BY THE COMMISSION:

On October 19, 1977, Central Telephone & Utilities Corporation, of which Southern Colorado Power Company is a division, (hereinafter sometimes referred to as "Southern Colorado Power") filed with the Commission Application No. 30482 for a Certificate of Public Convenience and Necessity to furnish electric service for light, heat, power and other purposes in the territory described in the application located in portions of Custer and Fremont Counties, State of Colorado, and for authority to surrender certain territory in Custer County. Inasmuch as the original caption on Application No. 30482 did not indicate that Southern Colorado Power had also applied for authority to surrender certain territory in Custer County, Southern Colorado Power amended its application so as to correct the caption thereof on January 20, 1978.

On November 14, 1977, Sangre De Cristo Electric Association, Inc., (hereinafter "Sangre De Cristo") filed Application No. 30549 for a certificate of public convenience and necessity to furnish electric service for light, heat, power and other purposes in portions of Custer and Fremont Counties and for authority to surrender certain territory in Custer County, Sangre De Cristo amended its application so as to correct the caption thereof on January 6, 1978.

Notice of Application No. 30482, as amended, was given by the Commission on January 24, 1978, in accordance with CRS 1973, 40-6-108(2). No protest, objection or petition to intervene or otherwise participate in the proceeding has been filed within the time prescribed. Accordingly, inasmuch as Application No. 30482-Amended is noncontested and unopposed pursuant to CRS 1973, 40-6-109(5), Application No. 30482-Amended may properly be determined without the necessity of a formal oral hearing.
