

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

DOCKET NO. 06R-488ALL

IN THE MATTER OF THE PROPOSED RULES OF PRACTICE AND PROCEDURE,
4 CODE OF COLORADO REGULATIONS 723-1.

NOTICE OF PROPOSED RULEMAKING

Mailed Date: September 13, 2006

Adopted Date: September 6, 2006

I. BY THE COMMISSION

A. Statement

1. The Colorado Public Utilities Commission (Commission) hereby issues this Notice of Proposed Rulemaking (NOPR) regarding the Commission's Rules of Practice and Procedure, 4 *Code of Colorado Regulations* (CCR) 723-1.

2. The Commission repealed and reenacted its entire body of rules on April 1, 2006. Due to the complexity of such an undertaking, the need for additional improvements to these rules is necessary.

3. The basis and purpose of the proposed amendments is to properly administer and enforce the provisions of Title 40 of the Colorado Revised Statutes and in order to regulate proceedings before the Commission. More specifically, the basis and purpose of the proposed amendments is to codify and clarify Commission practices with regard to confidential filings and prohibited communications, require that certain information be included in the titles of petitions and applications, modify provisions relating to notice requirements, centralize various tariff and advice letter rules, clarify formal complaint rules, add procedures for receiving updated

information from regulated entities, clarify the permissive intervention standard, refine discovery restrictions, include inadvertently eliminated subpoena procedures, make current emergency rules permanent, and correct various typographical errors.

4. The statutory authority for the proposed rules is found in §§ 40-2-108, 40-6-101(1), 40-6-108(2), 40-6-109(5), 40 6-109.5, and 40-6-114(1), C.R.S.

5. The proposed amendments will be published in the October 10, 2006, edition of *The Colorado Register*. Additionally, interested persons may acquire a copy of the proposed amendments, either in hard-copy or electronic form, from the Commission's Records Management Unit. The Records Management Unit may be contacted by phone or email at 303.894.2040 or Cheryl.Fisher@dora.state.co.us, respectively. The proposed amendments will also be available from the Commission's website:

www.dora.state.co.us/puc/rulemaking/RulemakingNotices.htm

6. The proposed amendments are shown in legislative format. However, interested persons are cautioned that the existing emergency rules adopted in Docket No. 06R-164ALL, which the Commission now desires to make permanent, are not shown in legislative format. Interested persons are therefore encouraged to determine the impact of the emergency rules adopted in Docket No. 06R-164ALL and to provide comment as necessary regarding making these rules permanent.

7. Considering the limited scope of the instant NOPR and the Commission's desire to refine the product of the preceding rulemakings, the Commission requests that interested persons limit their comments to the proposed amendments only. The instant rulemaking should not be construed as an opportunity to reopen contentious issues that have already been resolved in preceding rulemakings.

8. An Administrative Law Judge (ALJ) will conduct a hearing on the proposed amendments and related issues at the below-stated time and place. Interested persons may submit written comments on the proposed amendments, including data, views, or arguments, and present these orally at hearing unless the ALJ deems oral presentations unnecessary. The Commission encourages interested persons to submit written comments before the hearing scheduled in this matter. In the event interested persons wish to file comments before the hearing, the Commission requests that such comments be filed no later than October 23, 2006. Reply comments should be submitted by November 2, 2006. The Commission prefers that interested persons submitting comments do so both in paper and, when possible, electronic format. The Commission may post electronically submitted comments to its web site. The Commission will consider all submissions, whether oral or written.

II. ORDER

A. The Commission Orders That:

1. This Notice of Proposed Rulemaking shall be filed with the Colorado Secretary of State for publication in the October 10, 2006, edition of *The Colorado Register*.

2. A Hearing on the proposed rules and related matters shall be held before an Administrative Law Judge as follows:

DATE: November 6, 2006
TIME: 9:00 AM
PLACE: Commission Hearing Room
Office Level 2 (OL2)
Logan Tower
1580 Logan Street
Denver, Colorado

3. The ALJ may set additional hearings, if necessary.

4. At the time set for hearing in this matter, interested persons may submit written comments and may present these orally unless the ALJ deems oral comments unnecessary. Interested persons may file written comments in this matter before hearing. The Commission prefers that such pre-filed comments be submitted in both paper and, when possible, electronic format no later than October 23, 2006. Reply comments should be submitted by November 2, 2006.

5. This Order is effective upon its Mailed Date.

The statutory authority for these rules is found in §§ 40-2-108, 40-6-101(1), 40-6-108(2), 40-6-109(5), 40-6-109.5, and 40-6-114(1), C.R.S.

STANDARDS OF CONDUCT

1100. Confidentiality

These rules apply to all persons filing information with or seeking information from the Commission. They also apply to the Commission, Director or a presiding officer to the extent they govern the Commission's responses to claims of confidentiality in a formal docket, requests to restrict public inspection of information outside of a formal docket, or for information under the Public Records Law.

- (a) All documents, data, information, studies, computer programs, and other matters filed with the Commission in any form in a proceeding, or produced in response to any interrogatories or requests for information, subpoenas, depositions, or other modes of discovery, and all notes taken or copies made thereof, that are claimed to be a trade secret or confidential in nature (herein referred to as "confidential information") shall be furnished under the terms of this rule. All persons accorded access to such confidential information, shall treat such information as constituting trade secret or confidential information and shall neither use nor disclose such information except for the purpose of the proceeding in which such information is obtained and in accordance with this rule.
- (I) A claim of confidentiality constitutes a representation to the Commission that the claiming party has a reasonable and good faith belief that the subject document or information is, in fact, confidential under applicable law, including §§ 24-72-201 et. seq., C.R.S. If a claim of confidentiality is made in violation of this subparagraph (I), the Commission may impose an appropriate sanction upon the claiming party, including an order to pay to other parties the amount of reasonable expenses incurred because of the claim of confidentiality, including a reasonable attorney's fee.
- (II) The Commission's acceptance of information pursuant to a claim of confidentiality shall not be construed to be an agreement or ruling by the Commission that the subject information is, in fact, confidential.
- (III) To the extent there may be information which a party believes requires extraordinary protection beyond that provided for in these rules the party shall submit a motion seeking such extraordinary protection. The motion shall be accompanied by the information for which extraordinary protection is sought and shall state the grounds for seeking the relief, the specific relief requested, and advise all other parties of the request and the subject matter of the material at issue. The motion shall also be accompanied by the specific form of nondisclosure agreement requested by the party.

