DOCKET NO. 02M-260T

IN THE MATTER OF THE COLORADO PUBLIC UTILITIES COMMISSION'S
RECOMMENDATION TO THE FEDERAL COMMUNICATIONS COMMISSION
REGARDING QWEST CORPORATION'S PROVISION OF IN-REGION, INTERLATA
SERVICES IN COLORADO.

ORDER CLOSING DOCKET

Mailed Date: January 30, 2003
Adopted Date: January 29, 2003

I. BY THE COMMISSION

A. Statement

1. Docket No. 02M-260T was originally opened as a continuation of Docket No. 98I-198T which the Commission opened to investigate Qwest Corporation's (Qwest's) compliance with § 271(c) of the Telecommunications Act of 1996. Docket No. 98I-198T was closed and the present docket was opened by Decision No. C02-546 to be the repository docket for any yet to be resolved wholesale issues and for notices of all *ex parte* communications that parties held with the Federal Communications Commission (FCC) on Qwest's pending § 271 application.

2. On December 23, 2002, the FCC released its decision FCC 02-332 which granted Qwest Communications International, Inc.'s application to provide in-region, InterLATA services in nine states, including Colorado. With the release of that decision and the resolution of all in-state § 271 issues, there is no longer a need for this repository docket. Therefore, by this decision, we close Docket No. 02M-260T. Any future filings dealing with Qwest's wholesale

performance should be filed as a new complaint, application or advice letter filings as the case warrants.
