**I. BY THE COMMISSION**

**A. Statement**

1. This matter comes before the Commission for consideration of an application filed by Public Service Company of Colorado (Public Service or Company) on March 10, 2020, for a Certificate of Public Convenience and Necessity (CPCN) to exercise franchise rights in the Town of Columbine Valley, Arapahoe County, Colorado (Columbine Valley or Town).

2. The Commission provided notice of this application on March 13, 2020, to all interested persons, firms, and corporations. No petition to intervene or notice of intervention has been filed, and thus the application is uncontested. Accordingly, the application will be determined without a formal hearing in accordance with § 40-6-109(5), C.R.S., and Rule 1403, 4 *Code of Colorado Regulations* (CCR) 723-1 of the Commission's Rules of Practice and Procedure.

3. Public Service is engaged in, *inter alia*, the transmission, purchase, distribution, and sale of electric and natural gas service in its certificated areas in the State of Colorado. The Town is located within such certificated areas.

4. Public Service requests the Commission issue a Decision granting it a CPCN to exercise franchise rights in Columbine Valley. Pursuant to Trustee Bill No. 11, Series of 2019, adopted November 19, 2019, the Town granted Public Service a 20-year franchise to provide electric and natural gas service within Columbine Valley, that will take effect May 6, 2020 and expire May 5, 2040.

5. On April 14, 1970 Columbine Valley passed and adopted Ordinance No. 46, granting Public Service a franchise to provide electric and natural gas service within Columbine Valley. On July 20, 1970, the Commission, in Decision No. 75407, Application No. 25743, granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 46.

6. On April 6, 1995, Columbine Valley passed and adopted Trustee Bill No. 3, Series of 1995, granting Public Service a franchise to provide electric and natural gas service within Columbine Valley. On October 13, 1995, the Commission, in Decision No. C95-1024, Application No. 95A-393F, granted Public Service a CPCN to exercise franchise rights as described in Trustee Bill No. 3, Series of 1995.

7. A utility wishing to exercise any franchise agreement or privileges entered into with a municipality must obtain a CPCN from the Commission pursuant to § 40-5-102, C.R.S. When the municipality and utility enter into a franchise agreement, that agreement must be submitted to the Commission for approval. *See* § 40-5-102, C.R.S. Such applications allow the Commission to review franchise agreements to ensure that the terms are reasonable and in the public interest.

8. The Commission understands the utility and the municipality may want to revise the terms established in a franchise agreement at some point in the future and that existing franchise agreements have scheduled expiration dates. Upon negotiation of a new or amended franchise agreement, the utility shall return to the Commission in a timely manner to obtain authorization to implement the provisions of the new franchise agreement. In the event that this franchise is not renewed at the expiration of its term or is terminated for any reason, the Company is directed to notify the Commission in a timely manner.

9. According to the franchise agreement, as consideration for the franchise rights granted and in recognition of Public Service's right to use the Town streets, the Town requires Public Service to collect and remit to the Town a franchise fee equal to 3 percent of all revenues received from the sale of electric and natural gas service within the Town, excluding revenues received from the Town for the sale of electric and natural gas service to the Town.

10. No other utility is authorized to provide electric and natural gas utility service within the areas for which Public Service seeks a certificate in this application.

11. We find the franchise is required by public convenience and necessity and the terms of the franchise agreement are just, reasonable, and in the public interest. However, in the event that issues of revenue requirement, cost allocation, and rate design are implicated by any provision of the franchise agreement, those issues will be analyzed in an appropriate Commission proceeding. Approval of the franchise agreement does not constitute approval of, or precedent regarding any principle or issue in revenue requirement, cost allocation, or rate design in any natural gas adjustment, refund, or rate case proceedings.

12. Public Service has provided electric and gas service in the Town since 1970, subject to a relevant franchise agreement. Because the areas encompassed by the

above-referenced franchises are currently served by Public Service, the Company is not required to provide a feasibility study for each area as set forth in Rule 3100(b)(VI) of the Rules Regulating Electric Utilities, 4 CCR 723-3, and Rule 4100(b)(VI), 4 CCR 723-4 of the Commission's Rules Regulating Gas Utilities and Pipeline Operators.

13. We find that Public Service has the financial ability and is qualified and competent to conduct the utility operations sought under its application.

14. Public Service's electric and natural gas service tariffs, currently on file with the Commission, will be used for service under this application.

15. Providing uninterrupted service to the residents of Columbine Valley is in the public interest. Therefore, the Commission finds that the application is in the public interest and should be granted.

## **II. ORDER**

### **A. The Commission Orders That:**

1. The application filed by Public Service of Colorado, for a Certificate of Public Convenience and Necessity (CPCN) to exercise franchise rights pursuant to Trustee Bill No. 11, Series of 2019, in the Town of Columbine Valley on March 10, 2020, is deemed complete and granted.

2. The grant of the CPCN to operate under the terms of this franchise agreement is in the public interest and in accordance with the terms of § 40-5-102, C.R.S.

3. The franchise shall remain in effect for a period of 20 years and terminates on May 5, 2040.

4. The 20-day time period provided by § 40-6-114(1), C.R.S., to file an application for rehearing, reargument, or reconsideration shall begin on the first day after the Commission mails this Decision.