- (b) This rule establishes a procedure for the expeditious handling of information that a party claims is confidential. Compliance with this rule shall not be construed as an agreement or ruling regarding the confidentiality of any document.
- (I) A party seeking to challenge a claim of confidentiality shall first contact counsel for the providing party and attempt to resolve any differences by stipulation.
 - (II) In the event the parties cannot agree as to the character of the information challenged, any party challenging a claim of confidentiality shall do so by advising all parties and the Commission, in writing, that it deems material non-confidential. This notice shall designate the material challenged in a manner that will specifically isolate the challenged material from other material claimed as confidential.
 - (III) The party claiming confidentiality shall, within ten days of the notice referenced in subparagraph (II) of this paragraph, file an appropriate pleading stating grounds upon which the challenged data is deemed to be confidential. The challenging party shall have ten days to respond to the pleading. In the event the claiming party fails to file an appropriate pleading within ten days, the Commission may enter an order that the challenged material may be used in the public record.
 - (IV) When the Commission receives a pleading asserting confidentiality by the claiming party regarding any items claimed as proprietary the Commission will enter an order resolving the issue.
 - (V) In the event the Commission rules in response to a pleading that any information is not confidential and should be removed from the protective requirements of this rule or from the protection of the sealed record, the parties, to enable the claiming party to seek a stay or other relief, shall not disclose the information or use it in the public record for seven days.
 - (VI) In the event the Commission rules that information previously filed in a proceeding is not confidential, the filing party may, by motion submitted within five days of the ruling regarding confidentiality, request that it be permitted to remove the subject information from the record. Pending the ruling on the motion, all persons accorded access to such information shall continue to treat the information as confidential pursuant to this rule.
 - (VII) In the absence of new information or a change in circumstances, as determined by the Director of the Commission in responding to a request for Commission records under §§ 24-72-201 et seq., C.R.S., a Commission ruling regarding confidentiality of specific material shall be a ruling on the confidentiality of such material for purposes of a request under §§ 24-72-201 et seq.
- (c) Procedure for filing.
- (I) A party submitting information claimed to be confidential to the Commission shall file, as part of the public record (i.e. not under seal), the required number of copies of its testimony and/or exhibits, according to the Commission's Rules of Practice and Procedure without including the information claimed to be confidential. The first page of each of these copies shall be stamped: "NOTICE of CONFIDENTIALITY: A PORTION

OF THIS DOCUMENT HAS BEEN FILED UNDER SEAL." A cover page on each copy shall include a list of the documents filed under seal and indicate the nature of the documents, so that if the documents are separated from the envelope it will still be clear that they are claimed to be confidential. Otherwise, parties shall make only general references to information claimed to be confidential in their testimony and exhibits.

- (II) In addition to the copies available for public inspection, the filing party shall file under seal an original and seven copies of the information claimed to be confidential. All pages and copies of the information claimed to be confidential shall be clearly marked as "confidential" and shall be filed on microfilmable paper, pastel or white, not on dark colored paper such as goldenrod.
- (III) The eight copies filed under seal shall be submitted in separate, sealed envelopes numbered serially. Unless the Commission orders otherwise, the envelopes shall be no smaller than 9" by 12", and no larger than 10" by 13". The following information shall be written on the outside of each sealed envelope:
 - (A) the caption "CONFIDENTIAL--SUBMITTED IN DOCKET NO.

 - (C) date of filing;
 - (D) description of the information (e.g. testimony or exhibits of _____ (name of witness);
 - (E) the filing party's statement as to whether it prefers to retrieve the information following conclusion of Commission proceedings and any related court actions, or whether the Commission should destroy the information by shredding; and
 - (F) if the party chooses to retrieve the information, in accordance with the statement contained in subparagraph (III)(E), the name and phone number of the person who will retrieve such information.
- (d) Confidential information, if filed with the Commission, will be sealed by the Director of the Commission, segregated in the files of the Commission, and withheld from inspection by any person not bound by the terms of this rule. This treatment shall prevail unless the confidential information is released from the restrictions of this rule either through agreement of the parties and publication by the filing party, or after opportunity for comment, pursuant to order of the Commission or final order of a court having jurisdiction. **Nothing in this rule shall require the Commission to provide information filed under seal to any person other than its staff. Persons seeking access to information filed under seal must comply with the terms of this rule and acquire the information filed under seal from the filing party.**
- (e) Where feasible, confidential information will be marked as such and delivered to counsel for the parties. Where the material is too voluminous to copy and deliver to counsel, the confidential information shall be made available for inspection and review by counsel and experts, as provided for in paragraph (g) of this rule, at a place and time mutually agreed on by the parties, or at the premises of the providing party, or as directed by the Commission. During the inspection,

the parties may take notes on the material or request and receive copies of the documents. All notes taken and copies received of such documents shall be treated as constituting trade secret or confidential information in accordance with this rule.

