Errata mailed July 28, 2014

Original Decision No. R14-0885 mailed July 25, 2014

1. The second to last sentence on page 24, paragraph 82, of the Recommended

Decision reads:

“Assuming those costs are at least \$45,000 (current average maintenance expenses), this rough comparison shows that the Greeley Building Project will produce a net incremental cost increase” [sentence continued to next page].

The phrase “Assuming those costs are at least \$45,000 (current average maintenance expenses),” was included in error and should be deleted. The sentence should instead start:

“This rough comparison shows that the Greeley Building Project will produce a net incremental cost increase” [sentence continued to next page].
