PROCEEDING NO. 14A-0561FEG

IN THE MATTER OF THE APPLICATION OF PUBLIC SERVICE COMPANY OF COLORADO FOR AN ORDER GRANTING TO IT A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY TO EXERCISE FRANCHISE RIGHTS IN THE TOWN OF TIMNATH, COLORADO.

**DECISION DEEMING APPLICATION COMPLETE
AND GRANTING THE APPLICATION**

Mailed Date: July 11, 2014

Adopted Date: July 9, 2014

I. BY THE COMMISSION

A. Statement

1. This matter comes before the Commission for consideration of an application filed by Public Service Company of Colorado (Public Service) on May 29, 2014, for a Certificate of Public Convenience and Necessity (CPCN) to exercise franchise rights in the Town of Timnath, in Larimer County, Colorado (Timnath or the Town).

2. The Commission provided notice of this application on June 3, 2014, to all interested persons, firms, and corporations. Public Service noticed this application by publication in the *Fort Collins Coloradoan*, a newspaper circulated within all areas that would be impacted by the application, on May 31, 2014. No petition to intervene or notice of intervention has been filed, and thus the application is uncontested. As such, the application will be determined without a formal hearing in accordance with § 40-6-109(5), C.R.S., and Rule 1403 of the Rules of Practice and Procedure, 4 *Code of Colorado Regulations* (CCR) 723-1.

B. Finding and Conclusions

3. Public Service is engaged in, *inter alia*, the generation, transmission, purchase, distribution, and sale of electricity and the purchase, distribution, transmission, and sale of natural gas in its certificated areas in the State of Colorado. Timnath is located within one such certificated area.

4. Public Service requests the Commission issue a Decision granting it a CPCN to exercise franchise rights in the Town. On March 11, 2014, the Town passed Ordinance No. 4, Series 2014, granting Public Service a 20-year franchise to provide electric service and natural gas service within Timnath, taking effect February 16, 2014, and terminating on February 15, 2034.

5. On June 6, 1955, the Town granted Public Service a 25-year franchise to provide electric and natural gas service to the Town in Ordinance No. 16. On January 10, 1956, the Commission, in Decision No. 45133, Application No. 13768, granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 16.

6. On September 3, 1963, the Town granted Public Service a 25-year franchise to provide electric and natural gas service to the Town in Ordinance No. 4-1963. On September 25, 1963, the Commission, in Decision No. 61473, Application No. 20033, granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 4-1963, contingent upon the passage of the franchise agreement and acceptance by the applicant. On October 24, 1963 the Commission issued supplemental Decision No. 61619.

7. On September 6, 1988, the Town granted Public Service a 25-year franchise to provide electric service and gas service to the Town in Ordinance No. 4-1988.

On January 4, 1989, the Commission, in Decision No. C89-24, Application No. 39351, granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 4-1988.

8. A utility wishing to exercise any franchise agreement or privileges entered with a municipality must obtain a CPCN from the Commission pursuant to § 40-5-102, C.R.S. When the municipality and utility enter into a franchise agreement, that agreement must be submitted to the Commission for approval. *See* § 40-5-102, C.R.S. Such applications allow the Commission to review franchise agreements to ensure that the terms are reasonable and in the public interest.

9. The Commission understands that the utility and the municipality may want to revise the terms established in a franchise agreement at some point in the future and that existing franchise agreements have scheduled expiration dates. Upon negotiation of a new or amended franchise agreement, the utility shall return to the Commission in a timely manner to obtain authorization to implement the provisions of the new franchise agreement. In the event that this franchise is not renewed at the expiration of its term or is terminated for any reason, the company is directed to notify the Commission in a timely manner.

10. According to the franchise agreement presented in this application, as consideration for the franchise rights granted and in recognition of Public Service's right to use Town streets, the Town requires that Public Service shall collect and remit to the Town, a franchise fee equal to 3 percent of all revenues received from the sale of electric service and natural gas service within the Town, excluding revenues received from the Town for the sale of electric and natural gas service to the Town.

11. No other utility is authorized to provide electric and natural gas service within the area for which Public Service seeks a certificate in this application.

12. We find that the franchise is required by public convenience and necessity and the terms of the franchise agreement are just, reasonable, and in the public interest. However, in the event that issues of revenue requirement, cost allocation, and rate design are implicated by any provision of the franchise agreement, those issues will be analyzed in an appropriate Commission proceeding. Approval of the franchise agreement does not constitute approval of, or precedent regarding any principle or issue in revenue requirement, cost allocation, or rate design in any electric and natural gas service adjustment, refund, or rate case proceedings.

13. Public Service has provided electric service and natural gas to the Town since 1955, subject to relevant franchise agreements. Because the area encompassed by the Timnath franchise was previously served by Public Service, the requirement to provide a feasibility study as set forth in Rule 3100(b)(VI) of the Rules Regulating Electric Utilities, 4 CCR 723-3, and Rule 4100(b)(VI) of the Rules Regulating Gas Utilities and Pipeline Operators, 4 CCR 723-4 can be satisfied by alternatively utilizing Public Service's financial statements.

14. We find Public Service has the financial ability and is qualified and competent to conduct the utility operations sought under its application.

15. Public Service's electric service and natural gas service tariffs, currently on file with the Commission, will be used for service under this application.

16. Providing uninterrupted service to the residents of Timnath is in the public interest. Therefore, the Commission finds that the application is in the public interest and should be granted.

II. ORDER

5. This Decision is effective upon its Mailed Date.