- (f) All confidential information made available by a party shall be given solely to the Commission, its staff, and counsel for the parties, and, shall not be used or disclosed for purposes of business or competition, or for any other purpose other than for purposes of the proceeding in which the information is produced. With the exception of Staff, any disclosure of such information to a party's experts or advisors must be authorized by that party's counsel, and must be permitted solely for the purpose of the proceeding in which the information is produced. No expert or advisor may be an officer, director, or employee concerned with marketing or strategic planning of competitive products and services of the party or of any subsidiary or affiliate of the party. Information claimed to be confidential shall not be disclosed to individual members of a trade association to the extent these individuals are concerned with marketing or strategic planning of products or services competitive to the party producing such information. Any member of the Staff of the Commission may have access to any confidential information made available under the terms of this rule. Neither is Staff limited to using confidential information only in the specific proceeding in which it was obtained. However, except as provided in this rule or other Commission rule or order, members of Staff shall be subject to all other requirements of this rule. Upon motion approved by the Commission, the Colorado Office of Consumer Counsel may be permitted to use information subject to this rule in a proceeding or for a purpose unrelated to the specific proceeding in which the information was obtained.
- (g) No access to information under seal shall be allowed until the person, who is either a party or an authorized agent of a party, and who is seeking such access, signs a nondisclosure agreement on a form approved by the Commission. The Nondisclosure Agreement form shall require the persons to whom disclosure is to be made (the signatory) to certify in writing that they have read the protective provisions contained in rules 1100 – 1102 and agree to be bound by the terms of such provisions. The agreement shall contain (1) a listing of the associated docket number; (2) the signatory's full name, title, employer or firm, and business address; (3) the name of the party with whom the signatory is associated; (4) a signature and the date of execution of the agreement; and (5) with the exception of Staff, the signature of the associated party's counsel. The agreement shall be delivered to counsel for the filing party and to the Commission at or before the time of review of the documents. Notwithstanding anything in this rule to the contrary, Commission staff need only sign one nondisclosure agreement annually. Such annual nondisclosure agreement shall permit staff access to all confidential material filed or provided to the Commission. The Commission shall maintain in its files the annual nondisclosure agreements signed by staff and shall make such agreements available for public inspection. All persons, including Staff, who are afforded access to any information under seal shall take all reasonable precautions to keep the confidential information secure in accordance with the purposes and intent of this rule.
- (h) Where reference to information subject to this rule is made in pleadings, it shall be by citation of title or exhibit number, or by some other description that will not disclose the information. Any further use of or substantive references to such information shall be placed in a separate section of the pleading and submitted to the Commission under seal.
- (i) Appeal. Sealed portions of a record in any proceeding may be forwarded under seal to any court of competent jurisdiction on appeal in accordance with applicable rules and regulations.

(j) Retention of documents.

- (I) At the conclusion of the proceedings, all documents and information subject to this rule, except the original and copies required by Staff to carry out its regulatory responsibilities, shall be retrieved by the party or person producing them. If the producing party does not retrieve the documents from the Commission within seven days of notification by the Commission, the documents will be shredded or destroyed. The original shall be maintained by the Commission as part of its archival files. Staff shall take all reasonable precautions to maintain the confidentiality of information subject to this rule. Upon motion approved by the Commission, the Colorado Office of Consumer Counsel may be permitted to retain information subject to this rule for a specified time following conclusion of the proceeding in which such information was obtained. All other parties shall, within seven days of the conclusion of the proceeding in which documents and information subject to this rule were produced, return such documents and information to the party producing them.
- (II) In the event Staff intends to use confidential information in a subsequent proceeding, it shall notify, in writing, the party who produced such information of such intended use. This notification shall be made at least ten days prior to submission of the subject information in the subsequent proceeding. Staff's use of confidential information in a subsequent proceeding shall be in accordance with the provisions of this rule.
- (III) Staff and OCC shall develop and maintain internal procedures to protect from disclosure any confidential information permitted to be retained pursuant to this paragraph (j) or order of the Commission.

(k) Parties retain the right to question, challenge, and object to the admissibility of any and all data, information, studies, and other matters furnished under the terms of this rule on the grounds of relevancy or materiality.

(l) Acceptance of information claimed to be confidential by any party shall in no way constitute a waiver of the rights of that party to contest any assertion or finding of trade secret, confidentiality, or privilege, to make a request under the Public Records Law, or to appeal any determination of the Commission.

(m) Any person or party to the proceeding retains all remedies existing at civil or criminal law for breach of this rule, and compliance with these rules shall not be construed to be a waiver of those rights.

1101. Procedures Relating to Confidential Information Submitted To The Commission Outside Of A Formal Docket.

(a) A person filing with the Commission, outside of a formal docket, documents or information claimed to be confidential, including information submitted in electronic form, shall utilize the following procedure:

- (I) Non-confidential portions of a document may not be filed under seal. If a document contains both confidential and non-confidential information, the filing person shall specifically identify those portions of the subject document which are not confidential and

shall submit to the Commission the required number of the document or report without including the information claimed to be confidential. The cover page of all copies of the material shall be stamped with the following: "NOTICE OF CONFIDENTIALITY. A PORTION OF THIS DOCUMENT HAS BEEN FILED UNDER SEAL" and shall include a list of the documents filed under seal. This list shall indicate the nature of the documents so that if the documents are separated from the envelope it will still be clear that they are claimed to be confidential. The non-confidential information will be available to the public immediately. The confidential information shall be filed under seal in accordance with the procedures set forth below. The Commission's acceptance of this information under seal shall not be construed to be an agreement by or ruling of the Commission that the subject information is, in fact, confidential.

- (II) The filing party shall file, under seal, the required number of copies of the subject confidential information in accordance with the rules of the Commission, if applicable. All pages and copies of the information claimed to be confidential shall be clearly marked as "confidential" and shall be filed on microfilmable paper, pastel or white, not on dark colored paper such as goldenrod. Each of the copies shall be submitted in a separate, sealed envelope numbered serially. The following information shall be written on the outside of each sealed envelope:
- (A) the caption "CONFIDENTIAL--INFORMATION FILED UNDER SEAL."
 - (B) the name of the filing party;
 - (C) date of filing;
 - (D) description of the information;
 - (E) the filing party's statement as to whether it prefers to retrieve the information when the information is no longer needed by the Commission, or whether the Commission should destroy the information; and

- (b) Upon notification from the Commission that the confidential information is no longer needed, the filing person shall make arrangements to retrieve the information. If the information is not retrieved by the filing party within ~~nine~~seven days after notification, the Commission will ~~dispose of~~shred or destroy the information. The Commission may retain the original of a filed document where necessary or required by law.
- (c) The OCC may submit a written request for access to Commission records claimed to be confidential by the person providing the information. In such instances, the Director of the Commission shall forthwith notify the person who provided the subject information of the OCC's request. The person who provided the subject information may, within seven days of the Director's notification, submit a written objection to disclosure of the information to the OCC. The Director shall disclose the requested information to the OCC if he determines that the request is reasonably related to the OCC's statutory purpose as set forth in §§ 40-6.5-101 et seq.:

However, if the person who provided the subject information notifies the Director, in writing submitted within the seven-day period referenced in this paragraph, that judicial action will be commenced to prevent disclosure to the OCC, the Director shall refrain from disclosing the information to the OCC for an additional seven days to allow the person objecting to disclosure to commence judicial action to prevent such disclosure.

