1. On December 2, 2004, Public Service Company of Colorado (Public Service or Applicant) filed an application requesting an order of the Commission to increase the Steam Cost Adjustment (SCA). The proposed effective date is January 1, 2005. Public Service requests that this application be approved without formal hearing and on less-than-statutory notice.

2. Public Service is an operating public utility, subject to the jurisdiction of this Commission and is engaged *inter alia*, in the generation, purchase, transmission, distribution, and sale of steam heat in downtown Denver, Colorado.

3. Public Service, by this application, requests authority to revise its SCA, in accordance with Commission Decision No. C85-1032, issued August 13, 1985, and Public Service's P.U.C. No. 1-Steam Tariff.

4. The effect of this application, if approved, will be a net increase in the rate to all of Applicant's steam customers of \$.603 per one thousand pounds. The net effect of the revision

requested herein on Public Service's revenue will be an annual increase of \$502,148 above the level of revenues yielded by the currently effective SCA based on test period sales volumes. The resulting total rate increase to Applicant's average steam customer is 3.13 percent.

5. The natural gas costs reflected in this filing are based on a projected natural gas cost of \$6.6597 per Dekatherm as compared to \$6.3459 contained in the current SCA effective November 1, 2004.
