IN THE MATTER OF THE APPLICATION OF PUBLIC SERVICE COMPANY OF COLORADO FOR AN ORDER GRANTING TO IT A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY (CPCN) TO EXERCISE FRANCHISE RIGHTS IN THE TOWN OF LOG LANE VILLAGE, COLORADO.

**COMMISSION DECISION DEEMING APPLICATION
COMPLETE AND GRANTING APPLICATION**

Issued Date: March 5, 2025
Adopted Date: February 26, 2025

I. BY THE COMMISSION

A. Statement

1. This matter comes before the Commission for consideration of an Application filed by Public Service Company of Colorado (“Public Service”) on January 22, 2025, for a Certificate of Public Convenience and Necessity (“CPCN”) to exercise franchise rights in the Town of Log Lane Village, Morgan County, in the State of Colorado (“Log Lane Village” or the “Town”).

2. The Commission provided notice of this Application on January 24, 2025, to all interested persons, firms, and corporations. No petition to intervene or notice of intervention has been filed, and thus the Application is uncontested. As such, the Application will be determined without a formal hearing in accordance with § 40-6-109(5), C.R.S., and Rule 1403, 4 *Code of Colorado Regulations* (“CCR”) 723-1 of the Commission’s Rules of Practice and Procedure.

B. Findings and Conclusions

3. Public Service is engaged in, *inter alia*, the transmission, purchase, distribution, and sale of electric and natural gas service in its certificated areas in the State of Colorado. The Town is located within such certificated areas.

4. Public Service requests the Commission issue a Decision granting it a CPCN to exercise franchise rights in Log Lane Village. Pursuant to Ordinance No. 2024-06, adopted September 5, 2024, the Town granted Public Service a 20-year franchise to provide electric and natural gas service within Log Lane Village, taking effect January 12, 2025, and expiring on January 11, 2045.

5. On an unknown date, Palisade passed and adopted an Ordinance granting Public Service a franchise to provide electric and natural gas service within Palisade. On January 7, 1957, the Commission, in Decision No. 47070, Application 14723, granted Public Service a CPCN to exercise franchise rights in the Town.

6. On July 8, 1981, Log Lane Village passed and adopted Ordinance No. 2-81, granting Public Service a franchise to provide electric and natural gas service within Palisade. The Decision No. and Proceeding No. are unknown. On January 10, 1990, Log Lane Village passed and adopted Ordinance No. 5-89 which increased the franchise fee. On September 12, 2001, Log Lane Village passed and adopted Ordinance No. 6-01 which extended the franchise agreement. On December 24, 2001, the Commission, in Decision No. C01-1268, Proceeding No. 01A-526F, granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 6-01.

7. On January 12, 2005, Log Lane Village passed and adopted Ordinance 5-04, granting Public Service a franchise to provide electric and natural gas service within Log Lane Village. On June 24, 2005, the Commission, in Decision No. C05-0800, Proceeding 05A-162FEG,

granted Public Service a CPCN to exercise franchise rights as described in Ordinance No. 5-04. This Decision was amended by Decisions No. C05-1981 and C05-1162.

8. A utility wishing to exercise any franchise agreement or privileges entered into with a municipality must obtain a CPCN from the Commission pursuant to § 40-5-102, C.R.S. When the municipality and utility enter into a franchise agreement, that agreement must be submitted to the Commission for approval.¹ Such applications allow the Commission to review franchise agreements to ensure that the terms are reasonable and in the public interest.

9. The Commission understands the utility and the municipality may want to revise the terms established in a franchise agreement at some point in the future, and that existing franchise agreements have scheduled expiration dates. Upon negotiation of a new or amended franchise agreement, the utility shall return to the Commission in a timely manner to obtain authorization to implement the provisions of the new franchise agreement. In the event that this franchise is not renewed at the expiration of its term or is terminated for any reason, the Company is directed to notify the Commission in a timely manner.

10. According to the franchise agreement presented in this Application, as consideration for the franchise rights granted and in recognition of Public Service's right to use the Town streets, the Town requires Public Service to collect and remit to the Town a franchise fee of 3 percent derived from the sale, distribution or transportation of electricity and gas for all customers, excluding revenues received from the Town for the sale of electric and natural gas service to the Town.

11. No other utility is authorized to provide electric and natural gas utility service within the areas for which Public Service seeks a certificate in this Application.

¹ See § 40-5-102, C.R.S.

12. We find the franchise is required by public convenience and necessity and the terms of the franchise agreement are just, reasonable, and in the public interest. However, in the event that issues of revenue requirement, cost allocation, and rate design are implicated by any provision of the franchise agreement, those issues will be analyzed in an appropriate Commission proceeding. Approval of the franchise agreement does not constitute approval of, or precedent regarding any principle or issue in revenue requirement, cost allocation, or rate design in any natural gas adjustment, refund, or rate case proceedings.

13. Public Service has provided electric and gas service in the Town since 1957, subject to relevant franchise agreements. Because the areas encompassed by the above-referenced franchises are currently served by Public Service, the Company is not required to provide a feasibility study for each area as set forth in Rule 3100(b)(VI) of the Rules Regulating Electric Utilities, 4 CCR 723-3, and Rule 4100(b)(VI), 4 CCR 723-4 of the Rules Regulating Gas Utilities.

14. We find that Public Service has the financial ability and is qualified and competent to conduct the utility operations sought under its application.

15. Public Service's electric and natural gas service tariffs, currently on file with the Commission, will be used for service under this Application.

16. Providing uninterrupted service to the residents of Log Lane Village is in the public interest. Therefore, the Commission finds that the Application is in the public interest and should be granted.