- (I) In the event the Director denies an OCC request for access to Commission records, the OCC may file a petition for access to such records with the Commission. Such petition shall be served upon the person who provided the subject information to the Commission.
 - (II) Disclosure of information claimed to be confidential to the OCC shall be conditioned upon its compliance with the provisions of these rules, including the requirement in paragraph (g) of rule 1100 that it take all reasonable precautions to keep the confidential information secure. Employees and representatives of the OCC shall sign a nondisclosure agreement in substantially the same form as required by paragraph (g) of rule 1100, and shall deliver such agreement to the Director of the Commission and the provider of the information claimed to be confidential, prior to review of the records claimed to be confidential. Employees and representatives of the OCC shall not disclose information obtained under this rule absent a ruling by the Director, the Commission or a court of appropriate jurisdiction authorizing such disclosure.
 - (III) The OCC shall not utilize the procedure specified in paragraph (c) of this rule as a substitute for discovery in formal dockets before the Commission.
 - (IV) This paragraph (c) of this rule shall not authorize the OCC to obtain access to Commission Staff workpapers or workproduct.
 - (V) All information obtained under this rule shall be returned to the Commission within sixty days after the OCC was provided access to such information. However, the OCC may, upon written request approved by the Director or the Commission, retain the subject information for an additional specified period of time. The OCC shall serve a copy of the written request upon the person who provided the subject information to the Commission, and that person may submit an objection to the OCC's request.
 - (VI) The OCC's request for access to Commission records shall be considered in as expeditious a manner as possible given other duties of the Director and the Commission. The time periods set forth in §§ 24-72-201 et seq., C.R.S., shall not apply to requests under paragraph (c) of this rule.
- (d) Pursuant to § 24-72-201, C.R.S., information filed with the Commission is public record and presumed to be open for inspection by any person at any reasonable time, subject to restrictions specifically provided by law. In particular, the following documents shall be presumed to be available for public inspection:

 - (X) Safety inspection reports or information filed with the Commission or compiled by Commission staff pursuant to Commission order or rule.
 - (XI) Any documents or information that have been previously made public.
- (e) A person claiming that any portion of one of the documents listed in paragraph (d) of this rule is confidential shall file the information claimed to be confidential in accordance with the procedures set forth in rules 1100 or 1101(a)-(c). In addition, a person claiming that any portion of one of the above listed documents is confidential shall file a written justification for such a claim at the time of filing of the document.

1102. Procedures Concerning Requests For Public Inspection Of Information Claimed To Be Confidential.

("Public Records Law "). The Director shall utilize procedures as are consistent with the provisions of the Public Records Law. In any event, the Director shall give timely notice of the request for inspection of public records to the person who submitted the documents or information subject to the request and who claims that the records are confidential. The Director shall also provide the person who submitted the information to the Commission an opportunity to submit oral or written comments regarding the public records request.
- (b) Upon making a determination as to whether the requested records are subject to public inspection, the Director shall forthwith notify the person objecting to disclosure and the person requesting public inspection of Commission records of that decision.

- (c) If the Director determines that the Commission's records are subject to public inspection, the Director, upon written request from the person objecting to such public disclosure, shall refrain from disclosure of the records for seven days to allow the person objecting to such disclosure to commence judicial action to prevent public inspection of the subject records.
- (d) The Director's determination as to what level of public inspection should be permitted for specific public records submitted to the Commission shall be made on a case-by-case basis and shall be based on the Public Records Law, § 24-72-201 et seq., C.R.S., and all other applicable law.

Information regarding credit worthiness may include, but is not limited to: the customer's employer; the employer's phone number; the customer's landlord's name, address, and phone number; and the customer's previous utility supplier. A utility may request, but shall not require, a customer's Social Security Number as a prerequisite to evaluating credit worthiness or providing utility service.
- (b) Not later than three months after first billing the customer, a utility shall notify the customer, in writing of his or her right to request any or all personal information the utility holds concerning that customer, including a true copy thereof. - (c) A utility shall provide any person requesting personal information with a form with which the customer may authorize disclosure. The form shall explain the customer's rights under this rule. - (d) Persons participating in certain proceedings, e.g., rulemaking proceedings, are not parties. For ease of reference, such persons shall be referred to as "participants". Participants are generally subject to the same rules regulating conduct, such as rules regarding confidentiality or prohibited communications, as are parties. Where the word "party" appears in a Commission rule, it may be proper to infer that the rule also applies to participants.

1201. Attorneys.

- (a) A party or an amicus curiae shall be represented by an attorney at law, currently in good standing before the Colorado Supreme Court or the highest tribunal of another State as authorized in rule 221.1, C.R.C.P.

An entry of appearance shall state the identity of the party for whom the appearance is made, the attorney's office address, the attorney's telephone number, email address, facsimile number, and the attorney's registration number.
 - (d) An attorney of record wishing to withdraw from a proceeding shall file a notice of withdrawal containing a list of all pending hearing dates. Such notice shall be served in accordance with rule 1205, as well as upon the party represented by the withdrawing attorney. The withdrawing attorney shall specifically advise such party of its right to object. Objections to withdrawal of an attorney shall be filed within ten days of the filing of the notice. If any objection is made, no substitution or withdrawal shall occur without an order of the Commission.

1202. Form and Content.

- (a) Unless the Commission orders otherwise, every pleading shall comply with the following requirements: Pleadings other than pre-printed forms shall be printed on 8 1/2" x 11" white paper, with one-inch margins at the top, bottom, and both sides of each page, excluding page numbering, and stapled or bound. Page numbers shall be in the bottom center of each page excluding the cover page, except that for written testimony page numbers may be included in a header. The text shall be at least 12-point type, and double spaced, except for indented quotations and footnotes which may be single-spaced. The Commission may waive any of these requirements for a party not represented by counsel in accordance with rule 1201(b).
- (b) The title of an application or petition proceeding shall contain the name of the applicant or petitioner, describe the authority or Order being sought from the Commission with sufficient specificity to distinguish the application or petition from other proceedings, and briefly describe the subject matter of the proceeding. If the application or petition relates to a previous proceeding, the title of the application or petition shall identify the previous proceeding by docket number. Every pleading shall identify the proceeding by ~~caption title~~ and docket number, and state the title of the pleading, and include a clear and concise statement of the authority relied upon, the relief sought, and the name, including trade name, if any, of the party or the party's attorney.
- (c) No pleading shall be more than 30 pages in length, excluding attachments.- Attachments shall not be used to evade the page limitation in this rule. The cover sheet, table of contents, certificate of mailing, copies of authorities cited, and copies of a decision that may be the subject matter of the pleading shall not be included for calculating the length of the pleading.

