RE: Interest Rate to be paid on Customer deposits for the year 2015.

Many public utilities offering telephone, energy and water services to residential and commercial customers in the State of Colorado have the provisions in their tariffs that allow the utility to require customers to maintain a deposit with the utility to ensure payment of services. If your utility requires such deposits, it is required to pay simple interest on those customer deposits as prescribed by Commission rules

**For calendar year 2014, the rate was 0.34%.
 For calendar year 2015 the rate will remain at 0.34%.**

(The basis point differential is less than 25 points)

Jurisdictional utilities are reminded that it might be necessary to file an advice letter and amend their tariffs to reflect the change in the rate of interest to be paid on its customer's deposits. Filings to implement this tariff change are expected to be filed on or before December 29, 2014 with an effective date of January 1, 2015.
