Rule 3005 - Records, states that complaints need to be kept for not less than three years. Rule 3409 - Restoration of Service, states that service will be restored within 24 hours after conditions have been met. Therefore, the Company has updated its tariff to reflect these changes.

This advice letter is the first of several filings planned by the Company to bring its electric tariff into compliance with the Commission's new rules.

This Advice Letter is being contemporaneously filed with Advice Letter No. 672 - Gas, which will make the same changes to the Company's Gas Tariff.

There is no effect of this filing on the Company's annual revenue.

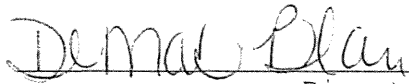

It is desired that the changed tariff accompanying this advice letter become effective May 1, 2006.