- (d) Written testimony is not subject to paragraphs (c) and (e) of this rule. When written testimony is filed, it shall meet the following requirements:
- (I) Each line shall be serially numbered in the left margin, beginning with "1" on each page.

A pleading of a party not represented by an attorney shall be signed by a person with authority to bind the party, and shall state the person's title, address, and telephone number. The signature of an attorney or party certifies that the signatory has read the filing; that to the best of the signatory's knowledge, information, and belief there are good grounds to support it; and that it is not interposed for any improper purpose, such as to harass, delay, or increase the cost of the litigation.
- (f) If a pleading or filed testimony is inconsistent with this rule, the Director or the Director's designee shall forthwith notify the filer. If the deficiency is not corrected within five days, the Commission may reject the pleading or testimony. The party filing the pleading or testimony may appeal to the Commission within five days of such rejection. The Commission may impose sanctions for violations of this rule, including an order to pay reasonable attorney's fees and expenses attributable to the violation.

1203. Time.

- (a) When the day for the performance of any act under these rules, the effective date of any decision or order, or the day upon which a document must be filed, falls on a Saturday, Sunday, legal holiday, or any other day when the Commission's office is lawfully closed, then the day for performance or effective date shall be continued until 5:00 p.m. on the next business day.

- (b) Unless an order of the Commission or a specific rule provides otherwise, the date shown in the certificate of service, or the mailed date on Commission decisions or notices, shall be used in calculating relevant deadlines.

If the Commission receives a document via fax, it will be considered filed as of the date and time of the fax if the original and requisite numbers of copies are filed within one business day of the date of the fax.

1205. Service.

- (a) A person filing any pleading or other document, shall also serve a copy, including all supporting attachments or exhibits, upon every other party and amicus curiae in the proceeding, except that the Director shall serve a complaint as provided in rule 1302(g). - (b) In accelerated complaint proceedings:
 - (I) the complainant shall serve the complaint upon the respondent; and

- (c) Service upon a private corporation, partnership, or unincorporated association may be made by delivering a copy to one or more of the officers, partners, associates, managers, or designated agents thereof. When an attorney represents a party, service shall be made upon the attorney, unless the Commission orders service upon the party. If more than one attorney represents a party, service shall be made upon not more than two attorneys of record designated by the party.
- (d) Proof of service shall be demonstrated through a certificate of service, attached to the document served. For any filed document that does not contain a certificate of service, that omits from the certificate of service a pro se party, or that omits from the certificate of service a party's counsel of record, the Commission will presume that the document has not been served on omitted parties or counsel of record. This presumption may be overcome by evidence of proper service.

 - (~~VIII~~IX) That any person who files an objection, notice of intervention as of right, motion to permissively intervene, testimony, exhibit, or any other document shall do so in accordance with the instructions set forth in the notice; and that the Commission may

dismiss or strike any such document not filed in accordance with the instructions set forth in the notice.

No defense is waived by being joined with one or more other defenses in a motion to dismiss. A party may respond within 14 days of being served with a motion to dismiss. Any motion to dismiss shall be determined before hearing unless the Commission orders that it be deferred until hearing.

- (d) If a party fails to timely file a responsive pleading, to admit or deny an allegation in a complaint, or to raise an affirmative defense, the Commission may deem the party to have admitted such allegation or to have waived such affirmative defense, and the Commission may grant any or all of the relief requested.

1309. Amendment or Withdrawal.

- (a) Except in complaint proceedings, a party commencing an action may freely amend or supplement its pleading at any time during the intervention and notice period, if any. Thereafter, or in complaint proceedings, the commencing party shall obtain leave of the Commission to amend or supplement. Except in complaint proceedings, whenever a commencing party amends or supplements a pleading, other than through a restrictive amendment, it, or the Commission, as applicable, shall provide new notice consistent with rule 1206. All applicable timelines run from the date of the most recent amendment or supplement, except that a restrictive amendment shall not change applicable timelines.
- (b) A respondent may freely amend or supplement its responsive pleading at any time within 20 days of the filing of its original responsive pleading. Thereafter, the respondent shall obtain leave of the Commission to amend or supplement.
- (c) Any motion to amend or supplement a pleading that is filed more than 20 days before the first day of a hearing shall be ruled upon before the hearing.
- (d) A party may withdraw an application or petition upon notification to the Commission and all parties prior to 45 days before the first day of hearing. An advice letter and tariffs may be withdrawn if they have not yet been suspended and set for hearing. A party may withdraw or dismiss an application, petition, tariff, or advice letter after such respective times only upon motion granted by the Commission. In ruling upon such a motion, the Commission shall consider whether good cause for withdrawal is stated, and whether other parties would be prejudiced.

1310. Information Regarding Regulated Entities.

- (a) A regulated entity may maintain information regarding the regulated entity in a miscellaneous docket created for that purpose. A Regulated entity may incorporate by reference, in any application, petition, or motion, the information maintained in such miscellaneous docket, if the regulated entity also attests that the most current information is on file. In the application, petition, or motion, the regulated entity shall state the date the information was last filed with the Commission. If a regulated entity chooses to maintain information in a miscellaneous docket, the following information shall be filed:

- (I) A copy of the regulated entity's applicable organizational documents (e.g., Articles of Incorporation, Partnership Agreements, Articles of Organization);
 - (II) If the regulated entity is not organized in Colorado, a current copy of the certificate issued by the Colorado Secretary of State authorizing the regulated entity to transact business in Colorado;
 - (III) The name, business address, and title of each officer, director, and partner;
 - (IV) The names and addresses of affiliated companies that conduct business with the regulated entity; and

- (b) When any of the information regarding the regulated entity changes, the regulated entity shall make a subsequent filing to update the information previously filed. Any subsequent filing shall contain all the information required by subparagraphs (a)(I) – (V).

