PREVIOUSLY APPROVED AMENDMENT**

Mailed Date: March 27, 2003
Adopted Date: March 26, 2003

I. BY THE COMMISSION

A. Statement

1. This matter comes before the Colorado Public Utilities Commission (Commission) on the submittal of a Report of Adoption filed by Qwest Corporation (Qwest) and ICG Telecom Group, Inc. (ICG), pursuant to Commission Rule 4 *Code of Colorado Regulations* (CCR) 723-44-6.¹ The original Interconnection Agreement (Agreement) between Qwest and ICG for the provision of Qwest's local exchange services was approved by the Commission in Decision No. C00-1323 issued November 22, 2000.

2. The parties filed this Report of Adoption on March 11, 2003. The parties have agreed to amend their Agreement to add terms and conditions for Unbundled Network Elements (UNEs). The Amendment is attached to the Report of Adoption as Exhibit "A". This amendment has been previously approved in Colorado, as a part of Qwest's Statement of Generally Available Terms and Conditions for Interconnection, UNEs, Ancillary Services, and Resale of

¹ Colorado Public Utilities Commission Rules Establishing Procedures Relating to Submission for Approval of Interconnection Agreements, and any Amendments to Interconnection Agreements within Colorado by Telecommunications Carriers.

Telecommunications Services Eighth Revision (SGAT), filed on April 29, 2002, as amended in compliance filings filed June 13 and 28, 2002, and as approved by the Commission on July 2, 2002 by Decision No. C02-739 in Docket No. 02M-260T, and as amended by the Commission by Decision No. C02-932 on August 2, 2002.

3. The parties have complied with the requirements of 4 CCR 723-44 *et seq.* for the submission for approval of amendments to interconnection agreements. Additionally, the Report of Adoption contains all information required in 4 CCR 723-44-6.

4. Pursuant to § 252(i) of the Telecommunications Act of 1996 (Act), 47 U.S.C. § 252(i), an incumbent local exchange carrier (ILEC) shall make available any interconnection, service, or network element provided under an agreement or amendment previously approved by this Commission to which the ILEC is a party to any other requesting local exchange carrier upon the same terms and conditions as those provided in the agreement.

5. Part 47 U.S.C. § 251 *et seq.*, of the Act requires that the Commission review and approve or reject interconnection agreements involving ILECs like Qwest. To comply with the Act, rates in negotiated agreements must be just and reasonable, nondiscriminatory, and based on the cost of providing the interconnection or network element. 47 U.S.C. § 252(d). In reviewing agreements (or portions thereof) the Commission, generally, is guided by 47 U.S.C. § 252(e)(2), requiring that interconnection agreements not discriminate against non-parties and be consistent with the public interest, convenience, and necessity.

6. The Commission has previously approved the amended rates, terms, and conditions in the Amendments adopted by the parties. We find it consistent with the directives of

the Act, and of our own interconnection agreement rules to approve the Report of Adoption subject to our own rules and general rate-making proceedings.
