

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

PROCEEDING NO. 19L-0489ST

IN THE MATTER OF THE APPLICATION OF PUBLIC SERVICE COMPANY OF COLORADO FOR AN ORDER AUTHORIZING IT TO REVISE ITS STEAM COST ADJUSTMENT EFFECTIVE OCTOBER 1, 2019 UPON LESS THAN STATUTORY NOTICE.

**COMMISSION DECISION
AUTHORIZING A DOWNWARD REVISION
TO THE STEAM COST ADJUSTMENT**

Mailed Date: September 25, 2019
Adopted Date: September 25, 2019

I. BY THE COMMISSION

A. Statements, Findings, and Conclusions

1. On September 13, 2019, Public Service Company of Colorado (Public Service or Applicant) filed a verified application requesting a Commission decision authorizing it, without a formal hearing and on less-than-statutory notice, to decrease the Steam Cost Adjustment (SCA) Factor and place into effect on October 1, 2019, tariffs resulting in a decrease to its existing SCA rate now on file with the Commission (Application).

2. The proposed tariffs are attached to the Application as Exhibit No. 1 and affect Applicant's customers in Colorado.

3. In Decision No. R14-1217, Proceeding No. 14AL-0710ST issued October 6, 2014, Public Service was authorized to file quarterly revisions to its SCA factor.

4. Public Service, by this Application, requests authority to revise its SCA in accordance with Public Service's P.U.C. No. 1 – Steam Tariff. The effect of this Application, if approved, will be a decrease in the rate to all of Applicant's steam customers of \$0.497 per

one thousand pounds. The net effect of the revision requested herein on Public Service's revenue will be a quarterly decrease of \$143,456 from the level of revenues yielded by the currently effective SCA based on test period sales volumes. The resulting rate decrease due to the SCA to Applicant's average steam customer is 2.84 percent.

5. The natural costs reflected in this filing are based on a projected natural gas cost of \$3.2468 per MMBTU as compared to \$3.1666 per MMBTU contained in the current SCA.

6. Public Service has mailed a notice to each affected customer as required in § 40-3-104(1)(c)(I)(B), C.R.S. Thus, the Applicant has met its statutory notice obligation.

7. The Commission finds good cause to allow the proposed decrease on less-than-statutory notice. In addition, on its own motion, the Commission will waive Rule 1206(1) of the Rules of Practice and Procedure, 4 *Code of Colorado Regulations* 723-1, to permit Public Service to file new tariffs complying with this Decision on less than two business days' notice. We find this rule waiver necessary to permit the new tariffs to go into effect on October 1, 2019.

II. ORDER

A. The Commission Orders That:

1. The application filed on September 13, 2019 by Public Service Company of Colorado (Public Service) is deemed complete.

2. The application for authority to change tariffs on less-than-statutory notice is granted.

3. The application filed by Public Service requesting a decision of the Commission to decrease the Steam Cost Adjustment application is granted.

4. Public Service is authorized to file, on not less than two days' notice, a new advice letter and the tariffs attached as Appendix A and made a part of this Decision. These tariffs shall be effective for actual steam sales on or after their effective date of October 1, 2019.

5. The 20-day time period provided by § 40-6-114, C.R.S., to file an application for rehearing, reargument, or reconsideration shall begin on the first day after the effective date of this Decision.

6. This Decision is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING
September 25, 2019.**