1311. – 1399. [Reserved].

PRE-HEARING PROCEDURE

1400. Motions.

Except for motions made during hearing, or where the Commission orders otherwise, any motion involving a contested issue of law shall be supported by a recitation of legal authority incorporated into the motion. The responding party shall have 14 days after service of the motion, or such lesser or greater time as the Commission may allow, in which to file a response. In accelerated complaint proceedings, responses to motions shall be due within seven days of the date of service of the motion. Failure to file a response may be deemed a confession of the motion. A movant may not file a reply to a response unless the Commission orders otherwise. A motion for summary judgment may be made in accordance with rule 56 of the Colorado Rules of Civil Procedure. A motion to dismiss may be made in accordance with rule 12 of the Colorado Rules of Civil Procedure.

1401. Intervention.

- (a) Except as provided by paragraph (d) of this rule, any person may file a notice of intervention as of right or a motion to permissively intervene within 30 days of notice of any docketed proceeding, unless the Commission's notice or a specific rule or statute provides otherwise. The Commission shall not enter a final decision in any docketed proceeding before the intervention period has expired. The Commission may, for good cause shown, allow late intervention, subject to reasonable procedural requirements.
- (b) A notice of intervention as of right, unless filed by Commission staff, shall state the basis for the claimed legally protected right that may be affected by the proceeding.
- (c) A motion to permissively intervene shall state the grounds relied upon for intervention, the claim or defense for which intervention is sought, including the specific interest that justifies intervention, and the nature and quantity of evidence, then known, that will be presented if

intervention is granted. For purposes of this rule, the motion must demonstrate that the subject docket may substantially affect ~~the pecuniary or other a~~ tangible interests of the movant (or those it may represent) ~~directly or substantially that is distinct from the interests of the general body of ratepayers~~; subjective interest in a docket is not a sufficient basis to intervene.

- (d) Commission staff is permitted to intervene by right in any proceeding. Commission staff shall be permitted to file its notice of intervention within ten days after the time otherwise specified by paragraph (a) of this rule.
- (e) In transportation carrier application proceedings:
 - (I) A notice of intervention as of right shall include a copy of the motor vehicle carrier's letter of authority, shall show that the motor vehicle carrier's authority is in good standing, shall identify the specific parts of that authority which are in conflict with the application, and shall explain the consequences to the motor vehicle carrier and the public interest if the application is granted.
 - (II) A motor vehicle carrier holding either temporary or suspended authority in conflict with the authority sought in the application shall not have standing to intervene as of right, but may file a motion to permissively intervene.
 - (III) A person filing a notice of intervention as of right or motion to permissively intervene in temporary authority application proceedings shall, if applicable, include a description of the services the intervenor is ready, willing, and able to provide, or has provided, to the persons or class of persons supporting the application.
 - (IV) An intervention, whether permissive or as of right, in temporary authority application proceedings shall not constitute an intervention in a corresponding permanent authority application proceedings, unless the intervention explicitly so states.
 - (V) For purposes of this paragraph, "motor vehicle carrier" means "motor vehicle carrier" as defined in § 40-10-101(4), C.R.S.

1402. Consolidation.

The Commission may, upon its own initiative or upon the motion of a party, consolidate proceedings where the issues are substantially similar and the rights of the parties will not be prejudiced.

1403. Uncontested (Modified) Proceedings.

- (a) The Commission may, without a hearing and without further notice, upon either its own initiative or upon the motion of a party, determine any application or petition which is uncontested or unopposed, if a hearing is not requested or required by law and the application or petition is accompanied by a sworn statement verifying sufficient facts and supported by attachments and/or exhibits that adequately support the filing. A person having knowledge of the stated facts shall, under oath, sign a sworn statement attesting to the facts stated in the application or petition and any attachments and/or exhibits. The sworn statement need not be notarized, but it shall contain language indicating that the signatory is affirming that the statements are true and correct to the best of the signatory's knowledge and belief.

- (b) A proceeding will not be considered to be contested or opposed, unless an intervention has been filed that contains a clear statement specifying the grounds therefor.
- (c) If all parties withdraw their interventions before completion of a hearing, the matter may be determined as an uncontested proceeding.

1404. Referral to Hearing Commissioner or Administrative Law Judge.

- (a) Unless the Commission orders otherwise, all matters submitted to the Commission for adjudication shall be referred to a hearing commissioner or an administrative law judge. A referral to a hearing commissioner or administrative law judge shall encompass all issues of fact and law concerning the matter unless the Commission specifies otherwise in a written order.
- (b) For matters referred to an administrative law judge or hearing commissioner, the Commission may omit the recommended decision if the Commission specifically finds and directs upon the record that due and timely execution of the Commission's functions imperatively and unavoidably requires it to make the initial decision.

1405. Discovery and Disclosure of Prefiled Testimony.

- (a) Incorporation by reference, exclusions, and discovery and disclosures generally.
 - (I) Except as provided in subparagraph (II) of this paragraph, the Commission incorporates by reference rules 26-37 of the Colorado Rules of Civil Procedure, as published in the 2004-2005 edition of the Colorado Revised Statutes. No later amendments to or editions of the incorporated material are incorporated into these rules. Any person seeking information regarding how the incorporated material may be obtained or examined may contact the Chief Administrative Law Judge, Colorado Public Utilities Commission, Office Level 2, 1580 Logan Street, Denver, Colorado 80203. The material incorporated by reference may be examined at any state publications depository library.
 - (II) The following rules of Chapter 4 of the Colorado Rules of Civil Procedure are not incorporated by reference: 26(a)(1)-(4); 26(b)(2), except as provided in paragraph (b) of this rule; the first two sentences of 26(d); ~~26-2~~; 30(a)(2)(A); 30(a)(2)(C); 33(b)(3); the first two sentences of the second paragraph of 34(b); 35; the time requirement of the second sentence of the second paragraph of 36(a); 37(c); and any reference to a case management order. In addition to the foregoing exclusions, any portion of Chapter 4 of the Colorado Rules of Civil Procedure that is inconsistent with any Commission rule shall also be excluded.
 - (III) Unless the Commission orders otherwise, the Colorado Rules of Civil Procedure incorporated by reference govern discovery.
- (b) A party shall serve discovery responses, and objections if any, within ten days of a request; ~~except that, if propounded discovery exceeds the limits set forth in rule 26(b)(2) of the Colorado Rules of Civil Procedure, a party shall serve such discovery responses and objections within 20 days of the request. However, if the total discovery propounded by a party exceeds the limits established in rule 26(b)(2) of the Colorado Rules of Civil Procedure, the responding party shall, with respect to the discovery that exceeds those limits, serve its discovery responses, and~~

