

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

DOCKET NO. 03R-554TR

IN THE MATTER OF THE PROPOSED REPEAL & REENACTMENT OF ALL RULES
REGULATING TRANSPORTATION BY MOTOR VEHICLE, AS FOUND IN 4 CCR 723-6,
9, 15, 23, 31, 33, AND 35.

COMMISSION ORDER DENYING EXCEPTIONS

Mailed Date: August 30, 2005

Adopted Date: July 8, 2005

I. BY THE COMMISSION:

A. Statement

1. This matter comes before the Commission for consideration of exceptions filed to Recommended Decision No. R05-0450, issued on April 20, 2005. That decision set forth proposed rules for the regulation of transportation by motor vehicle as found in 4 *Code of Colorado Regulations* (CCR) 723-6, 9, 15, 23, 31, 33, and 35. Exceptions were timely filed by Alpine Taxi/Limo, Inc. (Alpine Taxi) and Harvey Mabis. Responses to Alpine Taxi's exceptions were filed by Black Diamond Limousine, Inc. (Black Diamond) and East West Resort Transportation, LLC doing business as Colorado Mountain Express (CME). We deny the exceptions, but delete proposed rule 6504. The proposed rules are attached as Attachment A.

B. History

2. This docket is part of the Commission's overall effort to repeal and reenact its entire body of rules. This docket was opened by Decision No. C03-1454 in which the Commission issued its Notice of Proposed Rulemaking (NOPR). The NOPR was subsequently published in the February 10, 2004 issue of *The Colorado Register*. Public hearings were held in

this matter on March 22 and 23, 2004, September 13 and 14, 2004 and on March 15, 2005. The Commission received comments from various parties in both oral and written form. The Administrative Law Judge took the comments under advisement, and issued Recommended Decision No. R05-0450 on April 20, 2005. In Decision No. C05-0537, the Commission then stayed the recommended decision as authorized by § 40-6-109(2), C.R.S. in order that it have enough time to thoroughly consider any exceptions filed by parties to this docket. By Decision No. C05-0562, we extended the time to file exceptions until May 24, 2005. As noted above, Alpine Taxi and Mr. Mabis filed exceptions by the deadline, and Black Diamond and CME submitted replies.

C. Discussion

1. Alpine Taxi Exceptions

3. The issues raised in the exceptions filed by Alpine Taxi relate to matters currently before the United States Surface Transportation Board (STB), an agency of the U.S. Department of Transportation. Alpine Taxi asserts that the ALJ erred in failing to adopt Alpine Taxi's proposed rule 6407 which would require for-hire passenger carriers to hold Commission issued authority before offering intrastate service within a federally prescribed exempt zone.

4. Alpine Taxi also believes the ALJ erred in failing to adopt any type of rule defining what constitutes a "common arrangement" for purposes of determining whether a trip within the state of Colorado is a trip in interstate commerce or intrastate commerce. The reply filed by CME notes that the Commission is currently involved in proceedings before the STB which would aid in its resolution of the matters raised in Alpine Taxi's exceptions.

5. Black Diamond and CME also assert that the Commission may not determine federal jurisdiction or determine what federal authority may exist with respect to intrastate service in relation to interstate service.

6. We deny Alpine Taxi's exceptions because federal law provides the legal framework to be used in determining whether transportation services are intrastate or interstate in nature. To the extent that federal law is unclear, prudent agency practice dictates that we wait for the STB to clarify any uncertainties. A state rulemaking may not alter federal law. Attempting to summarize federal law, in this instance, would be imprudent and would risk inaccuracy and conflict. When the federal legal framework requires case-specific interpretation, STB or federal court proceedings are more appropriate venues than state rulemaking proceedings.

7. Alpine Taxi also suggests that the ALJ erred in not adopting a definition of "luxury motor vehicle" which is set forth in § 40-16-101(3), C.R.S., but not defined. We decline to do so because the Commission currently does not have broad rulemaking authority under this Article. We understand Alpine Taxi's complaint that what it believes to be garden-variety sedans are being registered as luxury limousines. However, because we do not currently have rulemaking authority, we cannot set forth a definition of the statutory term at this time.

2. Harvey Mabis Exceptions

8. Mr. Mabis's exceptions are with respect to the proposed rules on towing carriers. The first exception is with respect to proposed Rule 6000. Mr. Mabis states that the ALJ should have made clear in this rule that the PUC would only apply its towing rules to those entities whose business is primarily towing, and would not make the rules applicable to those business for which towing is an ancillary service. Proposed rule 6000 is a general statement of applicability. The applicability of a particular rule will depend upon myriad circumstances.

We believe that the ALJ has properly set forth the general applicability of the proposed rules in proposed rule 6000, and decline to change it as Mr. Mabis suggests.

9. Mr. Mabis also objects to proposed rule 6001. Mr. Mabis states that “We have asserted our position in this matter again and again and we believe that it is the affirmative requirement that the commission make every definition that are used in these rules to be as clear and defined as possible and that no referral or reference be acceptable [sic].” Mr. Mabis may feel he has repeated himself in vain, but that does not make his position one we must accept. He cites no legal authority blocking our reference to statutes or other rules or regulations. The proposed rules refer to statutory provisions for definitions because statutes control our rules. By referring to statute, we ensure that we are using the definition that the legislature enacts into law, in whatever form the definition may take, currently or in the future. We decline to adopt Mr. Mabis's proposal.

