

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

PROCEEDING NO. 20A-0379G

---

IN THE MATTER OF THE APPLICATION OF BLACK HILLS COLORADO GAS, INC. FOR AUTHORIZATION TO IMPLEMENT A SYSTEM SAFETY AND INTEGRITY RIDER AS PART OF ITS GAS TARIFF AND TO UNDERTAKE ITS PROPOSED AT-RISK METER RELOCATION AND CUSTOMER-OWNED YARD LINE REPLACEMENT PROGRAM.

---

**INTERIM COMMISSION DECISION GRANTING  
REQUEST FOR ALTERNATIVE FORM OF NOTICE**

---

---

Mailed Date: September 18, 2020  
Adopted Date: September 16, 2020

**I. BY THE COMMISSION**

**A. Statement, Findings, and Conclusions**

1. On September 11, 2020, Black Hills Colorado Electric, LLC (Black Hills) filed a Motion for Approval of Alternative Form of Notice.

2. Black Hills states that it is seeking authority under § 40-3-104(1)(c)(I)(E), C.R.S., and Rule 1207(b) of the Commission's Rules of Practice and Procedure, 4 *Code of Colorado Regulations* 723-1, to provide alternative forms of notice to its customers about its recently-filed system safety and integrity rider application. The company seeks approval to use the following forms of notice:

- (a) Posting its application, a reference to this proceeding number, and a customer notice (Attachment 1 to its Motion) on its website;
- (b) Printing on each applicable customer's bill a message that provides: the URL of the application and customer notice on its website, a toll-free phone number for assistance, and a general summary of the proposed change;
- (c) Publishing a sizeable legal notice of the application (Attachment 1 to its Motion) in *The Denver Post*; and

- (d) Providing a bill insert (in substantially the same form as Attachment 2 to its Motion) in customer bills issued from approximately September 23, 2020 through October 23, 2020.

3. Black Hills opines that the proposed forms of notice are reasonable because the bill message, bill insert, website posting, and newspaper notice will reach its customers in the service area in an affordable and efficient manner. Further, Black Hills points out that each of the three alternative forms of notice outlined in § 40-3-104(1)(c)(I), C.R.S., are either very expensive, not workable due to billing cycles, or unproductive because customers have not opted-in to email/text alerts.

4. Pursuant to § 40-3-104(1)(c)(I)(E), C.R.S., and 4 *Code of Colorado Regulations* 723-1-1207(b) of the Commission's Rules of Practice and Procedure, a utility may request to provide an alternative form of notice of proposed tariff changes. We find that the alternative forms of notice Black Hills proposes in its Motion will provide sufficient notice to Black Hills' customers and will do so efficiently. We therefore find good cause to approve the alternative forms of notice Black Hills requests.

## II. ORDER

### A. It Is Ordered That:

1. The Motion for Approval of Alternative Form of Notice filed on September 11, 2020, is granted.

2. This Decision is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING  
September 16, 2020.**
