LOCAL ACCESS SERVICE

13. Construction Charges (Cont.)

13.5 Limitations (Cont.)

(C) (Cont.)

(2) (Cont.)

multi-dwelling units which share in the ownership or use of common property) shall be dependent on a legally sufficient easement being made available to the Company to accommodate the placing and maintaining of the common communications serving facilities (i.e., feeder and distribution cable, plus terminal pedestal or like device and access point cabinets). The surface of the easement area must be brought to final grade prior to the installation of buried or underground telecommunications facilities.

(3) For the protection of Company property, the mobile home developer is required to provide a trailer stake (a T shaped stake) at the back side, between every two mobile home parking lots for the purpose of attaching the network interface device (NID) or protector, on the outside of the mobile home unless the Company approves some other arrangement.

(4) The Company will not provide a Construction Charge allowance pursuant to Section 13.6, following, to owners of mobile homes unless such mobile homes are permanently mounted on a pad or foundation. When the mobile home is not permanently mounted on a pad or foundation, such service is considered temporary.

13.2 Rate Regulation

For extensions of facilities beyond the existing exchange facilities of the Company or in areas of new land development and in compliance with this Tariff, the Company will provide the Applicant a Construction Charge Allowance in an amount of \$2,200.00 per applicant per premise. If this allowance equals or exceeds the cost of construction, no Construction Charge will be levied.