objections if any, within 20 days of the request. The Commission will entertain motions to compel or for protective orders only after the movant has made a good faith effort to resolve the discovery dispute. The Commission discourages discovery disputes, and will sanction parties and attorneys that do not cooperate in good faith. Such sanctions may include, but are not limited to, payment of an opposing party's costs, expenses, and attorney's fees attributable to a lack of good faith, dismissal of a party, disallowance of exhibits or witness testimony, or such other and further relief as the Commission may deem appropriate. Resolution of discovery disputes shall take precedence over other matters. Discovery requests, responses, and objections thereto shall not be filed with the Commission except as necessary to support a pleading relating to discovery, as an exhibit to prefiled testimony, or as a prefiled exhibit.

- (c) In accelerated complaint proceedings, unless the Commission orders otherwise:
- (I) Within ten days of the filing of the answer, the complainant shall file and serve on all other parties a list of witnesses, together with a brief summary of the testimony of each witness, and copies of all exhibits it intends to offer into evidence.
 - (II) Within ten days of service of the complainant's list of witnesses and copies of exhibits, the respondent shall file and serve on all other parties a list of witnesses, together with a brief summary of the testimony of each witness, and copies of all exhibits it intends to offer into evidence.

 - (IV) Responses to discovery requests, including any objections, shall be served within seven days of receipt of the request. Any motion to compel shall be filed and served within five days of receipt of any objection, and a response to such a motion shall be filed and served within seven days of receipt of the motion.
- (d) In application proceedings set for hearing, unless the Commission orders otherwise, a party shall file and serve its testimony and exhibits as follows:
- (I) If the applicant files its testimony and exhibits with its application, then an intervenor shall file its testimony and exhibits within 90 days of the filing of the application.
 - (II) If the applicant does not file its testimony and exhibits with its application, then:
 - (A) the applicant shall file its testimony and exhibits within 60 days after filing the application, and
 - (B) an intervenor shall file its testimony and exhibits within 45 days of the filing of the applicant's testimony and exhibits.

- (e) In transportation carrier application proceedings, notwithstanding anything in paragraphs (a), (b), (c), or (d) of this rule to the contrary, and unless the Commission orders otherwise:
- (I) If an applicant does not file its testimony or a detailed summary of testimony, and copies of its exhibits with its application, the applicant shall file and serve its list of witnesses and copies of its exhibits within ten days after the conclusion of the notice period.
 - (II) Each intervenor in transportation application proceedings shall file and serve its list of witnesses and copies of its exhibits. If the applicant has filed its testimony or a detailed summary of testimony, and copies of exhibits with the application, each intervenor shall file and serve its list of witnesses and copies of its exhibits not later than ten days after the conclusion of the notice period. If the applicant has not filed its testimony or a detailed summary of testimony, and copies of exhibits with the application, each intervenor shall file and serve its list of witnesses and copies of its exhibits not later than 20 days after the notice period has expired.
 - (III) No depositions may be taken.

 - (V) Data requests for documents or tangible things shall not exceed a total of six months of the 12-month period immediately preceding the commencement of the proceeding.

1406. Subpoenas.

(a) Incorporation by reference and exceptions.

- (I) The Commission incorporates by reference rule 45(a) – (d) of the Colorado Rules of Civil Procedure, as published in the 2005 edition of the Colorado Revised Statutes. No later amendments to or editions of the incorporated material are incorporated into these rules. Any person seeking information regarding how the incorporated material may be obtained or examined may contact the Chief Administrative Law Judge, Colorado Public Utilities Commission, Office Level 2, 1580 Logan Street, Denver, Colorado 80203. The material incorporated by reference may be examined at any state publications depository library.
- (II) Except as provided in paragraph (b) of this rule and §§ 40-6-102 and 103, C.R.S., subpoena practice before the Commission shall be governed by rule 45(a) – (d) of the Colorado Rules of Civil Procedure, as incorporated herein. For purposes of Commission

subpoena practice, the word "court" in the incorporated material shall be deemed to mean the Commission or the Director.

- (b) Upon proper request and the filing of an affidavit showing good cause, the Commission or the Director shall issue a subpoena or a subpoena duces tecum requiring the attendance of a witness or the production of documentary evidence, or both, at a deposition or hearing, consistent with § 40-6-103(1), C.R.S.

1407. Stipulations.

- (a) Parties may offer into evidence a written stipulation as to any fact or matter in issue of substance or procedure. An oral stipulation may be made on the record, but the Commission may require that the stipulation be reduced to writing, signed by the parties or their attorneys, and filed with the Commission. The Commission may approve, recommend modification as a condition of approval, or disapprove of any stipulation offered into evidence or on the record.
- (b) In complaint proceedings initiated by the Commission or Commission trial advocacy staff pursuant to rule 1302(h), a respondent may enter into a consent stipulation with Commission trial advocacy staff. To enter into a consent stipulation, a respondent shall admit all jurisdictional facts; expressly waive further procedural steps, including a hearing and judicial review; acknowledge that the complaint may be used to construe the terms of the consent stipulation; and agree to the required actions and timelines contained in the stipulation. The Commission shall enter an order approving, recommending modification as a condition of approval, or disapproving of any consent stipulation.

1408. Settlements.

The Commission encourages settlement of contested proceedings. Any settlement agreement shall be reduced to writing and filed with the Commission, which shall enter a decision approving or disapproving it, or recommend a modification as a condition for approval. The Commission may hold a hearing on the settlement agreement prior to issuing its decision. An agreement that is disapproved shall be privileged and inadmissible as evidence in any Commission proceeding.

