

Decision No. C07-0010

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF COLORADO

DOCKET NO. 01M-250E

IN THE MATTER OF CONSIDERATION OF CHANGES IN INTEGRATED RESOURCE
PLANNING REQUIREMENTS FOR JURISDICTIONAL ELECTRIC UTILITIES.

ORDER CLOSING DOCKET

Mailed Date: January 3, 2007
Adopted Date: January 3, 2007

I. BY THE COMMISSION

A. Statement

1. This matter comes before the Commission upon its own motion to consider closing Docket No. 01M-250E. This docket was opened to solicit comments concerning the Commission's Integrated Resource Planning rules from interested parties.

2. Subsequently, Commission rules were established to determine and plan for the need for additional capacity by electric utilities through a process called Least Cost Planning (4 *Code of Colorado Regulations* (CCR) 723-3-3600 through 3615). These rules created a new methodology that supplants the one developed in Docket No. 01M-250E. No material has been filed with the Commission in Docket No. 01M-250E since 2001.

3. The electric planning process methodology in Docket 01M-250E has been replaced by 4 CCR 723-3-3600 through 3615. Therefore, we find no party will be prejudiced by closing this docket.

II. ORDER

A. The Commission Orders That:

1. Docket 01M-250E is closed.
2. This Order is effective upon its Mailed Date.

**B. ADOPTED IN COMMISSIONERS' WEEKLY MEETING
January 3, 2007.**
