I. BY THE COMMISSION

A. Statement

1. This matter comes before the Commission for consideration of whether to modify certain aspects of the procedural schedule established by Administrative Law Judge (ALJ) G. Harris Adams.

2. On July 24, 2013, Public Service Company of Colorado (Public Service) filed its Application for Approval of its 2014 Renewable Energy Standard Compliance Plan (Application). Among many other provisions, Public Service proposes to identify and quantify net metering as an incentive to customers who install solar photovoltaic systems. Public Service also indicates that through this proposal it seeks to engage in a dialogue about the equity of what it terms the net metering incentive.

3. By Decision No. R13-1225-I, issued on October 1, 2013, the ALJ scheduled an evidentiary hearing in this matter for February 3 through 7, 2014, and required all corrections to any pre-filed testimony and other pre-filed hearing exhibits to be filed on or before January 28, 2014.

4. By Decision No R13-1517-I, issued on December 10, 2013, the ALJ scheduled a hearing to accept public comment in this matter.

5. On January 21, 2014, the Colorado Energy Office (CEO) filed a Motion to Sever Issues Related to Net Metering (Motion) to a new proceeding. The CEO requested that the Commission, *en banc*, rule on the merits of the Motion although the matter had been referred to the ALJ by Decision No. C13-1102-I, issued on September 6, 2013.

6. By Decision No. R14-0082-I, issued on January 22, 2014, the ALJ shortened response time to the Motion.

7. By Decision No. R14-0083-I, issued on January 22, 2014, the ALJ scheduled a prehearing conference.

8. Responses to the Motion were timely filed on January 28, 2014 by: Public Service; the Colorado Office of Consumer Counsel; City of Boulder; Sunshare LLC; the Solar Energy Industries Association; Western Resource Advocates; and the Vote Solar Initiative, the Colorado Solar Energy Industries Association, and the Alliance for Solar Choice, jointly.

9. We began our discussions on the Motion at our weekly meeting on January 29, 2014. Given the complexity of the decision, we determined to continue our deliberations at a future Commissioners' Weekly Meeting when we will adopt, in full, a decision on the merits of the Motion. We also concluded that the issuance of a written decision on the merits of the Motion was required before evidentiary hearings in the matter are conducted.

10. Based on the foregoing, we vacate the pre-hearing conference scheduled on January 29, 2014 and the hearings scheduled for February 3 through 7, 2014. We also vacate the deadline for filing corrections to pre-filed testimony and hearing exhibits.

11. With respect to the public comment hearing scheduled on February 3, 2014, we note that the Commission has received several hundred public comments in response to Public Service's Application. The Commission also issued a press release announcing the public comment hearing on January 22, 2014. We therefore find good cause to conduct the public comment hearing as scheduled before an ALJ. The Commission will receive comments from the public regarding any aspect of the Application as filed by Public Service.

II. ORDER

5. The comment hearing will end no later than 7:30 p.m. The time available for comment will be managed and allocated by the undersigned ALJ based upon the number of persons interested in commenting.
