Original Decision No. R19-0450 mailed May 29, 2019

1. The second sentence of paragraph 35 on page 14 states:

While the decision does not specially address the question of financial incentives, the ALJ's conclusion is the most consistent with the language of the decision, the context within which it was reached, and the purpose of the QSP requirement.

The use of "specially" in that sentence is incorrect. It should be replaced with "specifically."

Accordingly, the second sentence of paragraph 45 shall be corrected to read:

While the decision does not specifically address the question of financial incentives, the ALJ's conclusion is the most consistent with the language of the decision, the context within which it was reached, and the purpose of the QSP requirement.

2. Ordering paragraph 2 on page 25 states:

BH Colorado Gas shall file, on not less than one-day's notice to the Commission, tariff pages implementing the QSP approved above.

This sentence is incomplete. Ordering paragraph 2 shall be revised to state:

No more than 30 days after this Recommended Decision becomes the Decision of the Commission, if that is the case, BH Colorado Gas shall file a new advice letter and tariff on not less than one business day's notice. The advice letter and tariff shall be filed as a new advice letter proceeding and shall comply with all applicable rules. In calculating the proposed effective date, the date the filing is received at the Commission is not included in the notice period and the entire notice period must expire prior to the effective date. The advice letter and tariff must comply in all substantive respects with this Decision in order to be filed as a compliance filing on shortened notice.
