TELECOMMUNICATIONS PROVIDERS, 4 CODE OF COLORADO REGULATIONS 723-2  
UNDER HOUSE BILL 08-1227.

---

**NOTICE OF PROPOSED RULEMAKING**

---

Mailed Date: November 23, 2009  
Adopted Date: November 19, 2009

**I. BY THE COMMISSION**

**A. Statement**

1. The Colorado Public Utilities Commission (Commission) hereby issues this Notice of Proposed Rulemaking (NOPR) regarding its Rules Regulating Telecommunications Providers, Services, and Products, 4 *Code of Colorado Regulations* (CCR) 723-2.

2. This NOPR proposes changes to the Commission's rules necessitated by the passage of House Bill 08-1227 (the bill).

3. The bill adds, *inter alia*, § 40-7-113.5 and § 40-7-116.5, C.R.S. The bill became effective on July 1, 2008.

4. The bill's amendment of Article 7 of Title 40 of the *Colorado Revised Statutes* applies to telecommunications utilities. Under the bill, the Commission was granted authority to issue civil penalties to certain public utility service providers including electric, gas, water, water and sewer, and telecommunications service providers.

5. The Commission's existing rules for telecommunications utilities were established in Docket No. 03R-524T. Various sections of these rules have been amended in Docket Nos. 05R-538T, 05R-527T, 05R-528T, 06R-316T, 05R-529T, and 06R-495T.

6. The basis and purpose of the proposed amendments is to revise the current telecommunications rules to add rules regarding fining of telecommunications utilities.

7. The statutory authority for the proposed rules is found in §§ 29-20-108, 40-1-103.5, 40-2-108, 40-2-115, 40-3-102, 40-3-103, 40-3-104.3, 40-3-111, 40-3-114, 40-3-101, 40-4-101, 40-4-106, 40-4-108, 40-4-109, 40-5-103, 40-7-117, 40-8.7-105(5), 40-7-113.5, and 40-7-116.5, C.R.S.

8. New rules have been added to establish the fining process and to list the finable rules.

9. Rule 2009 is added to define civil penalty, civil penalty assessment, civil penalty assessment notice, and public utility as used in the proposed fining rules.

10. Rule 2010 is added to identify regulated telecommunications utility violations, civil enforcement, and enhancement of civil penalties.

11. Rule 2895 is added to list the specific fineable rules.

12. Rules not specifically discussed in this NOPR do not constitute a portion of this NOPR. The Commission is not proposing any changes to the rules not specifically discussed in this NOPR.

13. The proposed amendments will be published in the December 10, 2009, edition of *The Colorado Register*. Additionally, interested persons may acquire a copy of the proposed amendments, either in hard-copy or electronic form, from the Commission's Records

Management Unit. The Records Management Unit may be contacted by phone or email at 303.894.2040 or Cheryl.Fisher@dora.state.co.us, respectively. The proposed amendments will also be available on the Commission's website:

[www.dora.state.co.us/puc/rulemaking/RulemakingNotices.htm](http://www.dora.state.co.us/puc/rulemaking/RulemakingNotices.htm)

14. Considering the limited scope of the instant NOPR, the Commission requests that interested persons limit their comments to the proposed rule changes only. The instant rulemaking should not be construed as an opportunity to reopen contentious issues resolved in preceding rulemakings.

15. An Administrative Law Judge (ALJ) will conduct a hearing on the proposed amendments and related issues at the below-stated time and place. Interested persons may submit written comments on the amendments, including data, views, or arguments, and present these orally at hearing unless the ALJ deems oral presentations unnecessary. The Commission encourages interested persons to submit written comments before the hearing scheduled in this matter. In the event interested persons wish to file comments before the hearing, the Commission requests that such comments be filed no later than January 8, 2010. Reply comments should be submitted by January 22, 2010. The Commission prefers that interested persons submitting comments do so both in paper and, when possible, electronic format. The Commission may post electronically submitted comments to its web site. The Commission will consider all submissions, whether oral or written.

## **II. ORDER**

### **A. The Commission Orders That:**

1. This Notice of Proposed Rulemaking shall be filed with the Colorado Secretary of State for publication in the December 10, 2009, edition of *The Colorado Register*.

#### **CIVIL PENALTIES**

##### **2009. Definitions.**

The following definitions apply to rules 2009, 2010, and 2895, unless a specific statute or rule provides otherwise. In the event of a conflict between these definitions and a statutory definition, the statutory definition shall apply.