10. Mr. Mabis also objects to proposed rule 6007 which sets forth insurance requirements for towing carriers among others. Mabis argues that the insurance requirements are too high, and that there is no justification for the limits in the proposed rules. Mr. Mabis would prefer the limits set forth in § 42-7-510, C.R.S. We believe that the limits we have chosen better protect the public. While Mr. Mabis may be correct that in many cases towed vehicles are not worth even close to the limits we propose, it is not always the case that a tow company's liability with respect to a particular accident would be less than the limits proposed by Mr. Mabis. We believe that the proposed limits are appropriate and, as the ALJ notes, achieve a sensible balance between affordability and public protection. It is noteworthy that federal regulations prescribe the same limits and that no other tow carriers have objected to the limits as financially prohibitive.

11. Mr. Mabis objects to proposed rule 6500 because he believes we incorrectly allow municipalities the power to regulate tow carriers, particularly local law enforcement agencies. Mr. Mabis's second submission dated May 23, 2005, suggests that "there is an underlying plan between the staff of the commission and these entities of CSU University and political subdivisions in Fort Collins and Larimer County to impose a form of dual regulation based upon this rules [sic] as it is currently written." Judging from the May 23 submission, Mr. Mabis feels he has been unfairly kept off of the list of carriers eligible to tow for various government entities in Larimer County. We emphasize that if Mr. Mabis believes this to be the case, his remedy will not be found at this Commission, because we have no jurisdiction over how municipalities or Colorado State University accept bids and contracts for towing services. The ALJ notes that municipalities may adopt more stringent rules with respect to towing carriers, as permitted by law, and has modified the proposed rule to emphasize this. Section 42-4-1813, C.R.S., specifically allows municipalities or other governmental entities of the State to execute contracts for the removal, storage, or disposal of abandoned motor vehicles, and allows local entities to pass ordinances governing procedures for the towing of abandoned or illegally parked motor vehicles. We believe proposed rule 6007 to be well drafted, and decline to make the changes suggested by Mr. Mabis in his exceptions.

12. Mr. Mabis also proposes new rules to be set forth as proposed rule 6500(b), (c), (d), (e), and (f). These all relate to the applicability of the towing rules and the authority of tow carriers in general. We believe the proposed rule 6500 adopted by the ALJ to be more appropriate given the statutes passed by the legislature, and more clear and concise than the new additions proposed by Mr. Mabis, and thus decline to adopt his suggestions.

13. Mr. Mabis also asserts that proposed rule 6501 should contain definitions distinguishing the difference between a "public tow operator" and a "private tow operator." We decline to adopt Mr. Mabis's suggestions because the definitions in the proposed rules are sufficient, more concise, and more integrated with our governing statutes and the other towing rules being adopted by the Commission. We note that to the extent that a tow carrier has problems interpreting the rules, Commission Staff are available to assist in resolving any difficulties.

14. With respect to proposed rule 6504 which states that the towing carrier must provide, in writing, the name of its insurance or surety-company and its policy number within two days after receiving a written request for that information from the owner of a towed vehicle, Mr. Mabis suggests that the Insurance Commission and not the PUC has jurisdiction. We deny Mr. Mabis's exceptions, but will delete the proposed rule so that the towing carrier need not provide the information which is already on file at the Commission. We believe the public is adequately protected by the availability of this information at the Commission, and note that other carriers regulated by the Commission are not required to provide this information upon request by a customer. This could potentially prevent conflict between the tow carrier and the public.

15. Mr. Mabis submits exceptions to several subsections of proposed rule 6507, generally objects to Commission regulation of storage of towed vehicles, and believes that regulation of storage should take place under the Uniform Commercial Code. We believe that under §40-13-107, C.R.S., we have the duty to regulate storage, and do not believe we are preempted by federal statute. Storage of the towed vehicle is an inherent part of towing. Mr. Mabis apparently believes that, with respect to 6507(a), "the only necessary notification and

reasonably practical one is that the local jurisdiction be notified to affirm that the transaction of the vehicle's custody is certainly correct and lawful." We understand that this would mean that the tow carrier would only have to notify the local law enforcement agency of the hookup location and legality of the performed tow. Mr. Mabis's suggestion includes nothing regarding giving notice of the whereabouts of the stored vehicle. We believe that the proposed rule is more clear and better protects the public, and thus deny Mr. Mabis's exceptions on this rule. Owners must have access to their vehicles. It is a matter of economic necessity and public safety. While vehicles may be legally towed, they must be available for reclamation by their owners.

16. Mr. Mabis suggests in his exceptions that the Commission does not have authority to regulate the storage and release from storage of towed vehicles as set forth in proposed rule 6507(d). We reject this suggestion, and again note that § 40-13-107, C.R.S., clearly allows us to regulate storage.

