

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

PROCEEDING NO. 19AL-0673E

---

IN THE MATTER OF ADVICE LETTER NO. 783 FILED BY BLACK HILLS COLORADO ELECTRIC, LLC DOING BUSINESS AS BLACK HILLS ENERGY TO AMEND THE ENERGY COST ADJUSTMENT RATE TO BECOME EFFECTIVE JANUARY 1, 2020.

---

**INTERIM DECISION GRANTING MOTION FOR  
ALTERNATIVE FORM OF NOTICE**

---

Mailed Date: December 13, 2019

Adopted Date: December 4, 2019

**I. BY THE COMMISSION**

**A. Statement, Findings, and Conclusions**

1. On November 27, 2019, Black Hills Colorado Electric, LLC (Black Hills or Company) filed a Motion for Approval of Alternative Form of Notice (Motion) that will apply to Advice Letter No. 783-Electric. Through Advice Letter No. 783-Electric, Black Hills seeks to amend its Energy Cost Adjustment (ECA) calculation inputs contained on Tariff Sheet No. 65 in its Colo. P.U.C. No. 11-Electric Tariff. The Company states that the proposed tariff amendments will decrease the ECA rate from \$0.03913 per kWh to \$0.03674 per kWh, beginning January 1, 2020.

2. The Motion pertains only to a request for alternative form of notice for the Company's amendments to reflect the ECA revisions. However, on November 1, 2019, the Company filed a separate advice letter to amend its Transmission Cost Adjustment (TCA) effective January 1, 2020, and on November 15, 2019, the Company filed a separate advice letter to amend its Purchased Capacity Cost Adjustment (PCCA) effective January 1, 2020. Given the Company's requirement during the month of November to revise its TCA, PCCA, and ECA, Black Hills seeks

approval to provide alternative notice that reflects the filing of these three adjustments. The Company filed a similar motion for alternative form of notice to apply to the TCA and PCCA advice letters.

3. By its Motion, Black Hills seeks authorization to use the following alternative forms of notice:

(a) filing with the Commission, and keeping open for inspection, Advice Letter No. 783-Electric;

(b) posting on its website for 30 days beginning at the time of filing: (1) Advice Letter No. 783-Electric and the accompanying tariff sheet and (2) the Customer Notice attached to the filing as Attachment 1, which provides customers a comprehensive notice of the TCA, PCCA, and ECA filings and the impacts of these three filings;

(c) printing a message on each applicable customer's bill providing the website URL for the Customer Notice and the advice letter and tariff sheet, and a toll-free phone number for assistance, beginning with the December 2019 bill cycle, that encompasses the TCA, PCCA, and ECA filings; and

(d) publishing the Customer Notice as a legal notice of the TCA, PCCA, and ECA filings that consolidates the three rate adjustments in the following newspapers of general circulation for the service territory on the following dates: (1) *The Pueblo Chieftain* (December 3<sup>rd</sup> and December 10<sup>th</sup>); (2) the *Cañon City Daily Record* (December 6<sup>th</sup> and December 13<sup>th</sup>); and (3) the *Rocky Ford Daily Gazette* (December 5<sup>th</sup> and December 12<sup>th</sup>).

4. Black Hills believes that through the proposed notice forms, it will be able to reach all customers in the service territory in an affordable and efficient manner. The Company states that the additional notice methods prescribed by § 40-3-104(1)(c)(I), C.R.S., either involve unwarranted "time and materials" expenses, or they conflict with the Company's billing cycles. Additionally, to explain why it is not providing notice through email or text message, Black Hills states that a vast number of the Company's customers are not enrolled to receive alerts via email or text.

5. Black Hills asserts that good cause exists for the alternative form of notice. The Company states that the bill message will provide visibility to the customer because it is presented on the first page of the bill, that the website posting will provide the required information to the general public, and that the toll-free phone number in bill messages will give customers a second option to learn more about the amended tariff if they cannot access the internet. Further, the Company contends the newspaper publication will provide accessible and timely notice across the Company's entire service territory and will provide a comprehensive notice of multiple adjustments to take effect on January 1, 2020.

6. Pursuant to § 40-3-104(1)(c)(I)(E), C.R.S., and 4 *Code of Colorado Regulations* 723-1-1207(b) of the Commission's Rules of Practice and Procedure, a utility may request to provide an alternative form of notice of proposed tariff changes. We find the alternative form of notice proposed by the Company is reasonable with respect to the Company's stakeholders and its general body of electric ratepayers. We therefore find good cause to grant the alternative form of notice as requested by the Company.

## II. **ORDER**

### A. **It Is Ordered That:**

1. The Motion for Approval of Alternative Form of Notice filed on November 27, 2019, by Black Hills Colorado Electric, LLC requesting approval of an alternative form of notice to apply to its Advice Letter No. 783, is granted.

2. This Decision is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING  
December 4, 2019.**
