**I. BY THE COMMISSION**

**A. Statement, Findings, and Conclusions**

1. The Colorado Low-Income Telephone Assistance Program (LITAP) was established by the Colorado Legislature in 1990. *See* § 40-3.4-101 *et seq.*, C.R.S. In 1991, the Commission adopted Rules Prescribing the Procedures for Administering the Low-Income Telephone Assistance Fund. Rules Regulating Telecommunications Providers, Services, and Products, 4 *Code of Colorado Regulations* (CCR) 723-2-2800.

2. Senate Bill 13-194 (SB194), enacted April 1, 2013, repeals LITAP. With this repeal, the Commission finds the LITAP discount for eligible subscribers should be zero cents for all providers who offer the LITAP program effective May 1, 2013.<sup>1</sup> Additionally, LITAP tariffs, including rates, terms, and conditions, will no longer be required and should be deleted by no later than July 1, 2013.

---

<sup>1</sup> By Decision No. C13-0357, issued March 29, 2013, the Commission ordered that the uniform charge for each applicable access line be set at zero cents, effective May 1, 2013. Carriers may file a single Advice Letter that addresses compliance with both this Decision and with Decision No. C13-0357.

3. Further, the Commission finds that each provider that collects the uniform charge, offers LITAP to its subscribers, or both collects the uniform charge and offers LITAP to its subscribers, must submit a final LITAP report no later than June 1, 2013 (Final LITAP Report). Each provider's Final LITAP Report shall reflect the number of access lines subject to the LITAP surcharge and number of LITAP subscribers currently receiving the discount pursuant to LITAP. These Final LITAP Reports are required in order for Commission Staff to calculate final disbursements for those providers that are net recipients of the LITAP fund. Any provider that does not file its final LITAP report on or before June 1, 2013, will not be eligible for reimbursement.

4. Lastly, the Commission finds that each provider must provide customer notification and education material to all LITAP customers informing them: of the elimination of LITAP; of the reason for elimination; how customer bills will be affected; and that a customer may continue to be eligible to receive the Federal Lifeline discount of \$9.25. Each affected telecommunications service provider shall notify affected customers via one or more of the following options: (a) a market information note on each affected customer's bill for no less than one billing cycle; (b) a customer letter provided to each affected customer; (c) a postcard provided to each affected customer; and/or (d) a bill insert provided to each affected customer for no less than one billing cycle.

5. Customer notification should be provided as soon as practicable after the passage of SB194 on April 1, 2013; however, due to the inability to know in advance the final passage date of SB194 and the desire for carriers to issue due customer notice as soon as practical to implement the directives set forth in SB194, the Commission finds good cause to waive the

30-day customer notification for the impacted customers required per Rule 2122(X)(C)(i), 4 CCR 723-2.