17. With respect to proposed rule 6508(b), Mr. Mabis believes the Commission unlawfully intervenes in a contractual relationship between a private individual and a tow carrier, by preventing a tow carrier from authorizing on behalf of the property owner a non-consensual tow. Mr. Mabis suggests that the rule be stricken in its entirety as violative of 49 U.S.C. § 14501 and the Colorado Constitution. We do not believe that those two authorities deprive this Commission of jurisdiction over a towing carrier's non-consensual removal of a vehicle parked on private property. Section 14501(c) reads:

§ 14501. Federal authority over intrastate transportation

(c) Motor Carriers of Property.—

(1) General rule.— Except as provided in paragraphs (2) and (3), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of any motor carrier (other than a carrier

affiliated with a direct air carrier covered by section 41713 (b)(4)) or any motor private carrier, broker, or freight forwarder with respect to the transportation of property.

(2) Matters not covered.— Paragraph (1)—

(A) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization;

(B) does not apply to the transportation of household goods; and

(C) does not apply to the authority of a State or a political subdivision of a State to enact or enforce a law, regulation, or other provision relating to the price of for-hire motor vehicle transportation by a tow truck, if such transportation is performed without the prior consent or authorization of the owner or operator of the motor vehicle.

Pursuant to subsection (C), the Commission may regulate non-consensual tows and prevent a tow carrier from acting as a property owner's agent. We note that, under our rules, a written contract will allow a tow carrier to act as a property owner's agent under certain circumstances.

18. Mr. Mabis also objects to proposed rule 6508(c) as being violative of 49 U.S.C. § 14501, and believes it should be stricken. We disagree with his interpretation of the federal statute. Proposed Rule 6508(c) pertains to authorization for non-consensual tows. As set forth in the statute above, we believe federal law allows us to regulate non-consensual tows. The proposed rule protects the public and we decline to strike it.

19. Mr. Mabis objects to the phrase "drop charge" as set forth in proposed rule 6511(a), and suggests that it be struck in favor of "service call fee." We will use "drop charge" because it is commonly understood in the towing industry, and we believe it is better understood than Mr. Mabis's proposed "service call fee." We thus deny Mr. Mabis's exception to this rule.

20. Mr. Mabis also objects to the phrase "off road retrieval" as set forth in proposed rule 6511(b) as being not sufficiently clear. We believe that a more easily defined or more clear phrase might exist, but Mr. Mabis does not suggest one. This phrase has worked in past iterations of the Commission's rules and we see no reason why it should not in the future. We thus decline to adopt a new definition.

21. Mr. Mabis believes that the towing rates set forth in proposed rule 6511(c) are outdated and suggests we stay the proposed rules to allow further consideration of what would be an appropriate rate. The ALJ found the rates to be sufficient, and was not convinced of the merits of Mr. Mabis's proposals. The ALJ found the proposed rates to be just and reasonable, and so do we. We deny Mr. Mabis's exception to this rule because the age of the rates does not by itself mean they are unjust or unreasonable. Mr. Mabis sets forth at length the various steps required to tow a vehicle, but provides no suggestions as to new rates. We appreciate Mr. Mabis's perspective, but decline to stay the rules as he suggests.

22. Mr. Mabis also objects to proposed rule 6513 which concerns civil penalties. Apparently Mr. Mabis wants an exhaustive list of Commission procedures with respect to the issuance of civil penalties. The issuance of such penalties is a matter left to the discretion of the staff of the Commission.¹ It would be impossible to provide the list Mr. Mabis seeks because the facts surrounding each civil penalty assessment notice (CPAN) are unique. The statute and the Commission's rules provide adequate due process to individuals subject to the CPAN. In addition, the statute and the Commission's rules set forth the processes and procedures

¹ While staff of the Commission may issue a CPAN, the decision to assess the civil penalty is made by an ALJ or the Commission, subject to appeal, after giving the respondent an opportunity to put on a case, cross-examine witnesses, and present argument.

involved in a hearing on a CPAN. We do not believe there is merit to Mr. Mabis exceptions to this rule and thus deny them.

BASIS, PURPOSE, AND STATUTORY AUTHORITY

The basis for and purpose of these rules is to describe the manner of regulation over persons providing transportation services by motor vehicle in or through the State of Colorado. These rules address a wide variety of subject areas including, but not limited to, safety; civil penalties; the issuance, extension, transfer, and revocation of authority to operate as a transportation carrier; insurance and registration requirements; tariff and time schedule requirements; the identification, condition, and leasing of motor vehicles; record keeping; and service standards. These rules cover an array of carriers, including motor vehicle carriers (common carriers), contract carriers by motor vehicle, interstate carriers, hazardous materials carriers, towing carriers, household goods movers, and motor vehicle carriers exempt from regulation as public utilities (charter or scenic buses, children's activity buses, luxury limousines, off-road scenic charters, and property carriers by motor vehicle).

The statutory authority for the promulgation of these rules can be found at §§ 40-2-108, 40-2-110.5(8), 40-2-116, 40-3-101(1), 40-3-102, 40-3-103, 40-3-110, 40-4-101, 40-5-105, 40-7-113(2), 40-10-105(1), 40-10-105(2)(c), 40-10-107, 40-10-110, 40-10-111, 40-10-120(4), 40-11-103(1), 40-11-105, 40-11-106, 40-11-109, 40-11-115(4), 40-13-104(1), 40-13-105, 40-13-107, 40-13-110(1), 40-14-103(2)(c), 40-14-104(2), 40-14-108(1), 40-14-110, 40-16-105, 40-16-103.6(1), 40-16-104(1.5), 40-16-105(1), 42-4-1809(2)(a), and 42-4-2108(2)(a), 42-20-202(1)(a), C.R.S.