1409. Conferences.

At the conference, in addition to resolving any other preliminary matters, the presiding officer shall determine whether a hearing is necessary or whether the complaint can be determined on the face of the pleadings and supporting affidavits. If no hearing is necessary, the presiding officer shall issue an appropriate order.

1410. – 1499. [Reserved].

HEARINGS, ORDERS, AND POST-HEARING PROCEDURES

1500. Burden of Proof.

Unless previously agreed to or assumed by a party, the burden of proof and the burden of going forward shall be on the party that is the proponent of the order. The proponent of the order is that party commencing a proceeding, except that in the case of suspension of a proposed tariff, price list, or time schedule, the regulated entity shall bear the burden.

1501. Evidence.

- (a) The Commission shall, to the extent practical, conform to the Colorado Rules of Evidence applicable in civil non-jury cases in the district courts. Unless the context otherwise requires, wherever the word "court", "judge", or "jury" appears in the rules of evidence, it shall mean the Commission, a hearing commissioner, or an administrative law judge. However, the Commission shall not be bound by the technical rules of evidence. Informality in any proceeding or in the manner of taking testimony shall not invalidate any Commission order, decision, rule, or regulation. Specifically, the Commission may receive and consider evidence not admissible under the rules of evidence, if the evidence possesses reliable probative value commonly accepted by reasonable and prudent persons in the conduct of their affairs.
- (b) A party sponsoring an exhibit shall furnish a copy to each commissioner or to the administrative law judge or hearing commissioner, and to each party present at the hearing. If exhibits have been filed and served prior to the hearing, the sponsoring party need only provide one copy for the record and one copy for each commissioner or the administrative law judge. The Commission may limit the number of copies to be furnished where reproduction is burdensome.
- (c) The Commission may take administrative notice of general or undisputed technical or scientific facts, state and federal constitutions, statutes, rules, regulations, tariffs, price lists, time schedules, rate schedules, annual reports, documents in its files, matters of common knowledge, matters within the expertise of the Commission, and facts capable of accurate and ready determination by resort to sources whose accuracy cannot reasonably be questioned. Any fact to be so noticed shall be specified in the record, and copies of all documents relating thereto shall be provided to all parties and the Commission, unless they are readily available from the parties, or they are voluminous. Every party shall be afforded an opportunity to controvert the fact to be so noticed.

1502. Interim Orders.

- (a) Interim orders shall not be subject to exceptions or RRR, except that any party may challenge the matters determined in an interim order in such party's exceptions to a recommended decision or in such party's request for RRR of a Commission decision.
- (b) A presiding officer may certify an interim order as immediately appealable via exceptions.
- (c) Orders concerning final judgment as to any party, as for example the denial of an intervention, shall be by decision or recommended decision, rather than by interim order.

- (d) A party aggrieved by an interim order may file a written motion with the presiding officer entering the order to set aside, modify, or stay the interim order.

1503. Briefs or Statements of Position.

The Commission may at any time during a proceeding order the filing of written briefs or statements of position.

1504. Record.

- (a) The record of a proceeding shall include all information introduced by the parties, as provided in § 24-4-105(14), C.R.S., and all information set out in § 40-6-113(6), C.R.S.
- (b) The Commission may accept comments from the public concerning any proceeding, which shall be included in the record.
- (c) The record may be reopened for good cause shown by the hearing commissioner or administrative law judge, or on motion of a party before a recommended decision has been entered, or by the Commission or on motion of a party before an appeal has been taken to district court.

1505. Exceptions.

- (a) A recommended decision becomes the Commission's decision unless, within 20 days or such additional time as the Commission may allow, any party files exceptions to the recommended decision or the Commission orders the recommended decision to be stayed. A stay of a recommended decision does not automatically extend the period for filing exceptions or a motion for an extension of time to file exceptions. If exceptions are timely filed, the recommended decision is stayed until the Commission rules upon them. A motion for an extension of time to file exceptions based upon the unavailability of a transcript shall show that the transcript request was filed within seven days of the mailed date of the recommended decision. Parties may file responses to exceptions within 14 days of the service of the exceptions.
- (b) A party wishing to file exceptions shall request a transcript within seven days of the mailed date of the recommended decision, unless the party's exceptions dispute only issues of law. The requesting party shall bear the cost of the preparation of the transcript, unless the party objects and the Commission by order equitably apportions the cost among the parties.
- (c) The Commission may, upon its own initiative or upon the motion of a party, order oral argument regarding exceptions. A motion for oral argument shall be conspicuously incorporated into the document in which exceptions are filed. The Commission shall set the time allotted for argument and may terminate argument whenever, in its judgment, further argument is unnecessary. The party filing exceptions is entitled to open and conclude the argument. If more than one party has filed exceptions, the Commission shall determine the order of argument. Arguments will be limited to issues raised in the exceptions, unless the Commission orders otherwise. If a party fails to appear to present argument, the Commission may hear the arguments of other parties. The Commission shall have oral arguments recorded for inclusion in the record.

1506. Rehearing, Reargument, or Reconsideration.

- (a) Any party may request RRR of any Commission decision or of any recommended decision that becomes a Commission decision by operation of law.
- (b) A request for RRR, or a motion for an extension of time in which to file such a request, shall be filed within 20 days after a decision of the Commission, or after a recommended decision by a hearing commissioner or an administrative law judge has become the decision of the Commission. A motion for extension of time based upon the unavailability of a transcript shall show that the transcript request was filed within seven days of the date on which the Commission decision was mailed.
- (c) A request for RRR does not stay the Commission's decision unless it is specifically so ordered. If the Commission does not act upon a request for RRR within 30 days of its filing, it is denied and the Commission's decision shall be final.

1507. Judicial Review.

Any party may seek judicial review of any Commission decision in accordance with applicable law, including §§ 24-4-106(4), 40-6-115, or 40-10-105(4), C.R.S., as applicable.

1508. Enforcement Actions.

Whenever it appears that a person has engaged in, is engaging in, or is about to engage in any act or practice constituting a violation of any Commission order or statute or law affecting public utilities, the Commission may direct the Attorney General to bring an action in an appropriate court for such relief as is necessary or appropriate, including mandatory or prohibitive injunctive relief, interim equitable relief, and monetary penalties as provided in Article 7 of Title 40, C.R.S.

1509. – 1999. [Reserved].
