INTERRUPTIONS AND CURTAILMENTS OF SERVICE

The Company will construct, operate and maintain its natural gas systems in such manner as to furnish good, safe, adequate and continuous natural gas service in accordance with the Rules and Regulations of the Public Utilities Commission of the State of Colorado.

1. The Company will exercise reasonable diligence and care to furnish and deliver a continuous and sufficient supply of natural gas and to avoid any shortage or interruption of delivery. However, Company will not be liable for interruption, shortage, or insufficiency in the supply of natural gas, or for any injury, loss, or damage occasioned thereby, if same is due to causes or contingencies beyond the control of the Company including but not limited to accidents, the actions of the elements, acts of God, authority and orders of government, breakdown of equipment, broken pipes, burnouts, failure of gas supply, fires, flood, riots, storms, strikes, or war.
2. The Company, whenever it shall find it necessary for the purpose of making repairs or improvements to its system, will have the right to temporarily suspend the delivery of natural gas.
3. Interruptions in service, however, will not relieve Customer from any charges for service actually supplied, nor will accidents to Customer's equipment or machinery or failure of Customer's installation, not due to fault of Company, relieve Customer of payment of minimum charges under the applicable rate schedule or contract.
4. In the case of emergency, the Company shall have the right to grant a preference to that service which, in its sole judgment is most essential to the public welfare.

In case of a shortage of supply or constraints on the Company's system, the Company shall have the right to limit the availability of service within the affected area under any rate schedule. Specific rules and regulations setting forth limitations on existing and new customers in the event of natural gas supply shortages or system constraints are set forth below. In general, it shall be the policy of the Company to allocate its natural gas supplies in a manner consistent with a priority system granting preference to residential use, including residential end-users that take service under SCTS. For purposes of this tariff, the term "curtailment" shall mean the inability of a customer to receive gas due to a shortage of gas supply. The term "interruption" shall mean the inability of the Company to deliver gas supplies to a customer due to constraints on the Company's system. C

GAS TRANSPORTATION SERVICE GENERAL TERMS AND CONDITIONS

DEFINITION

Transportation Service is the provision of capacity (separate from Company purchased natural gas supplies) on the Company's distribution system on behalf of an End-User who desires to procure its own natural gas supplies. Transportation Service by Company consists of acceptance of gas tendered by Shipper to Company's Transportation System at a Point(s) of Receipt, and delivery for Shipper's account, including receipt at mainline measuring facilities.

1. For a Shipper(s), where the Shipper is the End-User or where the Shipper's Agent is providing service on behalf of one or more End-Users with a Delivery point located where Rocky Mountain Natural Gas LLC is the upstream transportation service provider, the Shipper or the Shipper's Agent will also be required to take certain upstream capacity by Limited Term Partial Assignment and, as applicable, limited capacity release as provided for in Gas Transportation Service General Terms And Conditions.

CUSTOMER CLASS DEFINITIONS

Only one class of service shall be furnished to an individual or corporation at a single address or premise. A single request for service cannot apply to different physical locations. Each meter under a request must be clearly identified by the Customer.

1. Small Commercial Transportation Service. Small Commercial Transportation Service is defined as service provided to commercial or residential customers consuming 500 Dth or less per year. D C
2. Large Commercial Transportation Service. Large Commercial Transportation Service is defined as service provided to commercial or residential customers consuming greater than 500 Dth per year. C
3. Irrigation and Seasonal Transportation Service. Irrigation Transportation Service is defined as service provided for pumping water for farm land irrigation purposes from an irrigation well. Crop drying service is defined as service provided for drying grain or crops. Seasonal Transportation Service is defined as service for End-Users that cannot consume natural gas from December 15 of a year through the last day of February of the following year.
