To Whom It May Concern:

I have been riding about 2 months with Helping Hands. I always have a good experience and feel confident that the driver will get me to dialysis on time. I have to go to dialysis 3 days a week and Helping Hands picks me up and drops me off always on time. The driver is always very considerate, kind and patient and a safe and good driver. He always makes sure I am buckled in and the wheelchair is secured. It is a pleasure to ride with him and I can always depend on him which is important.

Sincerely,

Sid Pinchback
