

**IMPORTANT CUSTOMER SURVEY
REQUEST FOR EXPANDED LOCAL CALLING
IN NORTHERN COLORADO
AND RESULTING RATE INCREASE**

Date:

Dear Customer:

The Colorado Public Utilities Commission (PUC) has asked Qwest to survey customers to find out your opinions about a proposal to expand the local calling area in Northern Colorado. If approved by the PUC, the expanded calling would result in a monthly increase of \$x.xx per line to Qwest's residential and business local phone service rates.

Your opinion is important to the PUC in deciding whether to approve this proposal. It is very important that you complete the survey below so the PUC knows whether a majority of customers supports the requested local calling area expansion with the resulting monthly rate increase. At least 50% of respondents to the survey must indicate support for this proposal so that it can be considered further.

The Proposed Local Calling Area Expansion:

Expanding the calling area means that calls between the exchanges listed below would now be local rather than long-distance calls:

From Exchange:	To Exchange:
Berthoud	La Salle, Nunn Telephone Company (Nunn exchange)
Eaton-Ault	Estes Park, Ft. Collins, Loveland, Mead
