

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

PROCEEDING NO. 20L-0257G

---

IN THE MATTER OF THE APPLICATION OF PUBLIC SERVICE COMPANY OF COLORADO FOR AN ORDER AUTHORIZING IT TO REVISE ITS GAS COST ADJUSTMENT TO BE EFFECTIVE JULY 1, 2020 ON LESS THAN STATUTORY NOTICE.

---

**COMMISSION ORDER AUTHORIZING  
UPWARD REVISIONS OF GAS RATES**

---

---

Mailed Date: June 24, 2020

Adopted Date: June 24, 2020

**I. BY THE COMMISSION**

**A. Statements, Findings, and Conclusions**

1. On June 15, 2020, Public Service Company of Colorado (Public Service or Applicant) filed a verified application requesting a Commission order authorizing it, without a formal hearing and on less-than-statutory notice, to place into effect on July 1, 2020, tariffs resulting in an increase to its existing natural gas rates now on file with the Commission. The application contains all materials required by the Commission's rules and is complete.

2. Pursuant to Rule 1100(c) of the Rules of Practice and Procedure, 4 *Code of Colorado Regulations* (CCR) 723-1, Public Service has filed under seal Gas Cost Adjustment (GCA) Exhibit Nos. 1, 2, 3, 5 and 6 containing material that it claims is highly confidential, proprietary, and market-sensitive, as well as a public version of the exhibit with the confidential material redacted.

3. This application constitutes Public Service's Quarterly GCA filing, under the Quarterly GCA mechanism provided for in the Stipulation and Agreement (S&A) reached by the Staff of the Public Utilities Commission, the Office of Consumer Counsel, and Public Service (Parties) pursuant to Decision No. C09-0596 in Proceeding No. 08A-095G, issued June 9, 2009.

Accordingly, this application was filed under both the Commission's Gas Rules and the Quarterly GCA mechanism.

4. The proposed tariffs are attached to the application and affect Applicant's customers in its Colorado certificated areas on file with the Commission.

5. This application for authority to increase rates is made pursuant to § 40-3-104(2), C.R.S., and Rule 4 CCR 723-1-4109(b)(II).

**B. Findings of Fact**

6. Public Service is an operating public utility subject to the jurisdiction of this Commission and is engaged in, *inter alia*, in the purchase, transmission, distribution, transportation, and resale of natural gas in various certificated areas within the State of Colorado.

7. Applicant's natural gas supplies for sale to its residential, commercial, industrial, and resale customers, are purchased from numerous producer/suppliers located inside and outside of the State of Colorado. The rates and charges incident to these purchases are established through contracts between Applicant and the various producer/suppliers.

8. These gas supplies are either delivered directly into Applicant's natural gas pipeline system from wellhead, gathering system, gas processing plant interconnections, or through several interstate pipeline and/or storage facilities with which Applicant is directly connected. The transportation of these gas supplies is made pursuant to service agreements between Applicant and upstream pipeline service providers based upon Applicant's system requirements for the various pipeline services, such as gathering, storage, and transportation. These upstream pipeline service providers include Colorado Interstate Gas Company (CIG); Front Range Pipeline (FRP); Tallgrass Interstate Gas Transmission (TIGT); Southern Star Central Gas Pipeline, Inc. (Southern Star); and Red Cedar Gathering Company (Red Cedar).

9. CIG, TIGT, and Southern Star are natural gas companies under the provisions of the Natural Gas Act, as amended, and the rates and charges incidental to the provision of the various pipeline delivery services to Applicant are subject to the jurisdiction of the Federal Energy Regulatory Commission (FERC). This Commission has no jurisdiction over the pipeline delivery rates of CIG, TIGT, and Southern Star, but it expects Applicant to negotiate the lowest prices for supplies of natural gas that are consistent with the provisions of the Natural Gas Policy Act of 1978, 15 U.S.C. §§ 3301-3432 and applicable federal regulations, or determinations made under applicable federal regulations.

10. Public Service acknowledges that the company has read and agrees to abide by the provisions of Rules 4002(b)(IV) through (VI) and Rules 4002(b)(XI)(A) through (C) of the Rules Regulating Gas Utilities and Pipeline Operators, 4 CCR 723-4.

11. Public Service incorporates by reference information on file with the Commission in Proceeding No. 06M-525EG, as required pursuant to Rule 4002(c).

12. The proposed tariffs are attached to this order as Appendix A. Due to the changes in the Gas Commodity Cost and Deferred Gas Cost, the net effect of the revision in the GCA for the third quarter 2020 is estimated to increase GCA revenues by \$5,590,755 which is approximately a 26.37 percent increase above the second quarter 2020 revenues.

13. The natural gas costs reflected in this filing are based on the New York Mercantile Exchange (NYMEX) July, August and September 2020 daily Settlement Price for natural gas on the first business day of the month or June 1, 2020. The NYMEX price for each of those three months was adjusted for the basis differentials applicable to regional indices used by the Company for its gas purchases. The resulting Gas Commodity Cost and Deferred Gas Cost are \$1.901 and (\$.075) per Dth, as compared to the current 1.377 per Dth and (\$.092) per Dth contained in the currently effective tariff.

14. Public Service affirms that the GCA is currently not impacted by gas transportation commodity discounts on its system as all discounted transportation commodity rates are in excess of the Current Gas Cost portion of the transportation charge (i.e., gas balancing costs).

15. Pursuant to the Quarterly GCA Stipulation reached by the Parties in compliance with Decision No. C09-0596 in Proceeding No. 08A-095G, the filing of this application has been or will be brought to the attention of Applicant's affected customers by means of a legal notice in a newspaper of general circulation, and a first of the month display advertisement. In addition, Public Service, at its option, may continue press releases call center voice activation messaging, and timely postings to its internet website, as long as such forms of notice and communication reasonably and effectively continue to provide information to customers.

16. Applicant anticipates that the adjustment in the GCA requested herein will bring future gas cost recovery amounts more closely in line with the predicted future price of gas.

17. The Commission finds good cause to allow the proposed increase on less-than-statutory notice.

## **II. ORDER**

### **A. The Commission Orders That:**

1. The application filed by Public Service Company of Colorado (Public Service) is deemed complete.

2. The application filed by Public Service for authority to change tariffs on less-than-statutory notice is granted.

3. Public Service shall file a new advice letter and tariff on not less than two business days' notice. The advice letter and tariff shall be filed as a new advice letter proceeding

and shall comply with all applicable rules. In calculating the proposed effective date, the date the filing is received at the Commission is not included in the notice period and the entire notice period must expire prior to the effective date. The advice letter and tariff must comply in all substantive respects to this Decision in order to be filed as a compliance filing on shortened notice. These tariffs shall be effective for actual gas sales on or after their effective date of July 1, 2020.

4. This Order is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING  
June 24, 2020.**
