Commission understands Electrify America’s request to be excused as early as possible before the hearing. However, the Motion indicates that Pueblo is opposed to the relief sought in the Motion. In light of apparent opposition to the Motion, we must balance the parties’ opportunity to respond with Electrify America’s desire for a speedy Commission decision. As such, the Commission finds good cause to shorten response time pursuant to Commission Rule 400(b), 4 *Colorado Code of Regulations* 723-1.

II. ORDER

A. The Commission Orders That:

1. Response time to the Motion for Electrify America, LLC to be Excused from Hearing and Request for Expedited Response Time filed by Electrify America, LLC, on November 13, 2024, is shortened until close of business on Friday, November 22, 2024, consistent with the discussion above.

2. This Decision is effective immediately upon its Issued Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING
November 20, 2024.**