- (c) The lessee shall ensure that leases are in writing on a form supplied by the Commission. - (e) Notwithstanding any provision in these rules to the contrary, the Commission may assess double or triple civil penalties against any person, as provided by statute and this rule.
- (f) The Commission may assess any person a civil penalty containing doubled penalties if:
 - (I) the person engaged in prior conduct which resulted in the issuance of a prior civil penalty assessment notice;
 - (II) the conduct for which doubled penalties are sought is of the same or narrower character as the conduct that was cited in the prior civil penalty assessment notice;
 - (III) the conduct for which doubled penalties are sought occurred within one year after the conduct which resulted in the issuance of a civil penalty assessment notice; and
 - (IV) the conduct for which doubled penalties are sought occurred after the person's receipt of the prior civil penalty assessment notice.

- (h) When more than two instances of prior conduct exist, the Commission shall only consider those instances occurring within one year prior to the conduct for which triple penalties are sought.
 - (i) Nothing in this rule shall preclude the assessment of triple penalties when double and triple penalties are sought on the same civil penalty assessment notice.
 - (j) The Commission shall not issue a decision on double or triple penalties until after the effective date of the Commission decision upon which the double or triple penalties are based.
 - (k) If the respondent pays the double or triple penalties prior to the effective date of the Commission decision upon which the double or triple penalties are based, and such Commission decision finds the respondent not liable for the violation(s), on its own motion the Commission shall refund the appropriate amount of any over payment. By way of example, if the respondent pays a double penalty and is later found not liable for the first violation upon which the double penalty is based, the Commission shall retain one half of the double penalty amount and refund the other half to the respondent. Likewise, for payment of the reduced amount provided in paragraph (l) of this rule, the Commission shall make an appropriate proportional refund.
 - (l) The civil penalty assessment notice shall contain the maximum penalty amount provided by rule for each individual violation noted, with a separate provision for a reduced penalty of 50% of the maximum penalty amount if paid within ten days of receipt of the civil penalty assessment notice.

COMMON AND CONTRACT CARRIER RULES

Rules Generally Applicable to Common and Contract Carriers

6200. Applicability of Common and Contract Carrier Rules.

Rules 6200 through 6299 apply to all common carriers and all contract carriers. Rules 6250 through 6259 are specifically applicable only to taxicab carriers. Nothing in these Common and Contract Carrier Rules shall alter, amend, modify, suspend, or otherwise affect specific provisions, limitations, or requirements in any authority issued to any regulated intrastate carrier prior to the adoption of these rules.

6201. Definitions.

In addition to the generally applicable definitions in rule 6001, the following definitions apply only in the context of these Common and Contract Carrier Rules:

- (a) "Capable," as used in § 40-6-120(1), C.R.S., means ready, willing, and able to provide services under the terms of the common carrier's authority. Capability may be evidenced by, among other things, ongoing transportation operations or good faith efforts to conduct such operations under such authority.
- (b) "Call-and-demand," "on call-and-demand," or "call-and-demand service" means the transportation of passengers not on schedule. Call-and-demand service includes charter service, limousine service, sightseeing service, and taxicab service.
- (c) "Charter party" means a person or group of persons who are traveling together pursuant to a common purpose, under a single contract, at a fixed charge for the motor vehicle, having acquired the exclusive use of the motor vehicle.
- (d) "Charter service" means transportation of a charter party.
- (e) "Dual-use vehicle" means a specific motor vehicle used to provide luxury limousine service, on the one hand, and either common carrier service, contract carrier service, or both, on the other hand.
- (f) "Flag stop" means a point of service designated by a scheduled common carrier on its filed schedule, which point is located between two scheduled points on the scheduled route. Typically, the common carrier does not designate a specific time for service to the flag stop; if the common carrier does designate a specific time for service, the time is considered to be an approximation.
- (g) "Limousine service" means the transportation of passengers charged at a per person rate, and the use of the motor vehicle is not exclusive to any individual or group. The term "limousine service" is distinguished from the term "luxury limousine service" as used in Article 16 of Title 40, C.R.S.
- (h) "Outstanding authority" means an existing authority, or any portion thereof, which is not under suspension.
- (i) "Schedule," "on schedule," or "scheduled service" means the transportation of passengers between fixed points and over designated routes at established times as specified in the common carrier's time schedule as filed with and approved by the Commission.

- (j) "Sightseeing service" means the transportation of passengers for the sole purpose of viewing or visiting places of natural, historic, or scenic interest, such that the transportation originates and terminates at the same point.
- (k) "Tacking" means the joinder of two or more separate authorities or two or more separate parts thereof at a common service point for the purpose of providing a through service.
- (l) "Taxicab service" means passenger transportation by taxicab.

