

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO**

PROCEEDING NO. 20U-0485T

---

IN THE MATTER OF THE PETITION FOR THE DECLARATION OF FARMERS COMMUNICATIONS INC. (CLEC IN COLORADO) OF INTENT TO SERVE WITHIN TERRITORY OF RURAL TELECOMMUNICATIONS PROVIDERS.

---

**DECISION GRANTING PETITION**

---

---

Mailed Date: December 17, 2020  
Adopted Date: December 16, 2020

**I. BY THE COMMISSION**

**A. Statement**

1. On November 10, 2020, Farmers Telecommunications, Inc., filed a petition stating its Declaration of Intent to Serve Within the Territory of a Rural Telecommunications Provider (Petition) pursuant to Rules 2003(a)(III) and 2107 of the Rules Regulating Telecommunications Services and Providers of Telecommunications Services, 4 *Code of Colorado Regulations* (CCR) 723-2.

2. Farmers Telecommunications, Inc. (Farmers or Company) intends to offer the provision of interconnected Voice over Internet Protocol (VoIP). Farmers will need local trunks to interconnect with the local exchange provider's TDM Network. Farmers will not be providing TDM service to retail customers.

3. The services to be provided are identified by Farmers as located in the serving territories of CenturyTel of Eagle and Qwest Corporation, with the intention to provide these services in the Dolores, Dove Creek, and Mancos exchanges.

4. On November 12, 2020 a notice of the petition was provided to all persons, firms, or corporations, interested in or affected by the grant or denial of the requested relief. Interventions were due on or before December 14, 2020. Farmers has represented in its Petition that it has

directly notified CenturyTel of Eagle and Qwest Corporation, the rural incumbent affected, by first class mail, of its Declaration of Intent to Serve. This is a requirement to Rule 2107.

5. No petition to intervene or notice of intervention has been filed, and thus the Petition is uncontested. Accordingly, the Petition will be determined without a formal hearing in accordance with § 40-6-109(5), C.R.S., and Rule 1403 of the Rules of Practice and Procedure, 4 CCR 723-1.

## **B. Discussion**

6. The service territory of CenturyTel of Eagle, Inc. is currently open to competitive providers and competition. The service territory of CenturyTel of Eagle, Inc. is also subject to competition as demonstrated with interconnection agreements (including Proceeding Nos. 03T-066 Verizon; 05T-251 Colorado & Global; and 08T-087 Zippy Tech).

7. Qwest Corporation is an incumbent non-rural provider that provides services in some rural exchanges, as such no specific additional approval is required to enter into its service territory. Farmers' request in this petition includes entry into the Mancos exchange a Qwest Corporation service territory.

8. Farmers was granted a Certificate of Public Convenience and Necessity (CPCN) to provide local exchange telecommunications by Decision No. C10-0332, in Proceeding No. 10A-098T, mailed April 12, 2010.

9. In 2014, the General Assembly passed telecom deregulation legislation that reclassified many services into Part 4 of Title 40, Article, 15. *See* § 40-15-401, C.R.S. Subject to certain exceptions, including those for basic service as provided in § 40-15-401(1)(b), C.R.S., products, services, and providers listed in § 40-15-401, C.R.S. (Part 4), "are exempt from regulation under this article or under the 'Public Utilities Law' of the state of Colorado." § 40-15-401(1), C.R.S. Section 402 also emphasizes the deregulatory status of services listed in

section 401, by stating: “Nothing in articles 1 to 7 of this title [40] or parts 2 and 3 of this article [15] shall apply to deregulated services and products pursuant to this part 4.” § 40-15-402(1), C.R.S.

10. We acknowledge that Farmers’ services are no longer regulated under Part 2 of § 40-15-201, C.R.S., but Farmers is requesting approval of its intent to serve pursuant to Rule 2107 adopted September 1, 2017. The Commission, by this Decision, is not asserting jurisdiction over Farmers’ services.

11. The Commission updated its existing telecommunications rules to be consistent with the 2014 Telecommunications Reform Legislation. *See* Proceeding No. 16R-0453T. The 2014 Telecommunications Reform Legislation made changes that no longer require Commission authorization (a CPCN) to offer deregulated local exchange service.

12. The Federal Telephone Numbering Administrator that assigns the thousand block pooling of numbers to providers, requires that the Company provide state commission approval as part of its required documentation to obtain telephone numbers to offer competitive services in rural areas. Farmers requires the NPA-NXX-x blocks in each of the rate centers listed above in order to provide its standard VoIP product offerings. The Commission will consider Farmers’ Petition, but affirms that it does not assert any jurisdiction over deregulated services of local exchange services. The Company intends to provide these services in the Dolores, Dove Creek and Mancos exchanges.

13. We find that granting Farmers’ Petition to provide competitive services in the requested rural exchanges is consistent with the legislative policy statements contained in §§ 40-15-101, 40-15-501, and 40-15-502, C.R.S., the Telecommunications Act of 1996, 47 U.S.C. § 251, and with the public interest.

**II. ORDER**

**A. The Commission Orders That:**

1. The Petition filed by Farmers Communications, LLC (Farmers) on November 12, 2020 stating its Declaration of Intent to Serve Within the Territory of a Rural Telecommunications Provider to serve in the Dolores and Dove Creek exchanges is granted. Notwithstanding the granting of the Petition, the Commission is not exerting jurisdiction over Farmers’ services. Additional Commission authority to provide services in the Mancos exchange is not necessary as it is served by Qwest Corporation, a non-rural provider.

2. The 20-day time period provided by § 40-6-114, C.R.S., to file an application for rehearing, reargument, or reconsideration shall begin on the first day after the effective date of this Decision.

3. This Decision is effective on its Mailed Date.

**B. ADOPTED IN COMMISSIONERS’ WEEKLY MEETING  
December 16, 2020.**