(a) "Civil penalty" means any monetary penalty levied against a public utility because of violations of statutes, regulations, rules, or Commission decisions.

(b) "Civil penalty assessment" means the act of imposing a civil penalty against a public utility.

(c) "Civil penalty assessment notice" means the written document by which a public utility is notified of a violation and proposed civil penalty.

(d) "Public utility" means those public utilities defined in § 40-7-113.5-(1)(a), C.R.S.

**2010. Regulated Telecommunications Utility Violations, Civil Enforcement, and Enhancement of Civil Penalties.**

- (a) The Commission may impose a civil penalty in accordance with the requirements and contents contained in § 40-7-113.5, C.R.S., § 40-7-116.5, C.R.S., and paragraph 1302(b), 4 Code of Colorado Regulations 723-1, for finable offenses as specified in these rules.
- (b) Notwithstanding any provision in these rules to the contrary, the Commission may assess doubled or tripled civil penalties against any public utility, as provided by statute and this rule.
- (c) The Commission may assess any public utility a civil penalty containing doubled penalties if:
- (I) the public utility engaged in prior conduct that resulted in the issuance of a prior civil penalty assessment notice;
  - (II) the conduct for which doubled civil penalties are sought violates the same statute, rule, or order as conduct that was cited in a prior civil penalty assessment notice;
  - (III) the conduct for which doubled civil penalties are sought occurred within one year after conduct that resulted in the issuance of a civil penalty assessment notice;
  - (IV) the conduct for which doubled civil penalties are sought occurred after the public utility's receipt of a prior civil penalty assessment notice; and
  - (V) a prior civil penalty assessment notice resulted in the public utility's admission to the prior conduct or in a finding of liability related to the prior conduct.
- (d) The Commission may assess any public utility a civil penalty containing tripled penalties if:
- (I) the public utility engaged in prior conduct that resulted in the issuance of two or more prior civil penalty assessment notices;
  - (II) the conduct for which tripled civil penalties are sought violates the same statute, rule, or order as conduct that was cited in prior civil penalty assessment notices;
  - (III) the conduct for which tripled civil penalties are sought occurred within one year after the two most recent prior instances of conduct cited in prior civil penalty assessment notices;
  - (IV) the conduct for which tripled civil penalties are sought occurred after the public utility's receipt of two or more prior civil penalty assessment notices; and
  - (V) the prior civil penalty assessment notices resulted in the public utility's admission to at least two instances of the prior conduct or in a finding of liability related to at least two instances of the prior conduct.
- (e) When more than two instances of prior conduct exist, the Commission shall only consider those instances occurring within one year prior to the conduct for which tripled civil penalties are sought.
- (f) Nothing in this rule shall preclude the assessment of tripled penalties when doubled and tripled penalties are sought on the same civil penalty assessment notice.
- (g) The Commission shall not issue a decision on doubled or tripled penalties until after the effective date of the Commission decision upon which the single penalty was based.

- (h) If the respondent pays the doubled or tripled civil penalties prior to the effective date of the Commission decision upon which the doubled or tripled civil penalties are based, and such Commission decision finds the respondent not liable for the violation(s), on its own motion the Commission shall refund the appropriate amount of any overpayment. By way of example, if the respondent pays a doubled civil penalty and is later found to be not liable for the first violation upon which the doubled penalty is based, the Commission shall retain one half of the doubled civil penalty amount and refund the other half to the respondent. Likewise, for payment of the reduced amount provided in paragraph (i) of this rule, the Commission shall make an appropriate proportional refund.
- (i) The civil penalty assessment notice shall contain the maximum penalty amount provided by rule for each individual violation noted, with a separate provision for a reduced penalty of 50 percent of the maximum penalty amount if paid within ten days of receipt of the civil penalty assessment notice.
- (j) The civil penalty assessment notice shall contain the maximum penalty amount provided by the rule for each individual violation noted, and the amount of the penalty surcharge pursuant to § 24-34-108(2), C.R.S.
- (k) A penalty surcharge referred to in paragraph (j) of this rule shall equal to the percentage set by the Department of Regulatory Agencies on an annual basis. The surcharge shall not be included in the calculation of the statutory limits set in § 40-7-113.5(5), C.R.S.
- (l) Nothing in these rules shall affect the Commission's ability to pursue other remedies in lieu of issuing civil penalties.