6202. Prohibitions.

- (a) Without specific approval by the Commission, no regulated intrastate carrier shall:
 - (I) combine or tack two or more separate authorities or two or more separate parts of an authority in order to render a transportation service not authorized by any individual authority or part thereof;
 - (II) extend, enlarge, diminish, change, alter, or vary the territory, route, or service authorized by its authority;
 - (III) serve any point not included in its authority;
 - (IV) abandon or suspend operations under its authority; or
 - (V) file a tariff or time schedule whose applicability or scope violates this rule.
- (b) Except as specifically provided by Commission Order, rule 6012, rule 6205, or Article 11.5 of Title 40, C.R.S., no regulated intrastate carrier shall by any means, directly or indirectly, sell, lease, merge, consolidate, assign, license, encumber, or otherwise transfer any right or interest in any portion of said regulated intrastate carrier's authorities. Every such transaction, unless excepted, shall be void. This prohibition applies, without limitation, to a regulated intrastate carrier permitting a person to operate under said regulated intrastate carrier's contract carrier permit or common carrier certificate pursuant to a motor vehicle lease.
- (c) Except as approved by the Commission, no transfer of any authority by means of foreclosure of an encumbrance or by means of an execution in satisfaction of any judgment or claim shall be effective. The fact that the Commission has approved an encumbrance is not an indication that a transfer has been authorized.

6203. Applications to Operate as a Common or Contract Carrier.

- (a) Any person seeking permanent authority to operate as a common or contract carrier, or permanent authority to extend a common carrier certificate or contract carrier permit, shall file an application with the Commission. The application shall contain the following information:

If the applicant does not possess authority qualifying it to do business in Colorado, the applicant shall:

- (A) shall contain the author's name, address, and phone number;
 - (B) should explain the public need;
 - (C) should specifically support the applicant's particular request for authority;
 - (D) should describe whether and how existing service is inadequate; and

If the application seeks common carrier authority, the statement should establish how granting the application is in the public interest. If the application seeks contract carrier authority, the statement should establish the superior, special, or distinctive nature of the transportation service, or how the transportation service will be specifically tailored to meet the customer's needs.
- (XII) A statement setting forth the qualifications of the applicant to conduct the proposed operations.

- (XV) If applicable, current copies of any authority, issued by either a state or federal agency, authorizing any affiliate of the applicant to provide for-hire transportation of passengers in the State of Colorado.

- (XVI) If applicable, a statement that the applicant understands the Commission will, in its discretion, cancel any duplicating or overlapping authorities created by granting the application.
 - (XVII) A statement indicating the town or city where the applicant prefers any hearing to be held.
 - (XVIII) A statement, signed by the applicant, that the application contains only information that is true and correct to the best of the applicant's knowledge and belief.

 - (III) A statement of facts establishing an immediate and urgent need for the proposed service and further establishing that no existing regulated intrastate carrier is capable of providing the proposed service.
 - (IV) A statement of the period of time which applicant requests the temporary authority to cover, not to exceed 180 days.
- (c) Any person seeking emergency temporary authority to operate as a common or contract carrier, or emergency temporary authority to extend a common carrier certificate or contract carrier permit, shall file an application with the Commission. The application shall contain all the information required by paragraph (b) of this rule, except that the period of time identified in subparagraph (b)(IV) shall not exceed 30 days. The application shall include a statement of facts establishing the basis and nature of the emergency need for the proposed service. Support letters shall explain the basis and nature of the emergency.
- (d) The granting of emergency temporary authority creates no presumption that temporary or permanent authority will be granted. The granting of temporary authority creates no presumption that permanent authority will be granted.
- (e) Burden of proof for contract carrier applicants.
- (I) A contract carrier applicant shall bear the burden of proving that the service it proposes is specialized and tailored to the potential customer's distinct need.

- (II) Such a showing is overcome by an intervenor's showing that the intervenor has the ability and willingness to meet the potential customer's distinct need.
- (III) If the intervenor makes such a showing, the applicant shall bear the burden of proving that the applicant is better suited than the intervenor to meet the distinct needs of the potential customer.
- (IV) The intervenor may overcome such a demonstration by establishing that the applicant's proposed operation will impair the efficient public service of any common carrier then adequately serving the same geographic area.
- (V) Nothing in this paragraph shall be construed to direct the sequence of evidence presented by the parties.

6204. Abandonment, Revocation, Suspension, Alteration, or Amendment of Authorities.

- (a) The Commission may, after at least ten days' notice to the regulated intrastate carrier affected, hold a hearing to revoke, suspend, alter, or amend said regulated intrastate carrier's authorities for any of the following reasons:

 - (III) Failure to comply with any lawful order, rule, or regulation of the Commission.
- (b) A regulated intrastate carrier wishing to abandon or voluntarily suspend its authority(ies), or any portion thereof, shall file an application to do so. The application shall contain information fully explaining why the abandonment or suspension is sought and how the abandonment or suspension will affect the public. The application must also contain a statement, signed by the applicant, that the application contains only information that is true and correct to the best of the applicant's knowledge and belief. The Commission, in its discretion, may either grant such an application without a hearing after ten day's notice or set it for hearing.
- (c) Except as specified in paragraph (d) of this rule, a regulated intrastate carrier may not request and the Commission shall not grant a voluntary suspension persisting for longer than:
 - (I) twelve consecutive months;
 - (II) twelve months in any 24-month period; or
 - (III) two consecutive seasons, for a regulated intrastate carrier operating seasonally.
- (d) A regulated intrastate carrier requesting a voluntary suspension for a longer period than authorized by this rule shall be required to prove that the suspension is in the public interest and that alternative service will be available during the period of suspension.

