re: Valera Lea Holtorf  
Dbas Dashabout Shuttle Company  
Docket No. 06A-187CP

Dear Mr. Dean:

Applicant hereby amends her application to seek authority as follows:

Transportation as a Common Carrier, in call and demand limousine service.

Between points in Yuma, Washington, Morgan, Sedgwick, Phillips and Logan Counties, Colorado, on the one hand, and points in Weld, Larimer, Adams, Arapahoe, Boulder, Denver, Douglas, Jefferson and El Paso Counties, Colorado, on the other hand.

Restricted as follows:

- (1) Transportation between points in El Paso County, Colorado, on the one hand, and points in Yuma, Washington, Morgan, Sedgwick, Phillips and Logan Counties, Colorado, on the other hand, shall be restricted against service which originates in El Paso County, Colorado and the return portion of each round trip which originates in other counties must depart El Paso County, Colorado within 4 hours after the trip arrives in El Paso County, Colorado and shall be

Page Two  
March 30, 2007

restricted against service to passengers, other than those whose trip originated in the other counties.

Applicant believes that the above amendments satisfy the interest of all Intervenor and requests that they notify the Colorado Public Utilities Commission of the withdrawal of their Interventions.

Applicant requests that the Application be renoticed because Weld and Larimer Counties, Colorado were incorrectly listed in the radial area described first above, when they should have been in the second described radial area and Logan County, Colorado was listed in the 2d described area when it should have been listed in the 1<sup>st</sup> described area.

Very truly yours,

KIMBALL & NESPOR, P.C.

Charles J. Kimball
