

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

PROCEEDING NO. 14A-1072E

---

IN THE MATTER OF THE APPLICATION OF PUBLIC SERVICE COMPANY OF  
COLORADO FOR AN ORDER APPROVING CERTAIN UPDATED COMPONENTS  
USED TO CALCULATE THE ELECTRIC COMMODITY ADJUSTMENT.

---

**COMMISSION DECISION GRANTING APPLICATION**

---

Mailed Date: December 12, 2014  
Adopted Date: December 10, 2014

**I. BY THE COMMISSION**

**A. Statement**

1. This matter now comes before the Commission for consideration of a Verified Application for Approval of Updated Components Related to the Calculation of the Electric Commodity Adjustment (Application) filed on November 3, 2014, by Public Service Company of Colorado (Public Service or Company). Public Service also requested a shortened notice and response time within its Application, which the Commission previously granted. Decision No. C14-1354-I issued November 12, 2014.

**B. Findings**

2. This Application contains all information required by the applicable Commission Rules and is therefore deemed complete.

3. No petition to intervene or otherwise participate in this proceeding was timely filed. This proceeding is therefore uncontested. Pursuant to § 40-6-109(5), C.R.S., this matter may be determined without a hearing.

4. In its Application, Public Service seeks Commission approval of certain updated components related to the calculation of its quarterly Electric Commodity Adjustment (ECA). It is not proposing to put into effect new ECA rates. The Company states it will file its quarterly Application to update the ECA factors effective January 1, 2015 on or about December 15, 2014.

5. The Settlement Agreement approved by the Commission in Decision No. C06-1379, Proceeding No. 06S-234EG on December 1, 2006, requires Public Service to file, every November, its projections for the quarterly ECA for each calendar quarter of the upcoming year. By Decision No. C09-1446, issued in Proceeding No. 09AL-299E on December 24, 2009, and Decision No. C12-0494, Proceeding No. 11AL-947E on May 9, 2012, the Commission modified the ECA in certain respects. Public Service states that it is filing its projections of fuel, purchased energy, purchased wheeling, and fuel additive costs for each quarter of calendar year 2015 with this Application, to be updated at least 15 days prior to the commencement of each 2015 calendar quarter.

6. Public Service contends that certain components of the ECA calculation are only updated annually rather than quarterly. Public Service proposes to utilize annual updates for the following components: the projected jurisdictional allocation factor; projected sales; the on/off peak price ratio; and the class specific on-peak ratios. The Commission agrees that utilizing the annual updates to these components is appropriate.

7. The Commission reviewed the data provided by the Company and its calculation method for the quarterly components of the 2015 ECA factors. The Commission finds that the calculation method is in compliance with Decision Nos. C06-1379, C09-1446, and C12-0494. The Commission also finds good cause to approve the line items as requested by Public Service.

8. The Commission finds good cause to grant the Application.

## **II. ORDER**

### **A. The Commission Orders That:**

1. The Verified Application for Approval of Updated Components Related to the Calculation of the Electric Commodity Adjustment (ECA) filed on November 3, 2014 by Public Service Company of Colorado (Company) is deemed complete and is granted.

3. The Commission approves the calculation method of the quarterly components of the 2015 ECA factors and the line items requested by the Company.

4. The 20-day period provided for in § 40-6-114, C.R.S., within which to file applications for rehearing, reargument, or reconsideration, begins on the first day following the effective date of this Decision.

5. This Decision is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING
