

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

PROCEEDING NO. 14M-1080G

IN THE MATTER ESTABLISHING THE INTEREST RATE ON CUSTOMER DEPOSITS
TO BE PAID BY JURISDICTIONAL GAS UTILITIES FOR CALENDAR YEAR 2015.

DECISION SETTING THE INTEREST RATE FOR 2015

Mailed Date: November 12, 2014
Adopted Date: November 5, 2014

I. BY THE COMMISSION

A. Statement

1. Pursuant to Rule 4403 of the Commission's Rules Regulating Gas Utilities and Pipeline Operators, 4 *Code of Colorado Regulations* 723-4, a jurisdictional Gas utility may require a new or existing customer to pay a deposit if billing records are available and records indicate recent or substantial delinquencies. Payment of the deposit shall not relieve the customer of the obligation to pay current bills when due.

2. When a jurisdictional Gas utility accepts the deposit, it is obligated to pay simple interest on the amount paid at a percentage rate calculated by the Commission Staff in the manner described in Rule 4403(n)(II).

3. Provisions of Rule 4403(n)(II) require the Commission's Staff to calculate the customer deposit interest rate using a 12-month average of rates quoted in the Federal Reserve Bulletin United States Treasury constant maturities for the period October 1 through September 30 of the preceding year. This newly calculated simple interest per annum rate is compared to the existing customer deposit rate. If the difference is 25 basis points or more,

then the new rate is to be used beginning January 1 of the following year. This provision is applicable as the existing rate for calendar year 2014 is 0.34 percent, and the newly calculated rate for 2015 is 0.22 percent. Accordingly, the newly calculated simple interest per annum rate for gas utilities accepting customer deposits is within the 25 basis point differential threshold and a new rate for 2015 is not necessary. Thus, the interest rate on customer deposits for the year 2015 will remain at 0.34 percent.

4. If necessary a Company shall file a new advice letter and tariff on not less than two business days' notice. The advice letter and tariff shall be filed as a new advice letter proceeding and shall comply with all applicable rules. In calculating the proposed effective date, the date the filing is received at the Commission is not included in the notice period and the entire notice period must expire prior to the effective date. The advice letter and tariff must comply in all substantive respects to this Decision in order to be filed as a compliance filing on shortened notice.

II. ORDER

A. The Commission Orders That:

1. The simple interest rate on deposits to be paid by jurisdictional Gas utilities for the calendar year 2015 shall remain at 0.34 percent.

2. To the extent necessary, utilities shall modify their tariffs to comply with this Decision. The compliance filing will be filed as a new Advice letter filing and will not be filed in the Proceeding number of this Decision. An advice letter and tariff change may not be required.

3. Pursuant to Rule 4976 of the Commission’s Rules Regulating Gas Utilities and Pipeline Operators, 4 *Code of Colorado Regulations* 723-4, utilities failing to file the required compliance filing could be subject to a fine of up to \$500.00.

4. Additional information concerning required action is set forth in the accompanying notice. If you have any questions, please contact Sandi Kahl, Financial Analyst, at 303-894-2873 or Sandi.Kahl@state.co.us.

5. This Decision is effective upon its Mailed Date.