- (c) An application to encumber any authority, transfer any authority, acquire control of any regulated intrastate carrier, or permit a merger or consolidation of a regulated intrastate carrier with any other entity, shall, if possible, take the form of a joint application submitted by all parties to the transaction. Such an application shall contain all the following information. If an applicant is unable to supply the required information, the applicant shall explain the reason for the lack of information.
- (I) All applicants shall provide the information required by subparagraphs 6203(a)(I), (II), and (XVII).
 - (II) Transferees and encumbrancers shall provide the information required by subparagraphs 6203(a)(III) (V), (XII) (XIV), and (XVI).

A temporary and/or emergency temporary application shall contain a statement of the facts establishing that failure to grant temporary or emergency temporary approval may result in destruction of or injury to the utility's properties sought to be acquired, or to interfere substantially with their future usefulness in the performance of adequate and continuous service to the public. In the case of an emergency temporary application, the application shall contain a statement explaining the nature and extent of the emergency.
- (e) Applicants seeking temporary or emergency temporary approval to transfer control of any authority have the burden of proving the elements prescribed by § 40-6-120(2) or (4), C.R.S., as applicable. Applicants seeking approval to permanently transfer any authority have the burden of proving:

- (IV) that the transfer will not result in the common control or ownership of duplicating or overlapping authorities; and
 - (V) except in transfers involving foreclosures of encumbrances, executions in satisfaction of a judgment or claim, or transfers pursuant to a court order, that the transferee will engage in bona fide regulated intrastate carrier operations and is fit to do so.
- (f) A transferor shall not cancel its insurance, surety bond, or tariffs until the Commission has approved the transfer, the transferee has filed all required documents in the transferee's own name, and the Commission has advised the transferee that it is authorized to begin operations. This paragraph (f) applies regardless of the type of transfer, whether permanent, temporary, or emergency temporary.
- (g) Upon approval of a transfer application (permanent, temporary, or emergency temporary) the transferee shall, in accordance with the timelines set forth by the Commission's order:

 - (II) cause to be filed with the Commission certificates of insurance as required by Commission rules; and
 - (III) pay the issuance fee and annual motor vehicle identification fee.
- (h) Upon approval of a permanent transfer application, the transferor and transferee shall file an acceptance of transfer form, which form shall be provided by the Commission. The form shall be signed by both parties, indicating acceptance of the terms and conditions of the Order authorizing the transfer. The acceptance of transfer shall contain a statement indicating that the transferee has complied with all provisions of the agreement of sale, lease, or other transfer.
- (i) A transferee shall not begin operations until after the Commission has advised the transferee that it is in compliance with all requirements and is authorized to begin operations.
- (j) The granting of emergency temporary authority creates no presumption that temporary or permanent authority will be granted. The granting of temporary authority creates no presumption that permanent authority will be granted.

6206. Duplicating or Overlapping Authorities.

The Commission shall not grant, extend, or otherwise modify a common carrier certificate or contract carrier permit, if the regulated intrastate carrier would thereby obtain duplicating or overlapping authorities. Nothing in this rule shall be construed to prohibit Commission cancellation of duplicating or overlapping language that arises as a result of any such grant, extension, or other modification.

6207. Tariffs.

- (a) A regulated intrastate carrier shall keep on file with the Commission, at all times, approved tariffs clearly revealing the rates and charges to be assessed for all transportation and accessorial services and clearly revealing all rules and conditions relating to rates or service.

 - (A) Such notice shall be mailed concurrently with the tariff filing.
 - (B) Such notice shall contain: a copy of the initial tariff, or the proposed changes thereto, as applicable; the effective date; a statement that the Commission may suspend the effective date and hold a hearing regarding the filing; a statement that a written objection to the filing may be filed with the Commission; the date for filing such an objection; a statement that the filing of an objection by itself will not allow a person to participate in the hearing, unless such person has also filed a written intervention and received leave of the Commission to intervene; and the Commission's address where objections or interventions may be filed.
 - (C) The contract carrier shall file an affidavit of mailing with the Commission prior to the filing's effective date. A copy of the notice shall be attached to the affidavit.

- (k) An application to amend a tariff on less than 30 days notice shall only be granted for good cause. The application shall contain information fully explaining why the tariff amendment is sought, why it is sought on less than 30 days notice, and how the tariff change will affect the public if approved. If the Commission approves the application, it shall do so by written order. A common carrier proposing an amended tariff pursuant to this paragraph shall give notice as follows:
- (I) The common carrier shall, concurrently with the filing of the proposed amendment with the Commission, post in a prominent public place in each terminal facility and office of the common carrier and in the passenger compartment of each motor vehicle used in the transportation of passengers affected by the proposed amendment a printed notice of the proposed tariff amendment. The notice shall remain posted until the Commission approves or rejects the application.

