

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

DOCKET NO. 00T-595

---

IN THE MATTER OF THE APPLICATION FOR APPROVAL OF INTERCONNECTION  
AGREEMENT BETWEEN QWEST CORPORATION AND ICG TELECOM GROUP, INC.

---

**DECISION GRANTING JOINT MOTION FOR  
APPROVAL OF AMENDMENT TO THE  
INTERCONNECTION AGREEMENT**

---

Mailed Date: April 21, 2003

Adopted Date: April 16, 2003

**I. BY THE COMMISSION**

**A. Statement**

1. This matter comes before the Commission on the joint motion of Qwest Corporation (Qwest), and ICG Telecom Group, Inc. (ICG), for approval of an Amendment to their Interconnection Agreement (Agreement). The Agreement for the provision of Qwest's local exchange services was approved by the Commission in Decision No. C00-1323, issued November 22, 2000.

2. The parties filed this Amendment on March 6, 2003. The parties have agreed to amend the Agreement to add rates, terms, and conditions for Private Switch/Automatic Location Identification (PS/ALI) Service. ICG will only purchase PS/ALI service from Qwest – it does not intend to provide it to customers, nor does it intend to become a Basic Emergency Service Provider. Rates for PS/ALI are contained in Qwest's Exchange and Network Tariff, Section 9.

3. Under the terms of the 47 U.S.C. § 252(i) "pick and choose" provision of the Act, ICG may at some future date opt into the rates, terms, and conditions of Commission approved

and currently effective agreements, amendments, Statements of Generally Available Terms and Conditions, or tariffs:

[a] local exchange carrier shall make available any interconnection, service, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement.

4. Section 47 U.S.C. § 251 *et seq.* of the Act requires that the Commission review and approve or reject interconnection agreements involving incumbent local exchange carriers like Qwest. To comply with the Act, rates in negotiated agreements must be just and reasonable, nondiscriminatory, and based on the cost of providing the interconnection or network element. 47 U.S.C. § 252(e). In reviewing agreements (or portions thereof) the Commission, generally, is guided by 47 U.S.C. § 252(e)(2), requiring that interconnection agreements not discriminate against non-parties and be consistent with the public interest, convenience, and necessity.

5. The Commission has not previously approved all the amended terms and conditions proposed here. However, we find it consistent with the terms of the Agreement, the Act, and the interconnection agreement rules to approve the present amended terms and conditions subject to our own rules and general ratemaking proceedings.
