AUTHORITY TO MODIFY AND UPGRADE ACTIVE WARNING DEVICES AT THE
CROSSING AT U.S. HIGHWAY 34 IN BRUSH, COLORADO (DOT # 057578C).

**INTERIM DECISION OF

SCHEDULING HEARING**

Mailed Date: October 1, 2019

I. STATEMENT

1. On August 8, 2019, BNSF Railway Company (BNSF) filed the above-captioned application requesting authority to modify the active warning devices at the crossing of U.S. 34 across the tracks of the BNSF to remove the inner second entrance gate, employ “stop and wait” signs for the industry track, and install constant warning time detection at railroad milepost 149.06 of the Brush Subdivision, National Inventory No. 057578C, in the City of Brush, County of Morgan, State of Colorado. BNSF requests funding from the Highway-Rail Signalization Fund with BNSF paying for 20 percent of the costs, the Colorado Department of Transportation paying for 10 percent of the costs, and the Highway-Rail Signalization Fund paying for 70 percent of the costs.

2. The Commission gave notice of this Application (Notice) to all interested parties, including adjacent property owners pursuant to § 40-6-108(2), C.R.S. The Notice was mailed on August 9, 2019.

3. No interventions were filed in this matter. BNSF is the only party to the proceeding.

4. Because funding is being requested from the Highway-Rail Signalization Fund, § 40-4-106(2)(b), C.R.S., requires a hearing on the Application and determination of the appropriate allocation of costs of the project.