- (II) The common carrier shall include in such notice: the proposed changes; the date the application was filed with the Commission; a statement that the Commission may grant or deny the application; a statement that a written objection may be filed with the Commission; the Commission's address where objections may be filed; and a statement that an objection may only be filed prior to the date that the Commission grants or denies the application
- (l) Any person affected by a tariff amendment proposed under this rule may submit a written objection to the proposed amendment. Unless otherwise ordered by the Commission, an objection shall not be considered unless it is filed with the Commission at least 10 days before the effective date of the proposed tariff.
- (m) If the Commission suspends and sets any tariff for hearing:
 - (I) Any entity desiring to participate as a party shall intervene in the proceeding.
 - (II) The Commission shall send the order suspending the tariff to the regulated intrastate carrier and any person who has filed an objection. Rules Specifically Applicable to Taxicab Carriers

6250. Applicability of Taxicab Carrier Rules.

Rules 6250 through 6257 apply to all common carriers providing taxicab service. Nothing in these Taxicab Carrier Rules shall alter, amend, modify, suspend, or otherwise affect specific provisions, limitations, or requirements in any authority issued to any common carrier prior to the adoption of these rules.

6251. Definitions.

In addition to the generally applicable definitions in rule 6001, and the definitions applicable to common and contract carriers in rule 6201, the following definitions apply only in the context of these Taxicab Carrier Rules:

- (a) "Base area" means any geographic area in which a taxicab carrier is authorized to provide point-to-point service.
- (b) "DIA" means Denver International Airport.
- (c) "Flat rate" means a fixed charge for the use of a taxicab traveling between DIA and one of the zones described in these taxicab carrier rules, regardless of the number of passengers being transported, and regardless of whether the passengers are traveling together.
- (d) "Live meter" means any taxicab meter that, without intervention from the driver, automatically calculates changes in rates due to waiting time, traffic delay, or changes in the taxicab's speed.
- (e) "Taxicab carrier" means a common carrier with common carrier certificate authorizing service by taxicab.

6252. Notices.

Each taxicab carrier shall post the following notices, as applicable, on the inside of the left window immediately behind the driver's window of each taxicab it operates. Except as provided in subparagraph (f), the font size of such notice shall be at least 14 and the font size of the cab number shall be at least 24. The taxicab carrier shall complete all blanks in the notices.

- (a) The following notice shall be placed in all taxicabs:

NOTICE:

This is Cab No. _____

The driver of this taxicab shall not load other passengers without the permission of the first passenger. If the first passenger agrees to multiple loading, all passengers are entitled to a reduced fare.

Additional charges may apply for additional passengers, passenger drop offs, baggage and packages, waiting time, pets, and toll or gate charges.

Report any problems to the Public Utilities Commission at (303) 894-2001.

- (b) If the taxicab carrier uses meters only, the notice shall also state:

Fares are calculated by use of a meter. The meter fares are _____ for the first _____ mile plus _____ for each additional _____ mile.

- (c) If the taxicab carrier uses a live meter, the notice shall also state:

The meter will automatically change to a time charge of _____ per minute when the taxicab's speed is less than _____ miles per hour.

- (d) If the taxicab carrier uses odometers only, the notice shall, in lieu of paragraphs (b) and (c), state:

Fares are calculated by use of the odometer. The fares are _____ for the first _____ mile, plus _____ for each additional _____ mile.
- (e) If the taxicab carrier uses both meters and odometers, such notice shall contain the information specified by paragraphs (b), (c), and (d), as applicable.
- (f) If the taxicab carrier serves DIA subject to the flat rate provided for in rule 6256 the notice shall contain a zone map showing the zones and, except for airport gate fees and drop charges, the applicable flat rate in each zone. The font size may be less than 14, but shall be as large as practicable.

6253. Service: Multiple Loading; Routing; Refusals; Quality.

- (a) No taxicab carrier or taxicab driver shall engage in multiple loading unless the first passenger occupying the taxicab agrees to multiple loading.
- (b) A taxicab carrier shall ensure that passenger transportation shall be by the shortest possible route between the origin and destination; provided, however, that a passenger may agree to an alternate route or designate the route he or she wishes to travel, if the taxicab carrier has first advised the passenger regarding the extent of deviation from the shortest possible route.
- (c) No taxicab carrier or driver may refuse to transport any passenger unless: the passenger is acting in an unlawful, disorderly, or endangering manner; there is a previous commitment of the taxicab equipment; or the passenger is unable to care for himself or herself, if not in the charge of a responsible companion or attendant. Except where there is a previous commitment of the taxicab equipment, a taxicab driver shall immediately report to the dispatcher any refusal to transport a passenger.
- (d) When a customer calls a taxicab carrier for service, the taxicab carrier shall request a phone number from the passenger and give an estimated time of pickup. If a customer's pickup location is within a 10-mile radius of the taxicab carrier's terminal from which a call is or would be dispatched, the taxicab carrier shall arrive at the pickup location within 45 minutes from the time the customer first requested service. If a customer's pickup location is outside a 10-mile radius of the taxicab carrier's terminal from which a call is or would be dispatched, the taxicab carrier shall have 4 additional minutes under this rule for each additional mile outside the 10-mile radius. A delay under this rule of more than 10 minutes shall be excused if:
 - (I) the customer has left a telephone number with the taxicab carrier;
 - (II) the taxicab carrier notifies the customer regarding the delay; and
 - (III) such delay is caused by inclement weather, traffic congestion, or other circumstances beyond the control of the taxicab carrier.

6254. Additional Service Requirements for Taxicab Carriers Operating Within and Between Counties with a Population of Sixty Thousand or Greater.

Taxicab carriers operating within and between counties with a population of sixty thousand or greater based on the federal census conducted in 1990 shall be subject to the additional requirements of this rule.

Taxicab carriers shall employ a communications system capable of contacting each of its taxicabs in service. The communications system shall have the ability to "broadcast" to all motor vehicles in the fleet at the same time. For good cause shown, taxicab carriers shall have 12 months from the time the Commission issues the taxicab carrier's common carrier certificate to comply with this paragraph (a). To qualify for the 12-month delay, the taxicab carrier shall file with the Commission a Plan for Compliance within 30 days after the common carrier certificate has been issued. Said plan shall include time frames and the details explaining how the taxicab carrier intends to comply with the requirements of this paragraph (a).

By way of example, between July 1, 2004, and June 30, 2005, counting backwards, 2004 is the first model year, 2003 is the second model year, and so forth.
- (d) A taxicab subject to this rule that is equipped with ramps, lifts, or other special devices to facilitate the loading, unloading, or transportation of individuals with disabilities is exempt from the requirements of paragraph (c) of this rule.
- (e) A taxicab subject to this rule shall be in good physical condition, excluding consideration of defects covered by the Commission's safety rules. The Commission's enforcement officials shall use the following general guidelines in determining if a taxicab is in good physical condition:
 - (I) The body of the taxicab has a good, unfaded paint job; is devoid of major dents and rust, broken trim, and cracked windows other than the windshield; and
 - (II) Except for problems caused by current weather conditions, the interior of the taxicab is clean, free of offensive odors, and has no major tears, cracks, or stains upon the upholstery, headliner, and carpeting.
- (f) **Size of Fleet.** Taxicab carriers subject to this rule that are also authorized to serve a base area with a population of at least 250,000 shall, at all times, employ a fleet of motor vehicles large enough to ensure the taxicab carrier's ability, at any given time, to deploy at least 15 taxicabs providing service to the public.

6255. Record Keeping.

- (a) A taxicab carrier shall maintain in its files, for a minimum of one year from the date a customer requested service, the following data for each trip:

The total charge may be approximated for taxicab service provided under subparagraphs (II), (III), or (IV) of this paragraph. Taxicab service provided under this paragraph is subject, without limitation, to the multiple loading provisions of paragraphs 6253(a) and 6255(b), and to the tariff provisions in paragraph 6207(d).
 - (I) If the first party is dropped at a point in Zone A, B, or C and the second party is dropped at a different point in the same zone, the total fare shall be the appropriate flat rate fare for the zone plus a \$5.00 charge for each additional drop within the zone.
 - (II) If the first party is dropped at a point in Zone A, B, or C and the second party is dropped at a point in a different zone, the fare for the first party shall be the appropriate flat rate fare for that zone. The fare for the second party shall be the meter fare from the drop point in Zone A, B, or C to the drop point that is not in Zone A, B, or C.

- (IV) If the first party is dropped at point that is not in Zone A, B, or C and the second party is dropped at a point that is in Zone A, B, or C, the fare for the first party shall be the meter fare from DIA to the drop point that is not in Zone A, B, or C. - (d) Amendment. The contract may be amended at any time upon mutual agreement of the household goods mover and the shipper. An amendment of the contract shall not be valid or enforceable unless, without duress or coercion as per Colorado law, both the household goods mover and the shipper sign such amendment. A household goods mover shall not charge, collect, or retain any increased costs and/or rates contained in an amendment if the amendment is not signed by both parties or is obtained by duress or coercion.

The household goods mover shall relinquish such items as expeditiously as possible under the circumstances.
- (b) A household goods mover shall relinquish household goods to a shipper and shall place the goods inside a shipper's dwelling unless:
 - (I) the shipper has not tendered payment in the amount and in the acceptable form specified in the contract; or
 - (II) the shipper or the shipper's agent is not available to accept delivery of the household goods at the agreed upon date, time, and location.
- (c) If, pursuant to paragraph (b) of this rule, a household goods mover maintains possession of a shipper's household goods, such household goods mover may place the household goods in storage until payment is tendered. Such storage shall only be at the location specified in the contract unless, for good cause and in good faith, the mover is required to store the household goods at a location other than that specified in the contract. If the household goods mover stores the household goods at such an alternate location, the household goods mover:
 - (I) Shall mail to the shipper a notice of such alternate storage location within two business days. For purposes of this subparagraph, "business day" means Monday through Friday, excluding legal holidays designated by the Colorado General Assembly.
 - (II) May only charge additional fees for such alternate storage (i.e., in excess of those set forth in the contract) unloading services, and reloading services, if:
 - (A) Such additional fees are reasonable; and
 - (B) Storage at the alternate storage location is necessitated by some act or omission of the shipper, or is necessitated by circumstances beyond the control of the mover.

- (d) Notwithstanding any other provision of this rule, upon written request from the shipper, the household goods mover shall notify the shipper of the storage location and the amount due. Such notice shall be given within five days of receipt of the written request.
- (e) If a household goods mover opts not to place the shipper's household goods in storage pursuant to paragraph (c) of this rule, the household goods mover shall take reasonable care to ensure the safekeeping of such household goods.
- (f) A household goods mover shall not require a shipper to waive any rights or requirements under this rule.
